Time for Friends

Page 2: a. Participation in sports is a great way for friendships to grow. During a Powder Puff game Sherri Lee and Vickie Leiter go over their game strategy. b. I'm so enthused! Wow! At a soccer game a group of girls show their enthusiasm (?) while watching. c. Randi Roswell and Mitzi Zimmer share a walkman as they "jam" along. d. "Bring out the boys!" Diana Browder, Jenny Trey, Amanda Sims, Carol Browder, and Susan Trupp go crazy showing their spirit during a football game. e. The best thing about friendship is doing things together. Stacey Brewer and Beth Detert show that it's all worthwhile.

Page 3: a. Are those the Rocketts? No, it's the Freshman and Sophomore drill team entertaining the crowd during half-time at the Powder Puff game. b. How can you resist cheering with these friendly "girls?" They helped get the crowd aroused during the Powder Puff game. c. A few soft moments, dancing together, is always special. To Mike Baudendistel and Beth sellers it's even better being Homecoming King and Queen. d. "You're a mega-awesome dude," says Tom Wilkin. Fellow sophomore David Teshka hangs on to Tom after school at the bell tower.

Taking time for friends is important to us. Time to share, care, cry, and laugh. As long as we have friends, we will have a reason for living and celebrating.

When we return to school each year, the biggest reason for wanting to come back is to be with our pals once again. Friends make the pressures of

school bearable. Whether it be going to a game on Friday night, eating lunch together, walking around before school, or just talking about anything; our friends make these, the best years of our lives. Who else knows what you're thinking about without even asking, is there when you need comforting, is there when you

need to tell someone something important, or just offers a kind word when you're down? These special people celebrate with us when we get an "A" on a big test and boost our spirits after we "bombed" that essay we worked on so hard. Sure, sometimes we fight or don't agree, but we soon make up and start off hand in hand again. Our buddies see the good in us and like us for what we are, and that is why taking time for them is so very important to us. Buddy, pal, companion, mate, comrade, sidekick, partner, chum, or what have you — we can't get along without them!

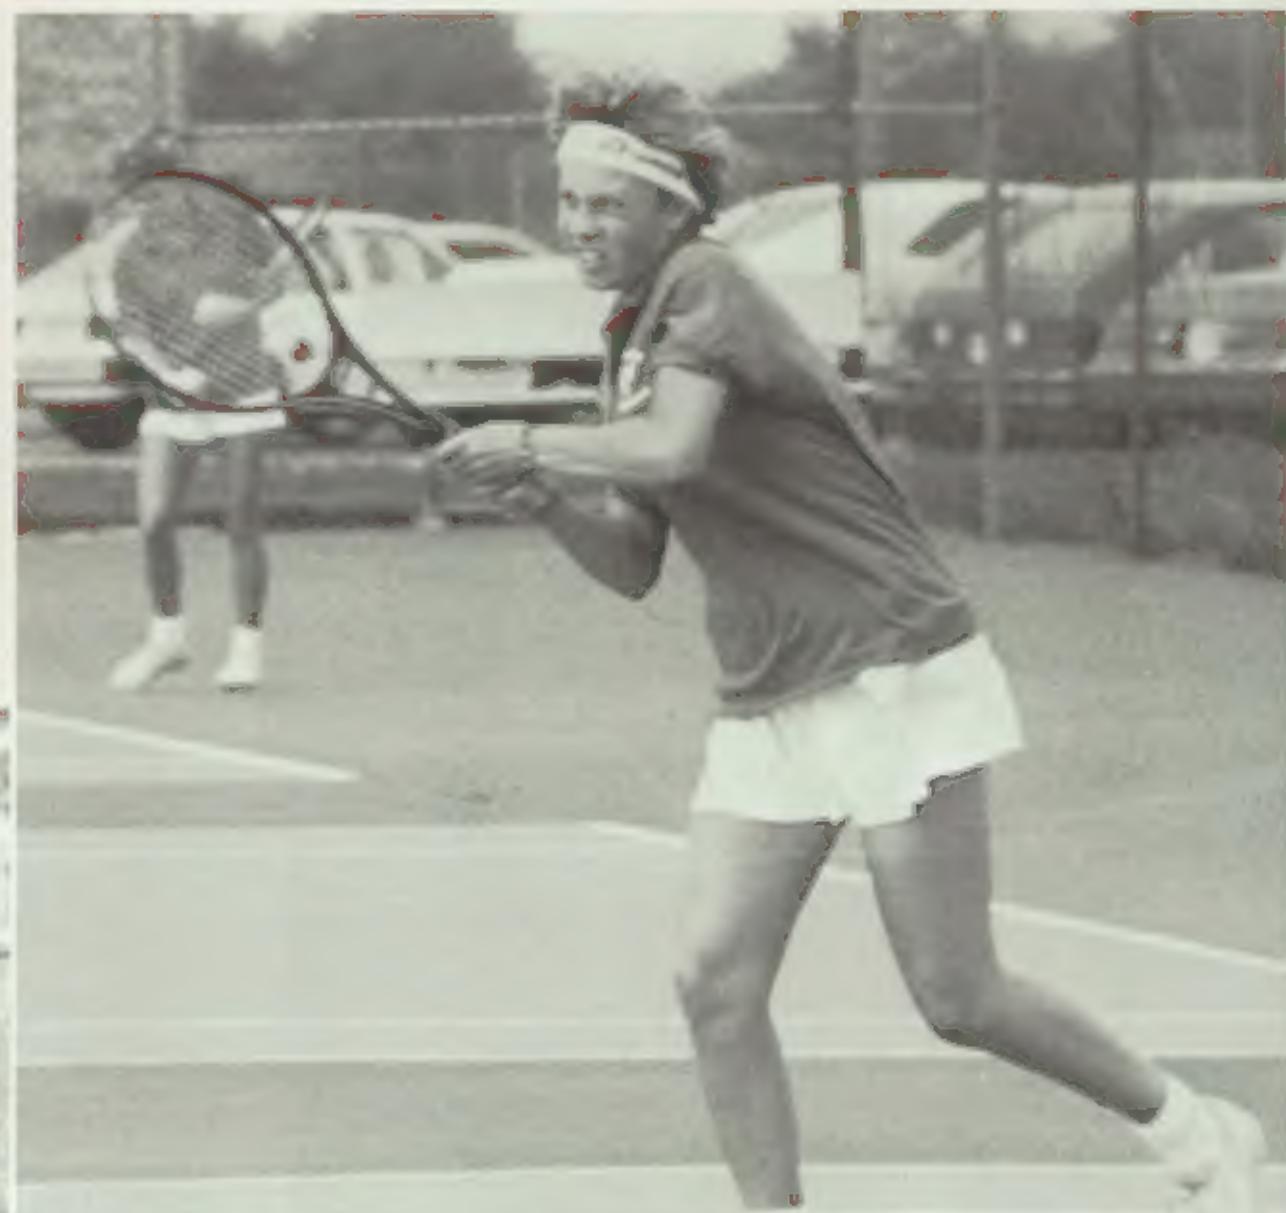

Taking time for sports is important to us. Time to unite, celebrate, dream, and hope. Mike Baunendistel throws a last chance bomb and comes up with six points by connecting with Kevin Mader. Todd Thomas takes the initiative with two seconds on the clock ... boom!, sinks it from nearly twenty feet out. Rochelle Scharff cracks a big one, brings two others home and aces a narrow win in the last inning. Each year the names are different, as well as the situations, but it's always due to hardwork and a little bit of good luck. It's the success of Tipp sports and the pride that goes with it, win or lose. There are sixteen sport teams at THS. These teams teach us to work together, to enjoy the roses of

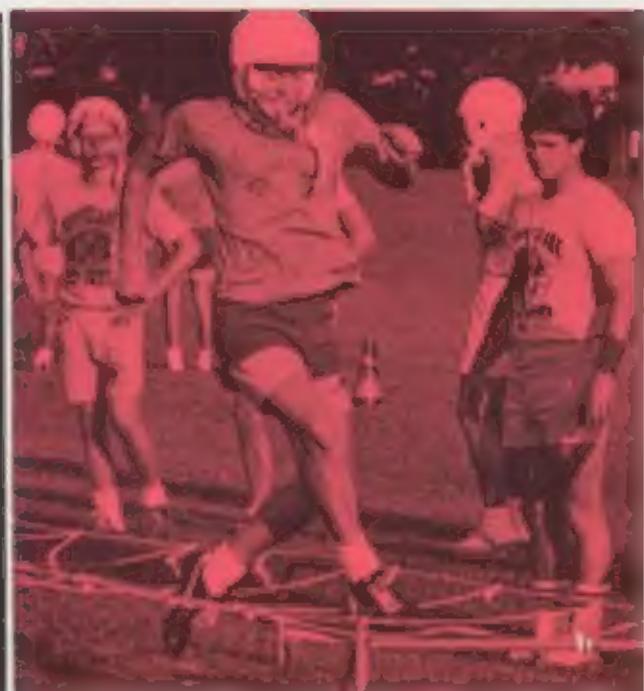

victory, to learn the lessons of defeat, and to set goals and dreams that are bigger than life. Sports give us the chance to make ourselves better people, to be with friends and to test our skills in competition. We make ourselves better by learning responsibility, self discipline, teamwork and

more. We have the opportunity to make new friendships and renew old ones. We can test our efforts and abilities against others, within the school and from other schools.

Sports are worth taking time. Time for sports is important to us.

Page 4: a. Junior Heather LeGros smashes a backhand swab. Heather played at the Varsity first singles spot. b. Sophomore Miles McKenna warms up at the Bob Schul Meet. Miles split time on both Varsity and Reserve. c. "Yea!" exclaims Assistant Coach Greg Chaney, as the Devils score a touchdown. Leading two of the Devil's strongest points, "Herb" coached the defensive backs and quarterbacks. d. Catch that "pedro beanie!" Matt Owen stalks down his Brookville opponent with his great speed.

Page 5: a. "Karl you're the greatest... I want to give you a hug." Jeff Moorman and Karl Peura sweat it out in mid-August two-a-day drills. b. Senior Daryl Bowling swivels through his agility drills under the careful eye of coach Tim Hopkins. Daryl played on and off at fullback but was most appreciated as a veteran corner. c. "Come on, try me... I dare you." Kelly Geisman puts some pressure on her Fairborn opponent for the undefeated Reserve Lady Devils. d. John Magness gains six for Tipp and guarantees a team victory, as he pins his opposer in the first period. John carried considerable weight on his shoulders, since he wrestled last each meet. Many times he was forced to make or break a meet. e. "Ruff, ruff," barks out Senior Bill Drewry. Lead around by Bud Heckman, Bill acted like a dog in show of spirit at the Tipp-Million volleyball game.

Time for Activities

Page 6: a. Every actor has to go through the hassle of wearing make-up for the stage. Jason Heil played the role of stage manager in the fall play "Our Town." b. "Yee-hah! I'm a down-home country girl!" laughs Trisha Fields on Western Day of Spirit Week. The fall spirit week was the week of Homecoming. c. Marching with perfect carriage is junior trumpet player, Sean Brady. The band paraded down Main Street the night of the Homecoming game. d. "I know how to twist-n-shout; watch me boogie." Mark Fitzharris shakes up the dance floor at the Homecoming Dance. e. Senior Bud Heckman does his duty as a varsity football player by lighting the bonfire. The bonfire was on Thursday night, followed by the movie "Ferris Bueller's Day Off." f. Activities give friends the chance to get together. Toby Seurdieck, Brian Moran, Lane McVity, and Shane Miller take a break from cheering at a game to pose for a picture.

Page 7: a. Junior attendant Mandy Martino and her escort Scott Gardner enjoy the chance to dance together. Homecoming is one activity that mixes friends, fun, and fantasy. b. "I'll give you extra milk 'cause the weddin' today ma'am." Tim Reiger played the friendly milkman in "Our Town." c. All cheerleaders participated in the Homecoming game. Tracy Consani and Jana Jahnavitz take a break from the game during the halftime show. d. Red Devil Jackie Gostomsky gets hot in her costume, especially at the bonfire. Jackie travelled with the football cheerleaders to all home and away football games.

Taking time for activities is important to us. Activities surround Tippecanoe High School, everywhere you look there is one group or another doing something.

Sporting events such as soccer, football, wrestling, basketball, and track fill the weekdays as well as the weekends. Organizations always have

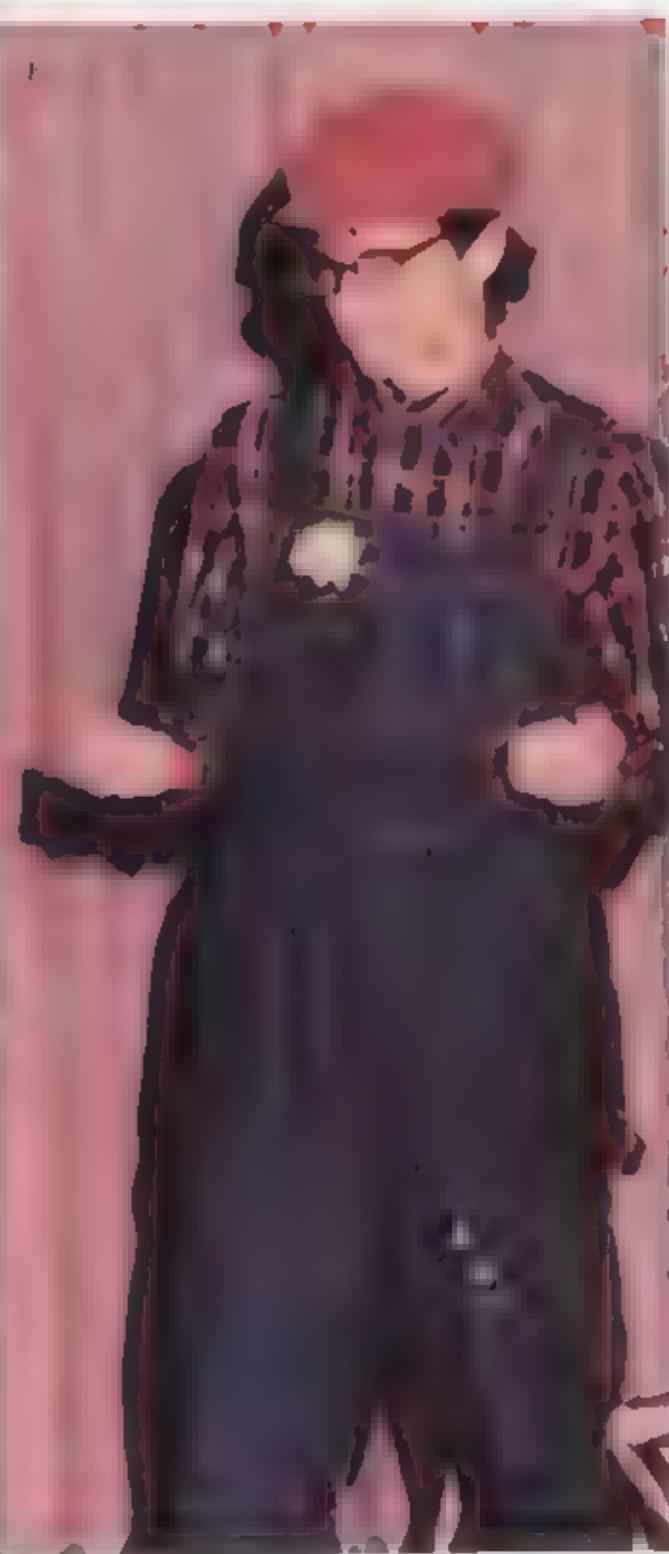

something to do. Drama club has the play, groups like Astra and NHS perform community works while the Birchbark publishes the school paper.

With so many sport activities and clubs, there is a place for everyone at Tipp. If a student doesn't happen to like group activities, there are special events during the year

in which the entire student body becomes involved. Events like this are Spirit Week, Homecoming, dances, Prom, pep assemblies and Spring Fling.

Activities give us a chance to be with friends, and the chance to make new ones. By taking part in the many activities around the high school, the year goes by faster and we have more fun.

Without activities school would be just that, school. Activities give students a diversion from the hassles and pressures of classes and homework. That's why taking time for activities is important to us.

Taking time for classes is important to us. Classes are the very reason we are at Tippecanoe High School.

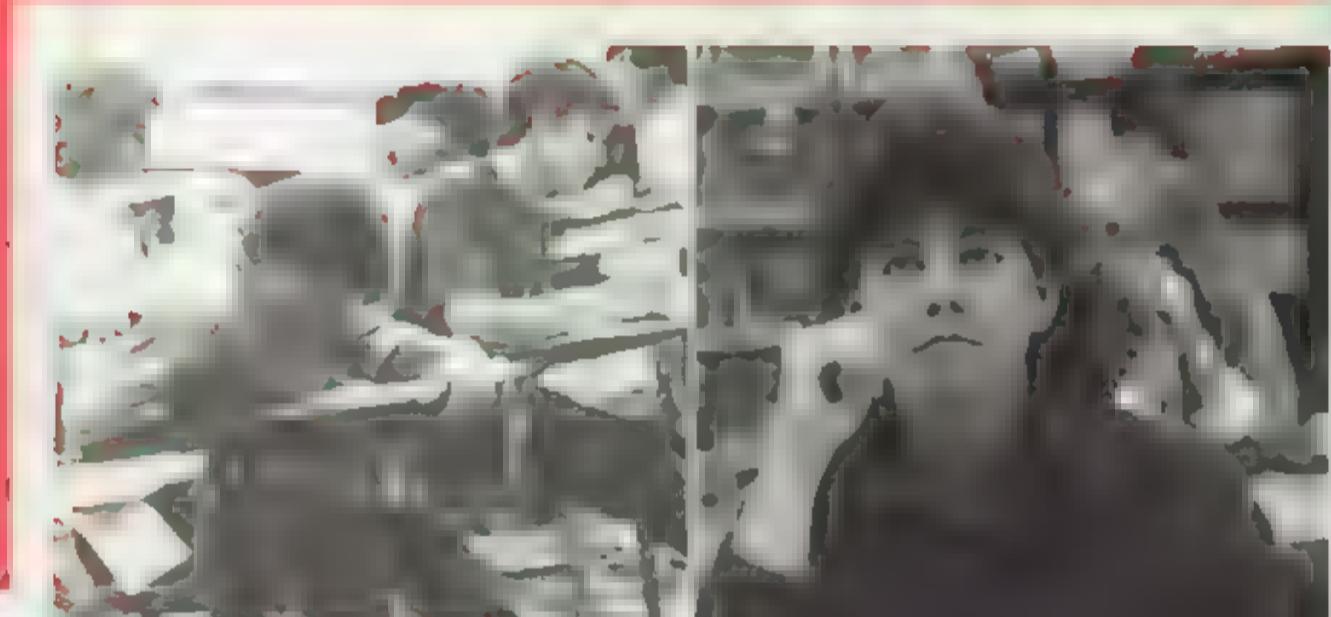

Students may not like classes, but they are a necessary evil. Courses such as Biology, English, Calculus, and History are classes that are needed to graduate. However, there are fun classes as well. Some of these are Home Economics, Shop class, Jazz class, and speech class. There are also the classes that teach students something that will help them in their career. Production classes are excellent examples of these types of classes. Band and choir also prepare students for a career in music.

By being in classes we get to be with our friends. They help

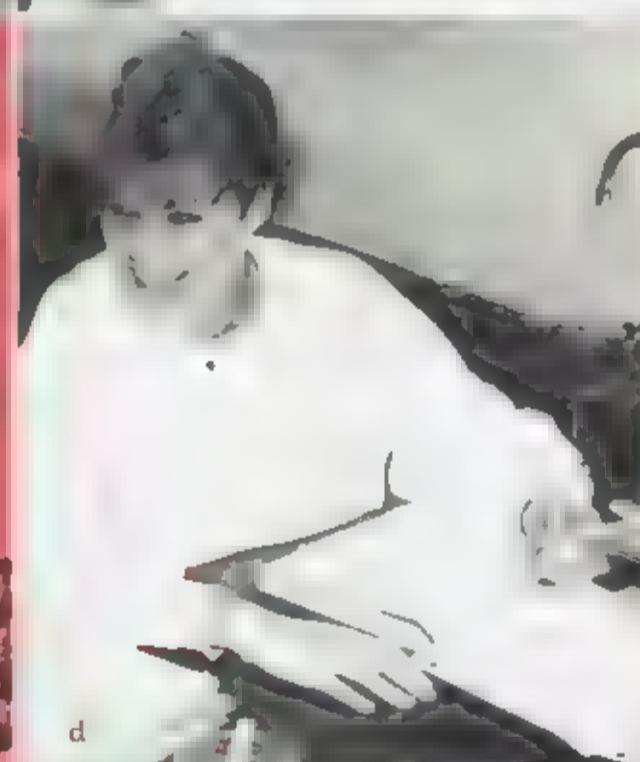

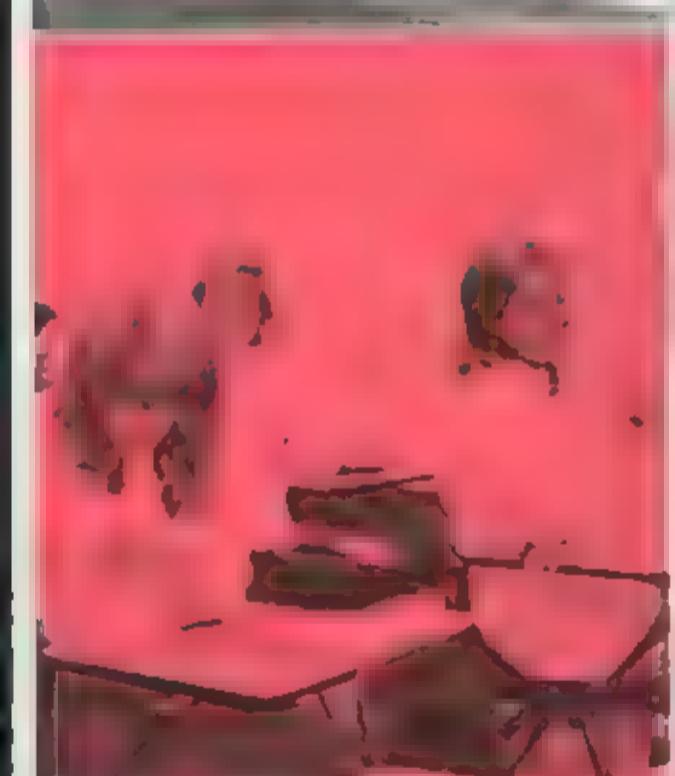

to deter the boredom of certain classes and to make them fun. Classes don't always have to be lectures, they can also be eventful. Almost every class takes a field trip some time during the year. By taking these field trips, our knowledge is increased and we also get the chance to meet

new people.

Without classes we would not even have to come to school. That idea sounds good to some people, but without school we would never have the good times that make our teenage years so special. Classes are the reason behind school, that's why taking time for them is so important to us.

Senior band member, Holly Yeager, belts out the melody during the band's competition show. Marching band is an extra-curricular activity as well as a class. c. "Sixth period couldn't come too soon," thinks senior Melissa Otto. Seniors have the option of not taking a seventh period class and going home after sixth. d. Two heads are better than one when it comes to figuring out biology. Tony Gostomsky and Spenser Brown show their belief in this statement by working together to solve a lab problem.

Page 9: a. Teachers do more than just teach classes, they can be friends as well. Mr. Cochran takes time from a World History class to help C.J. Farley fix a broken tie. b. Students often have to work after school to finish in school work. Rochelle Border takes advantage of the time before a game to do homework. c. Classes don't have to be serious and boring, there's always time for a laugh or two. Heather Cantell, Kim Kinkley, Beth Detter, and the rest of their World History class share a joke at their teachers' expense. d. "Taking notes is boring but Chemistry isn't that bad after all" laughs senior Heidi Houston. Chemistry was taught by a new teacher this year Miss Kosa. e. Understanding integral calculus takes a lot of extra help and explanations. Senior Walt Newbauer accepts Mr. Werts' offer of help on a problem.

Tipp Comes ALIVE

The Mum Festival has a lot to offer people of all ages. It has floats, food, games, and music. The Mum festival doesn't just cover one day, it spans three days. The first day starts with the Run for the Mums. The parade starts with the Police Chief at 9:30 AM, and ends with the Tipp Band Invitational. This year's Mum

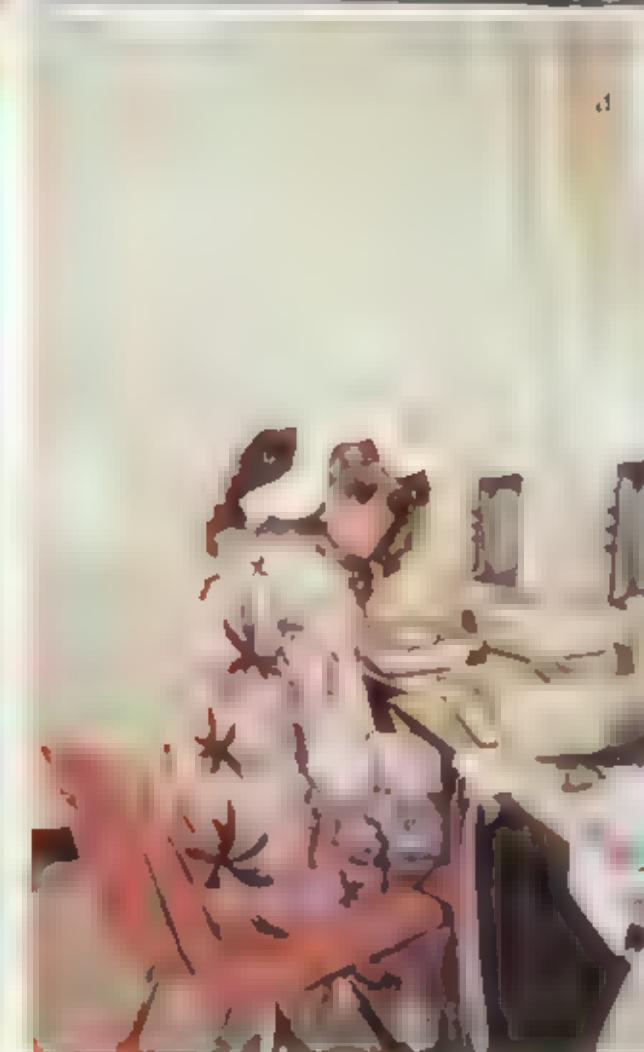

Queen was Mary Gray from Greenville. The evening band show consisted of bands from twenty-five cities. Newton High School came out on top by taking home the Grand Champion trophy.

Tipp's own Marlane Brockschmidt was a delegate in the Mum Queen pageant, placing fourth out of the fif-

teen contestants. All of Tipp City seems to come alive for the Mum Festival, with the city painting mums along the parade route. Most of the residents planted colorful mums in their yards. After attending the Mum Festival activities the phrase "It's always worth a trip to Tipp!" really has some meaning.

These sophomore girls show their school spirit by not only attending the game but by dressing western as well.

Spirit With A Twist

This year more than ever before, people got into the "twist" of spirit week. The theme of the week was twist and shout, and boy was it rockin'.

People started to twist on Monday being tacky tourists. The students represented different cities and countries from around the world through costumes. The school returned to the original days of twist and shout on Tuesday by dressing out for the 50's. It seemed as

Fonzie and Richie came to Tipp for a visit. On Wednesday, everyone donned their 10-gallon hats, overalls, and cowboy boots for Western day. The students did everything but have a hoe-down to show their spirit. Thursday brought a new look to the halls of the high school, backwards day! It took a lot of hard work and effort, not to mention brainstorming to produce the turnabout outfits. Friday was the traditional red and

white day the symbolized spirit at its height.

The colors of the day carried on into the night at the football game where the Red Devil played the Irish of Springfield Catholic Central. The student body cheered on the team by twisting their hardest and shouting their loudest while wearing red and white. Although the Devils lost the game, spirit week was a great success in raising school spirit.

Seniors Dominate With Experience

The second annual powder-puff football game was just as popular this year as it had been last year. It all started weeks before the game with Junior and Senior girls practicing after school and on weekends. Mr. Wray and Mr. Wildermuth coached the Seniors and some varsity football players coached the Junior girls.

Although it is Juniors vs. Seniors, the entire school gets into the game. The faculty helped out by being announcers, time keepers and referees. The freshman and sophomore class produced a drill team for everyone's

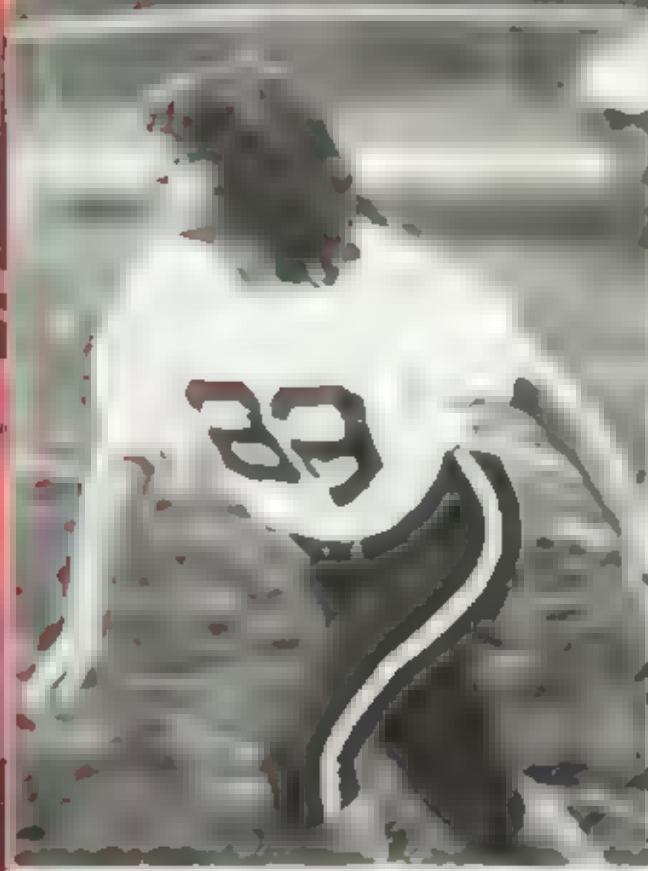

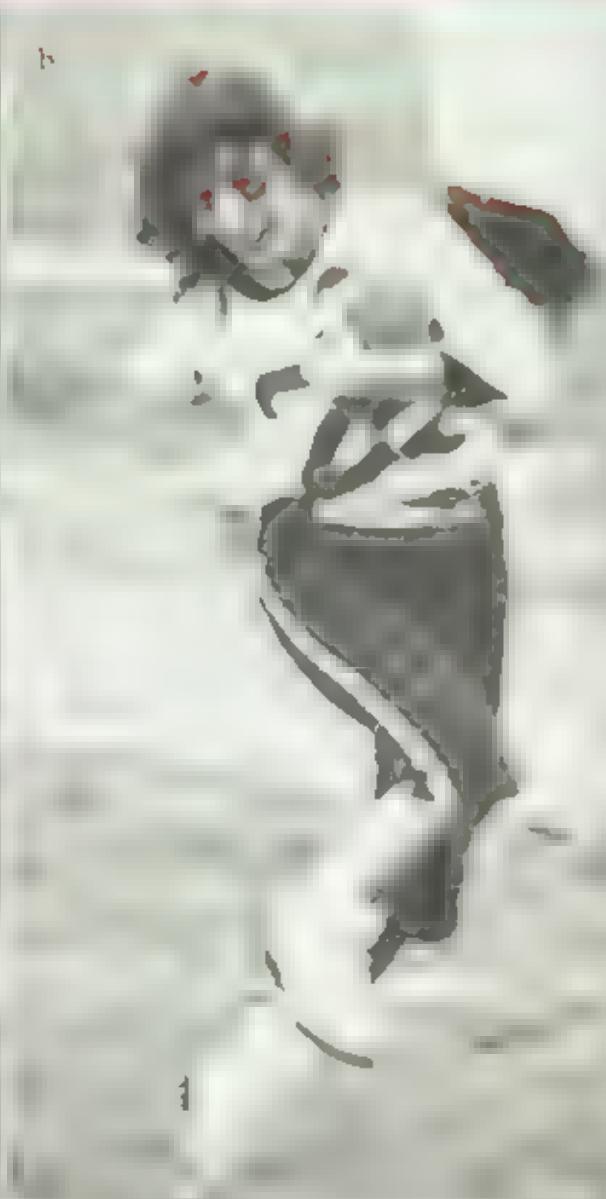

halftime enjoyment while the Junior and Senior class came up with cheerleading in uniforms, make-up and wigs.

The game started with the Senior team kicking off to the Junior team. The Junior class scored the first touchdown on a run by Terri Hatcher. However, the next twelve points belonged to the Seniors as their offense swept down the field, leaving the score 12-6 at the half.

The half time entertainment was provided by the drill team and the cheerleaders. While the cheerleaders

made their pyramids, the drill team flaunted their kicks.

After the teams took the field for the second half, the ball traveled back and forth between the two teams. The Juniors last hope of a tie score was dashed in the last thirty seconds of play when the Seniors intercepted a vital pass. At the final buzzer, the score remained 12-6, and the Seniors victorious. Another powder-puff game was over, but with its current success it promises to become a long standing tradition at THS.

Assemblies Make Year Fly

This year there were a variety of assemblies that kept the school year going at a faster and more interesting pace.

One of the first performers was a guest of the Muse Machine Ms. Sheila Ramsey. Ms. Ramsey shared the significance of black pride. Another enjoyable form of entertainment was the singing group that THS invites every year

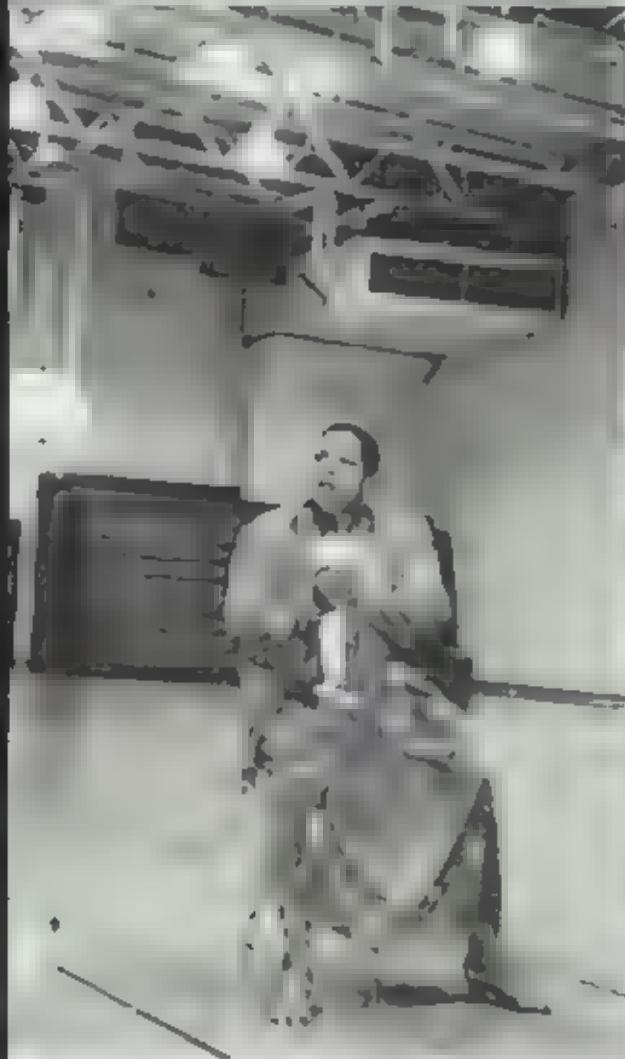

the group life

Most important in the line of entertaining assemblies this year was the talent show. This assembly had been terminated in the past due to the lack of interest and enthusiasm. However, this year the talent show was brought back due to student encouragement. With all of the talent at THS it proved to be the best assembly of the

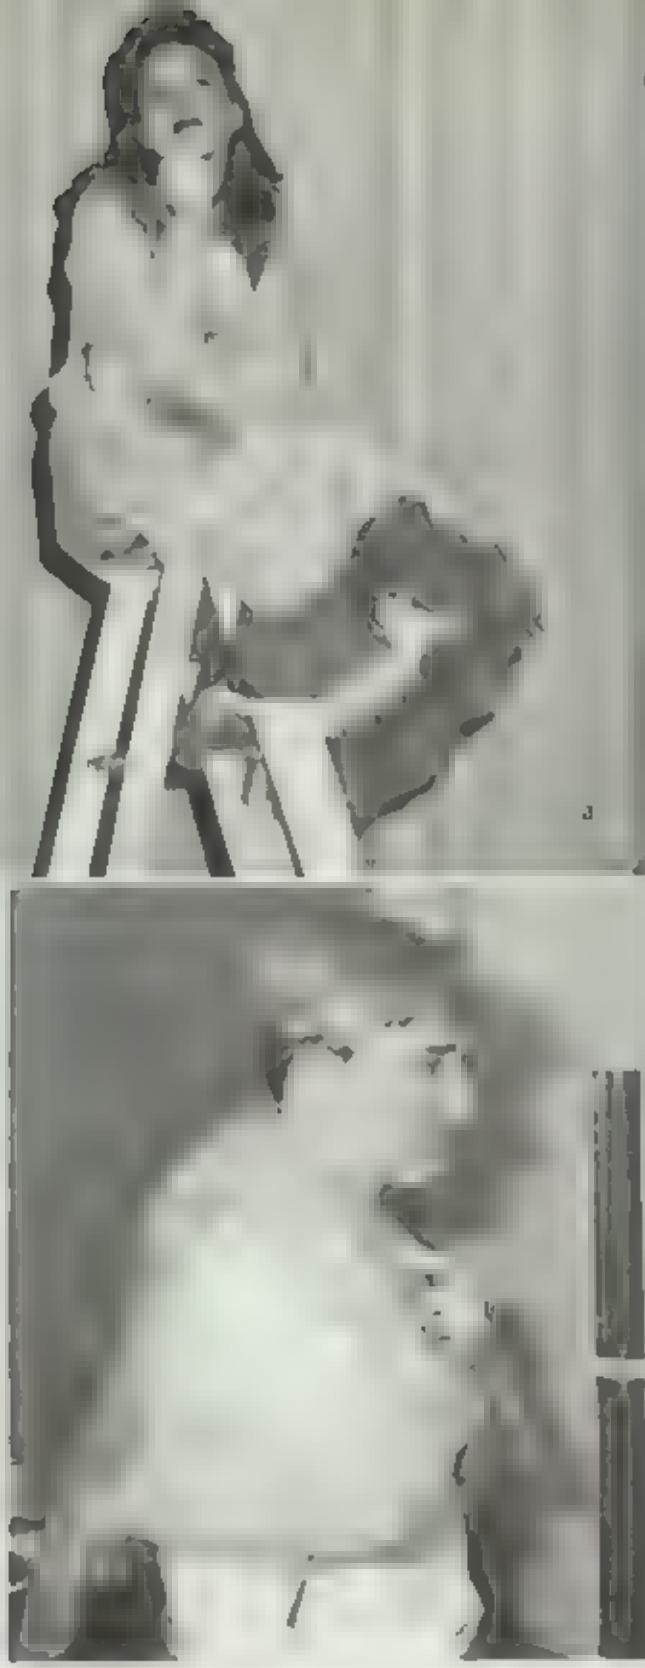

year. For the students that perform for their peers possess the true talents of THS. Congratulations to those that carried through with their talents and made the talent show a success.

Assemblies make up a large part of student life. With continued enthusiasm, there will be more assemblies in the years to come.

Experimental Play Is Successful

One of the biggest events of the fall season is the play. In past years, the fall play has often been a comedy. However, this year the THS drama club chose to perform an American classic, "Our Town".

Written by Thornton Wilder, "Our Town" was a production in experimental theatre.

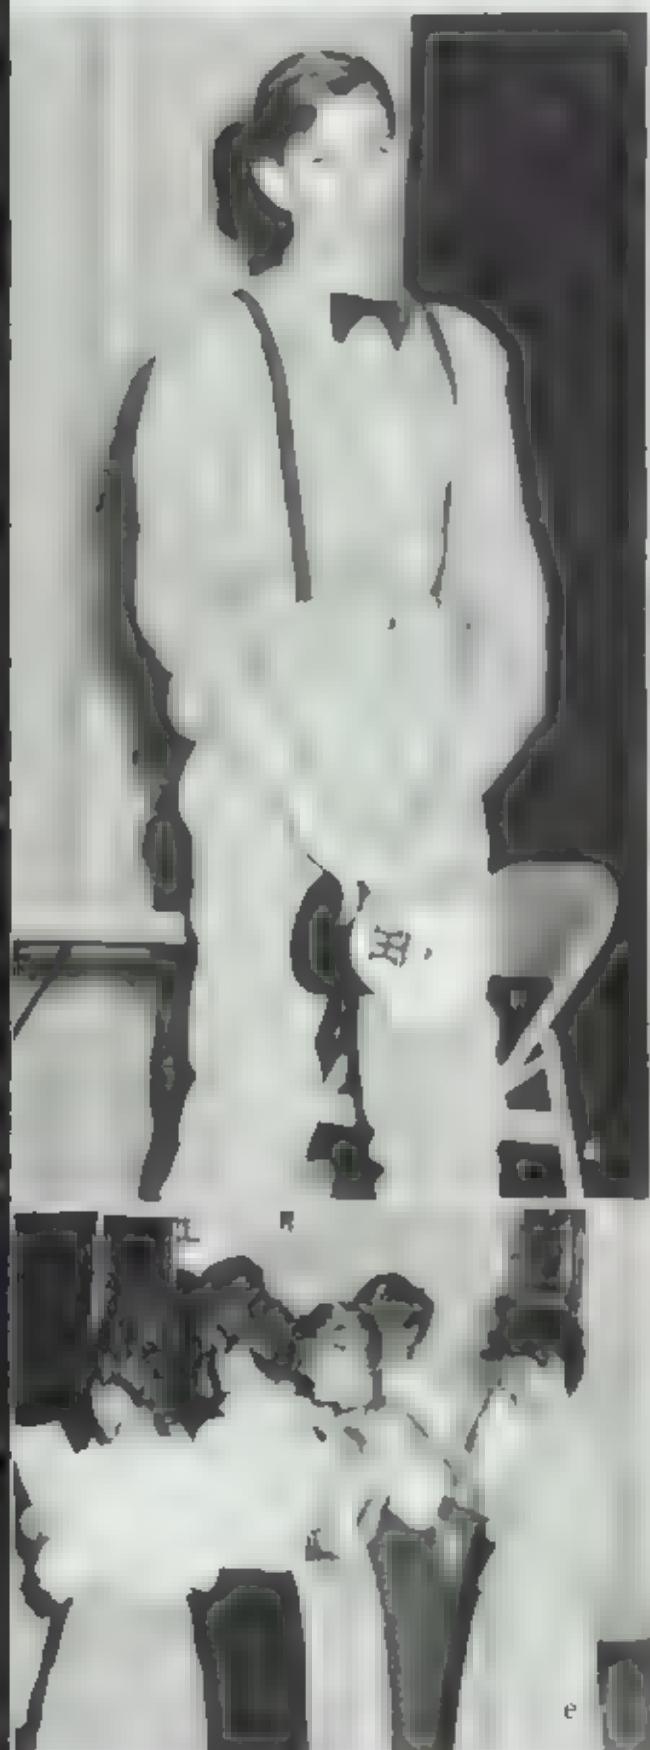

In the first act, the stage manager or narrator Jason Heil, gave the history of Grover's Corners and the character of some of the townspeople. The audience met the two principal families in the story, the Webbs and the Gibbs.

Act two featured the blossoming love between George Gibbs and Emily Webb, played by Steve Reineke and Tammy Biser respectively. During the scene, all of the emotions of love and sorrow, anticipation and despair were played out before the act ended with the wedding of George and Emily.

Act three opens with a view of the cemetery on the hill that overlooks Grover's Corners. Many of the townspeople that were met earlier now rest there. Among them are Mrs. Gibbs, Simon Stimson, and Mrs. Soames.

A funeral procession brings Emily to her grave where she learns a harsh lesson. Not only does she learn the lesson of death, but she also learns that she cannot renew the past and that living human beings know very little of true happiness.

The experimental drama was pulled off with the help of the director, Mrs. Rose Lipka and the student director, Tim McAdams. These directors and many production members helped to make this play the stupendous success that it was.

Dolls Get Their Guys in Musical

April 10 and 11 saw Tipp Central's auditorium transformed into the New York of the 1940's. The play was *Guys and Dolls* and the majority of the characters were get-rich-quick gamblers who do everything from throwing craps to picking horses in order to make a dollar.

The action begins when the organizer of the floating crap game, Nathan Detroit, bets his friend Skye Masterson that he can't take Sarah Brown to Havana, Cuba. Despite the fact that Skye is a high-

living man of the world and Sarah is a prim and proper Salvation Army girl, the date is on.

To add to Nathan's troubles, he not only lost the bet, but his fiancee of fourteen years also. Adelaide, a night club entertainer, is sick and tired of crap games postponing their marriage. Especially since her mother thinks that they already have several children.

Down in Havana, Skye's problems reach a peak when an angry Sarah realizes that their date was

only a bet, and Skye finds himself in love with Sarah.

Later, back in New York, a sneezy, unhappy Adelaide and a sad, confused Sarah meet and share their frustrations with each other. They both decide to marry their men today and change them tomorrow. This is achieved in the final scene as newlyweds Sarah and Skye watch Brother Arvide marry Adelaide and Nathan. A typical happy ending as both dolls get their guys.

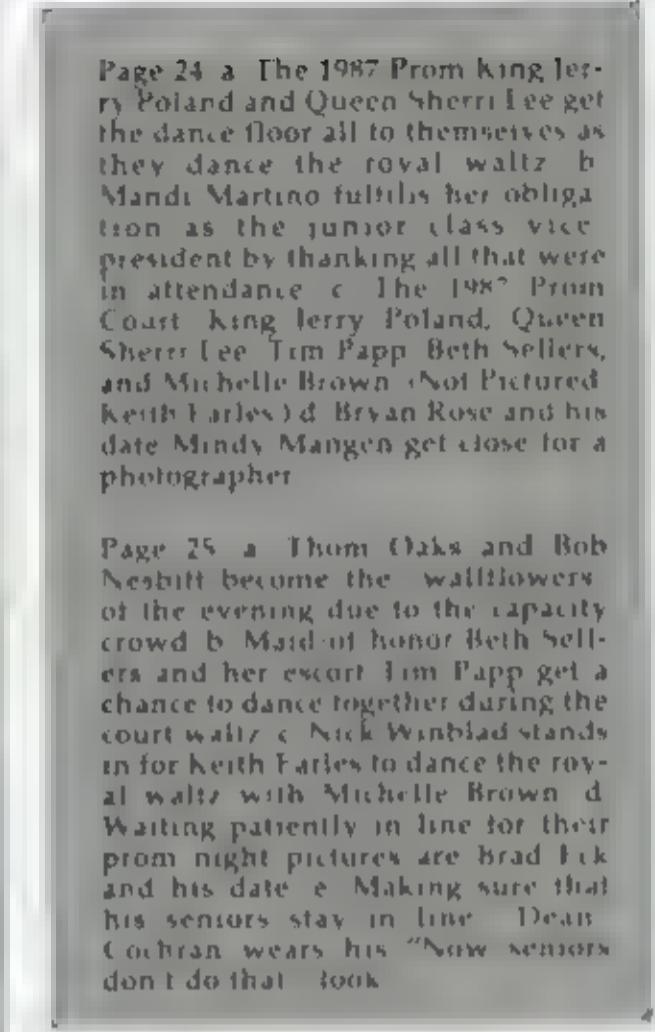

"We've Only Just Begun"

Plans for the 1987 Prom began in the summer of 1986. Junior class advisor, Mr. Collins, met with the class officers several times to look at possible sites where the magical evening could take place. After much discussion, Stouffers, in the Dayton Plaza, was decided as the place for the 1987 Prom.

In order to finance prom at such an elegant location, the junior class had their work cut out for them. This year the class did not have the traditional M&M sales. However, they made up for it by having several dances and selling T-shirts.

A theme of, "We've Only

Just Begun," was chosen for the formal occasion. This romantic theme came to life in the dreamy setting of Stouffers. Couples in attendance could cherish the memory of Prom '87 with the silver embossed brandy snifters and the memory books that were provided.

"We've Only Just Begun"

As the night of April 25 approached, thoughts of scented gowns with romantic ruffles and distinguished black and white tuxedos filled the minds of juniors and seniors. Their minds were wondering about who would be honored by being chosen to the royal court. Everyone's mind was put to rest at 10:30 p.m. April 25, when the Junior class vice-president Mandi Martino an-

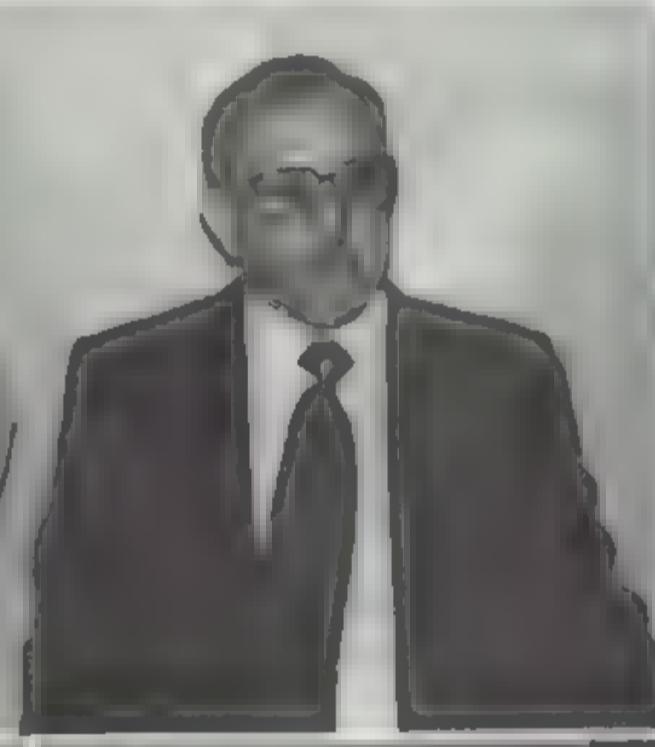

nounced the special individuals. The Prom Court for 1987 was, Senior attendant and her escort, Michelle Brown and Keith Earles; maid-of-honor and her escort, Beth Sellers and Tim Papp, and the Queen and her King, Sherri Lee and Jerry Poland.

Memories of the dance were not the only ones to be treasured. Preceding the dance

came dinner at places such as Neills, The King Cole, and The Marriott.

Prom didn't end after the dance for most couples. Many students went to movies, played putt-putt golf or went bowling.

The 1987 Prom of "We've Only Just Begun," will be remembered as one of the best proms ever.

Spring Fling Is Fun in the Sun

Students looked forward with glee to an afternoon of fun and games when the Student Senate announced plans for the Second Annual Spring Fling. The doings were to take place on the afternoon of May 12.

Summer like weather the week before encouraged a feeling among the students that the end of the school year was eminent. A break from the regular routine was appreciated.

Anticipation built up as students signed up by classes to participate in well known events such as the balloon toss, elephant relay race, jello slurp, egg-in-cup, and skin the snake.

May 12 arrived cool and cloudy, but spirits remained high. Students and teachers alike dressed for the occasion by wearing the latest in jams and tanks. Classes were shortened and by 12:40, Spring Fling

began.

Class rivalries accelerated as the events took place and winners were announced. The afternoon ended with the traditional tug-of-war. The final tally of the afternoon's events recorded the seniors as the victors once more over the underclassmen.

Students left the field tired, but happy after another fun in the sun Spring Fling.

"White Knights" Enchant THS

Even though Tipp experienced a disappointing loss to Springfield Catholic, it didn't ruin the weekend. Students still had the chance to recoup the loss at the homecoming dance held October 25. They did exactly just that. Decorated by the student council, the gym was transformed to a village from the Medieval Ages. Forests and houses allowed the evening to take on the look of

fantasy. Tables were decorated with cut outs of knights hand in hand with their fair maidens. On each knight and maiden appeared the name of the couple who were to be seated at that table. To welcome the "knights and maidens", a drawbridge was made and placed at the entrance of the village. To make the evening more memorable was the entertainment provided by

Johnny and the Brats. This was the first time Tippecanoe High School has had a live performing band at a Homecoming Dance... and was the evening ever a success! Filled with dancing, laughter, smiles, and love it was truly a beautiful "knight". Students took home memories and the anxious feelings for next years' homecoming dance.

Proud Effort Yields Disappointment

After a week's worth of anticipation the night of the Homecoming game finally arrived. All week long Student Senate sponsored Spirit Week. The week consisted of theme days such as tacky tummies, backwards dress up, western and red and white days. The week's activities helped to raise the school spirit and to prepare everyone for the big night.

The evening began with the traditional parade down to the park. The parade consisted of the marching band from high school as well as the middle schools, the homecoming court, floats and the float. The float design being in the form of a

castle reflected the medieval theme of "White Knights", as did the atmosphere of the festivities.

As soon as the parade arrived at the field which had been decorated by Student Senate for the occasion, the pre-game ceremonies began. The court was introduced and presented to the crowd. The ceremonies ended with the traditional Homecoming kiss given by King Mike Baudendistel to Queen Beth Sellers.

After opening kickoff the Devils took an early lead by scoring on a sixty yard pass to Tim Papp. The Irish of Springfield Catholic Central seemed to dominate the

game until the fourth quarter, when they had a 20-12 lead. The nearly all senior squad completed a touchdown, to bring the score to 20-18. Upon recovering their own kickoff Tipp stormed inside their opponents 20 yard line before having the drive stalled due to a loss of yardage. The final score: 20-18, and the victory belonged to the Fighting Irish. Even though the Devils lost the game, the students were proud of the effort that they put forth. The game did not dishearten the Red Devils for the next night students planned to 'dance the night away' in medieval England.

After a disappointing 6-9 season in 1985, the Lady Devil Volleyball team turned itself around and finished 12-9 for the 1986 season. The turn around was made possible by the dedication and effort that the Lady Devils put into their season.

The season was full of ups and downs. The girls played tough all season but lost some heart-breakers. The excitement built up as the team neared the last game with West Milton. Both teams

were undefeated in the league and were playing for the SRC title. After a disappointing defeat, the girls finished second in the league.

The girls had high hopes going into the sectional tournament and beat Eaton 15-12, 15-10. The next round the girls suffered a 15-6, 9-15, 8-15 defeat by Arcanum to end their season.

Several players were honored for their outstanding performances throughout the year.

Sharon Davis and Lisa Eustache received All-League Honorable Mention, Leanne Eustache received Second Team All-League. Michelle Eustache led the team in honors by receiving First Team All-League. Michelle was also named All-District all star team along with Sharon Davis and Amanda Seybold.

The season was best summed up by a remark by one of the Lady Devils, "... definitely a year to be remembered."

Season Record

17-2

Both the 1986 reserve football and reserve volleyball teams had excellent seasons. Between the two they had twenty-three victories and only three losses.

The reserve football team finished 6-1. They were undefeated in league play, and their only loss was to AAA powerhouse Chaminade-Julienne. The JV's were led by outstanding play from Dake Vannorsdel, Kenny Brown, and Bill Berk. The whole team played hard all year in the games and on

the "Gringo-D" during practice. The culmination of their talents will be much appreciated at the Varsity level next year.

The JV volleyball squad dominated their opponents throughout the season, finishing 17-2 on the year. The team placed second at the Brookville reserve tournament losing to Northwestern 9-15, 8-15. After their only other loss of the season, a heartbreaker to West Milton, the girls maintained a tie for first in the SRC. Freshman Libby Parks,

reflecting on the season, said "at the beginning we were a group of individuals, but at the end we played as one."

The junior varsity players from both teams show great promise, possess tremendous talent, and will be a welcome addition to the Varsity in years to come.

The 1986 football team entered the fall season with high expectations, unfortunately the team fell short of their goals. The team was favored to win the league and was expected to finish with a nearly perfect record. The team failed to achieve these goals. However, they did tie for second in the S.R.C. and finished with a record of 5-5.

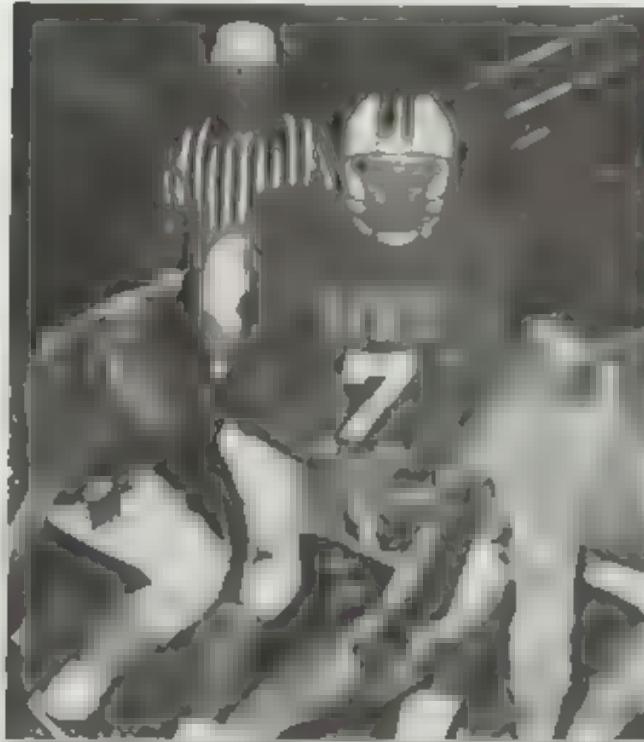

Although the team did not have their expected season, there were many exciting moments. There was not a boring game the entire season. The crowd was

constantly entertained by deep passes, spectacular catches, long runs, and a hard hitting defense. Many games were hard fought, and were not decided until the final buzzer.

The season, although somewhat disappointing, had several high points. The team completed three straight shutouts over Northeastern, Sidney Lehman, and Covington. The team concluded their season with a hard fought 32-24 victory over their archrivals, the Milton Union Bulldogs.

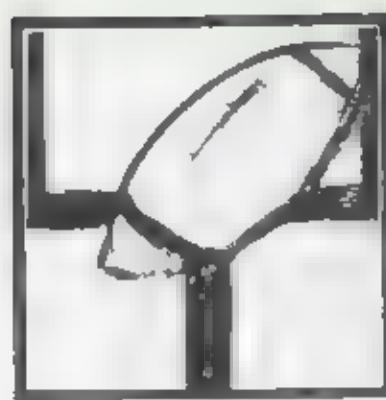

Six members received All-League honors. Jeff Moorman, Jaydee Blair, and Mike Baudendistel received All League Honorable Mention while Karl Peura, Chris Hellyer, and Kevin Mader received First Team All-League Honors. Kevin was also named Second Team All-Southwest District, and All-State Honorable Mention.

The season was best summed up by Mike Baudendistel when he said, "...we had some bad breaks, and it just didn't happen."

This year Tippecanoe High School had a new fall sport, this newcomer was girls soccer. Although the premiere got off to slow start, it finished with a successful season.

The girls started off the season by dropping their first two games to more experienced teams. After this tough start, the girls finally got their act together and beat Miami East 5-3 for their first victory.

With this first victory behind them, winning became easier until they finally evened their season with a 4-1 victory over Tri-County North. Entering tournament play, the team advanced to the second round at the expense of Miami East by defeating them 4-3. Their season was finally ended by a heartbreaking defeat to Wayne. Although the team did not finish with an outstanding record, the season

was a success. The team started out as a bunch of unexperienced, but hardworking girls, who set the foundation for a winning tradition.

The season was summed up by Coach Kay Berk's quote, "I'm very proud of the girls' skill and ability even despite the fact that some of the girls have never touched a soccer ball before."

In past years it has been well known that Tippecanoe High School has had a dominating soccer squad, as can be proved by their outstanding records and several league championships. The tradition forthset is a strong one. Although the team was young and lacking in seniors this year, it followed the tradition established by former teams.

The team finished with a 17-6-2 record and beat Milton-Union in a hard fought game to capture the league championship.

The team leader in scoring was

Jason Miller who had 16 goals followed by Matt Owen with 15. Joey Downing led the team in assists with 17 and was followed by Matt Owen with 15.

Many players received special recognition for their exceptional skills and their unremitting efforts. Brad Gross and Ryan Rogers received All-League honorable mention while Kevin Rogers, Matt Owen, Jason Miller and Joey Downing received first team All-League. Matt Owen and Jason Miller were also honored by being named All-Area

honorable mention, while Joey Downing's exceptional season bought him first team All-American honors.

The season is best summed up by Matt Owen's quote, "... being mostly juniors, it was a learning season for everybody; next year will be our year!"

The reserves followed the varsity's example and had an exceptional season. They finished with a 10-2-2 record. With hard work and effort this team will be the team of the future.

Through a difficult course, even Sherry (bottom) was typical at Gwinnett. It was a season and received no team All League honor. It may be because of the ready way that Wad was a coach. He was one of the nominees for Regatta, known as that that was with the upper receiving the most votes. In Year Award, a single vote Miles McKeown, Leslie, Greg, Cheyenne, Shaver, Miles, and the rest, many less than and far away from the rest, was 11-7 up to the County team by the end of the season. Regatta, Richard Knott, the single who has a back full of violence, but he one. As a two-year team, Regatta performed very well and with consistency. In Year, Leslie Judy plays through mud, and wet, as she tries to overcome a competitor, even though she took straight out and received the fastest award. Wad Neubauer, at 5'9" 145 lbs, is a good boy, a serious track. As a senior, Wad played great, a lot of a self team.

Mud and injuries plagued the 1986 Cross Country Teams season. In spite of these hindrances the girls finished second in the SRC and the boys finished fifth. The girls team was led by four seniors, Leslie Judy, Brigitte Knorr, Vickie Leiter, and Shawn Wilson. The three freshmen, Christie McKenna, Danielle Miller, and Tina Thoebe, performed well and show promise for next year. Due to injuries, there were meets where the girls

did not have a full team but competed anyway. Leslie Judy was the team's outstanding runner by finishing 41 out of 85 in the regional meet.

The boys team leadership was provided by seniors Richard Lea and Walt Neubauer. This year's team was large enough to have both a strong varsity team and a strong reserve team. Reserve and varsity runners were constantly interchanging. This gave the younger team members a chance

to earn a varsity letter. The young team shows a great deal of promise for the coming years.

Although the teams got a late start, since they did not have a coach, they overcame all obstacles to have superb seasons. Many of the runners are expected to return next year with even better performances.

The 1986 Girls Tennis season was entered with uncertainty. The team consisted of only two seniors to provide leadership. Although the team lacked senior leadership, it proved to be a dominating team. Led by juniors in the top three positions, the team proceeded to destroy its opponents.

The team opened its season by shutting out Piqua and Sidney 5-0. Throughout the season the girls continued to rack up wins and finished with a 10-3 record with four shut-outs.

Entering the league tournament, the

team played to a third place finish. Heather LeGross led the way by taking the top honors in the singles position. Her outstanding effort was followed by Cheryl Sills finishing second at the second singles position, while Erin Pfeiffer finished second in the third singles position. The doubles team followed suit with Jill Smith and Terri Ryan finishing second in the 2nd doubles position while Wendy Brumley and Amy Spaht finished third at the 1st doubles position.

As districts approached, the team

looked toward it with high expectations. After a hard fought and highly competitive tournament, Tipp had one member advance to the regional. Heather LeGross advanced out of districts with a fourth place finish. She ran into tough competition and lost her first match to end her season.

After a successful season consisting of mostly underclassmen, the team will be looking forward to next year's season. With experienced seniors the team will be able to dominate their opponents.

One half decade! The linksters have controlled the league for five straight years. Since the creation of the S.R.C. in 1982, the devils have held the league championship.

The 1986 season followed the traditions established in previous seasons. The team produced a successful season and finished with an overall record of 43-24. In

addition to capturing the league championship, they produced many high tournament finishes including 3rd at Districts and 4th at Regionals.

This exceptional season was highlighted by many outstanding performances. Junior Todd Thomas led the way with a First Team All-League finish. Todd also advanced out of regionals and

earned a trip to state.

After a successful season, the devils look forward to another season of league domination and to retain the championship that they have held for five years. With many returning lettermen and a strong reserve team, the linksters should obtain their goal of another year of domination.

The cheerleaders started practice and learning new cheers early in the summer. Some even went away to camp for a week. After weeks of hard practice and learning cheers the squads were ready to attack the beginning of the season. The girls provided spirit at the first game and kept spirit high throughout the season. In addition to cheering at games, the cheerleaders provided spirit in many other ways. Throughout the season, the

squads decorated bulletin boards, made spirit signs, and held pep assemblies. They also sponsored spirit week which proved to be fun and exciting. One especially nice thing the cheerleaders did was bring popsicles to the hot practice field during summer to show their support for the teams. They even decorated the locker-room and hung signs on the team members' houses before the big game.

Throughout the season the

cheerleaders became like a family. They even shared a laugh and tear or two. The moment of sadness approached when the last game of the season came rolling around and they knew this would be their last chance to cheer together as a group and that the seniors would not return next year. Even though they had this moment of sadness, they will always look back on the season and remember all the joy and friendship.

The 1986 fall sports season has followed the tradition established in the last few years by dominating the league. This fall 27 people received all league honors. With so many people receiving mention, it is obvious that the teams have done just as well. Tipp has the lead toward the All Sports Trophy by taking the

League Championship in Golf and Boy's Soccer. Football, Volleyball, and Girls Cross Country captured runner-up spots, as Tennis took 3rd and Boys Cross Country captured 5th. These outstanding team performances were due to great effort from all of the members as a whole. Also, the outstanding effort and ability of

these All league honored people. Besides great ability and effort, these people contributed to the team with their leadership, attitude, and character.

We look forward to having as many or more people honored throughout the year and in the years to come.

Finally earning another trip to the final four at Columbus, was a great thrill. For the second year in a row, the Lady Devils fought their way to the state tournament. Formidable opponents at the regional tournament, Valley View and Utica, made a trip to state difficult. The disappointing moment arrived when the Lady Devils were outplayed by Lima Bath in the state semifinals. The game might have been considered a disappointment, but there were many memories made to be shared forever.

The season opened as the Devils captured the Tipp-Off Tournament. Throughout the season, the Lady Red Devils captured the sectional, district,

and regional championships. The only regular loss occurred in the Red Roof Classic at the hands of an AAA power, Columbus Waterson, but they fought back to a victory in the consolation finals. The Lady Red Devils finished with an impressive record of 24-2 which brings their five year record to 94-19.

Many players earned post season honors this year. Leslie Judy and Leanne Eustache earned All-League Honorable Mention. Kristen Risch, Lisa Eustache, and Michelle Eustache took First Team All-League Honors. In the state tournament, Michelle Eustache and Kristen Risch picked up additional

honors. Michelle earned an Honorable Mention, while Kristen earned a Third Team All-State Mention. The Eustache family dominated the team awards. Michelle, along with Kristen Risch received the Red Devil award while Lisa earned the best rebounder and Leanne earned the best defense award.

The Lady Red Devils showed class, determination, and just plain excellence at what they did. They always fought hard to pull out those final victories at the buzzer. The 1986-87 Lady Red Devils will be remembered for their determination to win and are an example for all. Those Lady Red Devils, you can't hear enough about them.

The 1986-1987 reserve season began with the eternal questions, "How will these newly formed teams of underclassmen perform? Will they be successful or will they be unsuccessful?" The reserve girls basketball team and the reserve wrestling team answered these questions with one word, "domination." Both teams dominated and destroyed opponents throughout the season.

The girls began the season by defeating Milton-Union and Bethel and taking the championship trophy in the annual Tip-Off

tournament. After taking the championship, the girls kept dominating and destroying opponents one after another and finished the season undefeated and League champions. The team's outstanding record was helped by the great performances of Amy Risch and Diahann Hughes and a total team effort. The great effort and outstanding record proves the reserve girls will be able to continue the great tradition established by the varsity as they move up through ranks.

The reserve wrestlers proved to

be strong and followed the pattern of the typical Coach Hopkins' teams. The team finished with a record and finished runner-up at the Carlisle and Tipp reserve tournaments. The team was led by outstanding performances by Jason "the hammer" Simon who lost only one match throughout the year, Elden Eidemiller, and Troy Yeager. With eight seniors graduating, these young men will have an opportunity to break into the varsity line-up next year.

| SEASON RECORD | 17 | 0 |

The 1986-1987 wrestling season began with a lot of questions. The 85-86 season dominated by two outstanding wrestlers who carried the team through the season by scoring a large number of points. The 86-87 season was different in content. It was made up of all good wrestlers with no outstanding super-stars.

After six weeks of hard practice consisting of intense drilling, grueling conditioning and just plain hard wrestling, the unproven team was ready to meet its first challenge. The team went into the first meet with a 12 pt. disadvantage. The team, at the beginning of the season, was lacking a 98 and a 105 pounder. After a reshuffle of the weight classes and a new

wrestler moving into the city, the team consisted of a full roster of 13 different weight classes.

The first meet against Troy was an especially important meet. A victory would tie a record for the longest winning streak in dual meets. The victory would be number 13 and extend the streak started in December 1984. The grapplers won a hard fought and well deserved 32-26 victory over the Trojans. The wrestlers then defeated Brookville 37-30 to break the previously standing record. The undefeated streak ended after a heartbreaking 23-33 defeat to the Graham Falcons who ruled #1 in the area. Even though the undefeated streak ended, the season was full of

high points.

The team finished 1st in the league with nearly the entire team placing in the top three of their weight classes. Also, the team finished the district Runner-up and sent 9 wrestlers to regionals.

Four of these nine wrestlers made it out of the region to State competition. The wrestlers representing Tipp at state were Brian Hall, Mike Gottes, Jamie Thomas and Rick Peters. Although they did not fare well at state it was a great accomplishment just being there.

The unproven season proved to be a success and well summed up in Kari Peura's quote "... Although we're an unproven team, we proved to be a success."

Losing most of the starters of the 20-2 1985-86 season, the Devils were unsure of what to expect. The 1986-87 season was expected to be a rebuilding year, but instead it was a year of success.

The team started off the season by capturing the Tipp-Off Tournament championship trophy with a 67-46 victory over Milton and a 58-43 victory over Miami East. Jerry Poland and Todd Thomas were named to the All Tournament team. Jerry was also named tournament M.V.P. Toward the middle of the season, the Devils

started to slip and lost 7 out of 11 games, but they soon got the act together. They turned the season around and finished 2nd in the league.

Entering tournament play, the team was unseeded. They won the first game over Indian Lake and advanced to the next round. They would be up against the first seed, Kenton Ridge, who upset the Devils and knocked them out of the tournament. This time the Devils would play the role of the spoilers and upset the highly touted Kenton Ridge 49-

48. They won the district by defeating Graham, but fell in the regional match against Forest Park.

The team was led by the starters Kevin Mader, Jerry Poland, Todd Thomas, Todd Varvel, Ryan Rogers, and Chris Hellyer. Todd Thomas, and Jerry Poland received First Team All League while Jerry received All District Mention and Journal Herald Mention.

Although the team was considered a rebuilding year, it proved to be a success.

The 1986-87 Reserve Boys Basketball season opened with two victories over Milton and Miami East to clinch the Tip-Off Tournament championship. The team continued to rack up wins throughout the season and fin-

ished with a 13-7 record and undefeated in the league.

The Freshman team, under first year coach Jeff Wheeler dominated its opponents throughout the season and finished 12-3 with a

nine game regular season winning streak. The team played hard to capture the league tournament championship. Those freshmen will be an asset to the reserve team next year.

The winter cheerleading season began with some old faces and many new faces. The four squads; Varsity Basketball, Reserve Basketball, Freshman Basketball, and Wrestling, were with girls from the fall season and many rookies. These squads provided spirit by making signs, decorating bulletin boards, and selling spirit items. The wrestling cheerleaders spent many

weekends at tournaments keeping the guys' spirit up by playing cards, bringing radios, and providing food.

This year a new temporary squad was formed. This consisted of a group of seniors who cheered at the Girls Basketball tournament games. The squad traveled to Vandalia for the regional games and all the way to Columbus to cheer on the team at the state tourna-

ment. Highlighting the squad, was a new mascot, Captain Basketball.

These four squads, plus the new temporary squad, provided indispensable entertainment and spirit. The cheerleaders were a well appreciated, but sometimes overlooked part of the winter sports season.

The 1986-87 winter sports season followed the precedent established by the fall season. All three teams faired well in league competition this year.

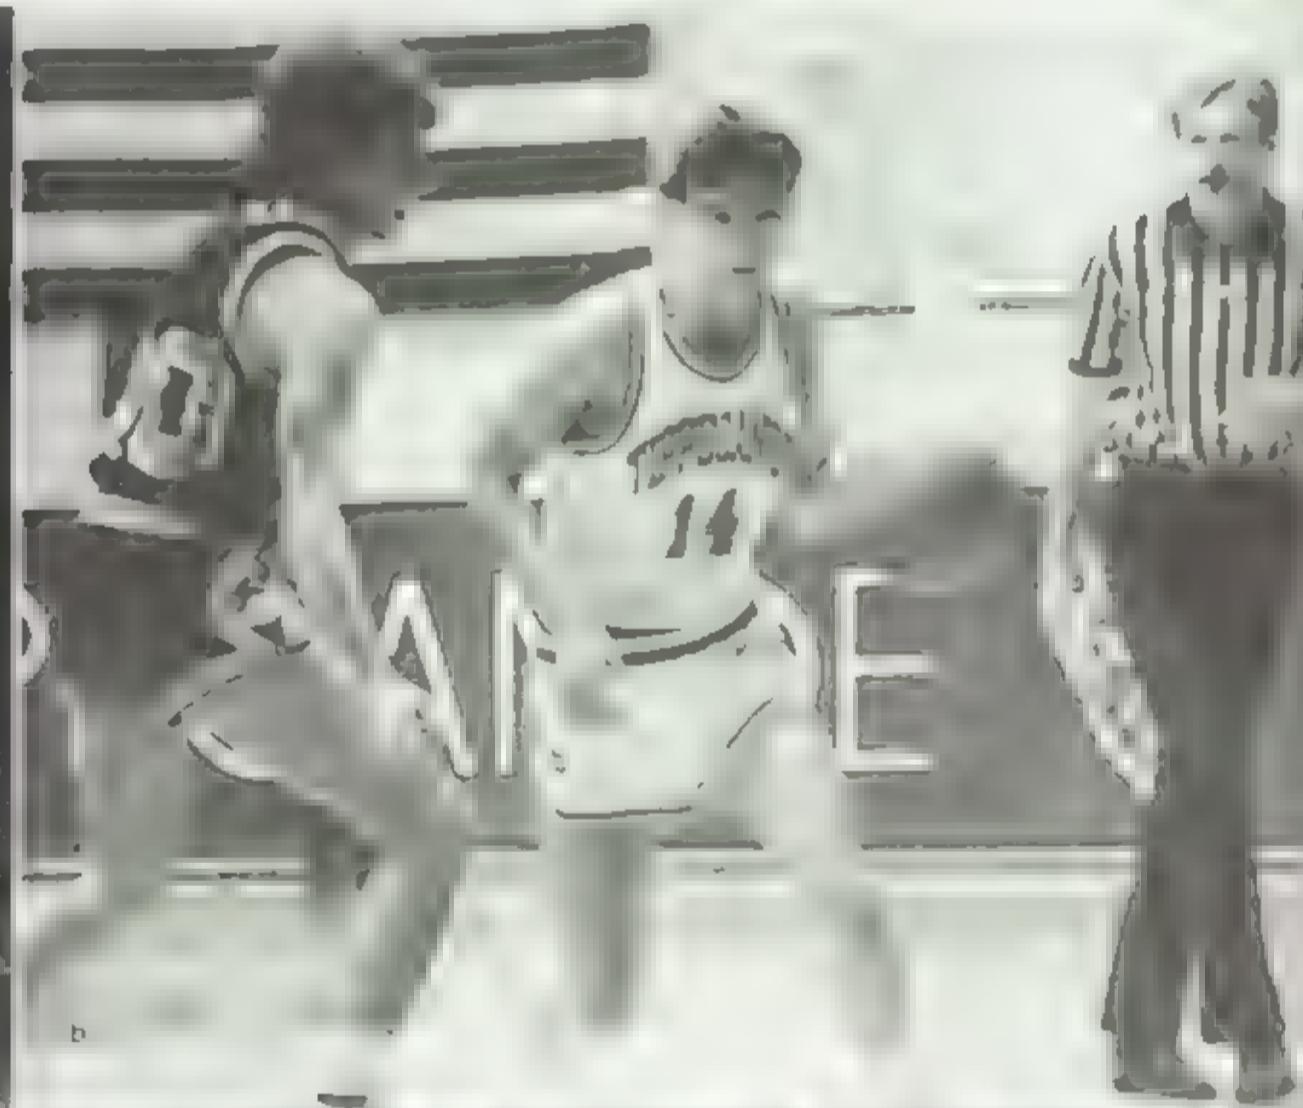

The boys basketball team finished with a 4-2 record in the league and took 2nd in the league. The season was highlighted by a district championship and advancement to the regional championship game.

The girls basketball team, with four returning starters, lived up to last years expectations. The girls took the regional championship and advanced to the state tournament. Although the girls fell to the state champions in the semifinal game, the girls finished with a 20-2 record and one terrific season.

The wrestlers also faired

well this year. They took the league championship with 12 out of the 13 placing in the top three. The grapplers also took second at districts and sixth at regionals sending 4 to state.

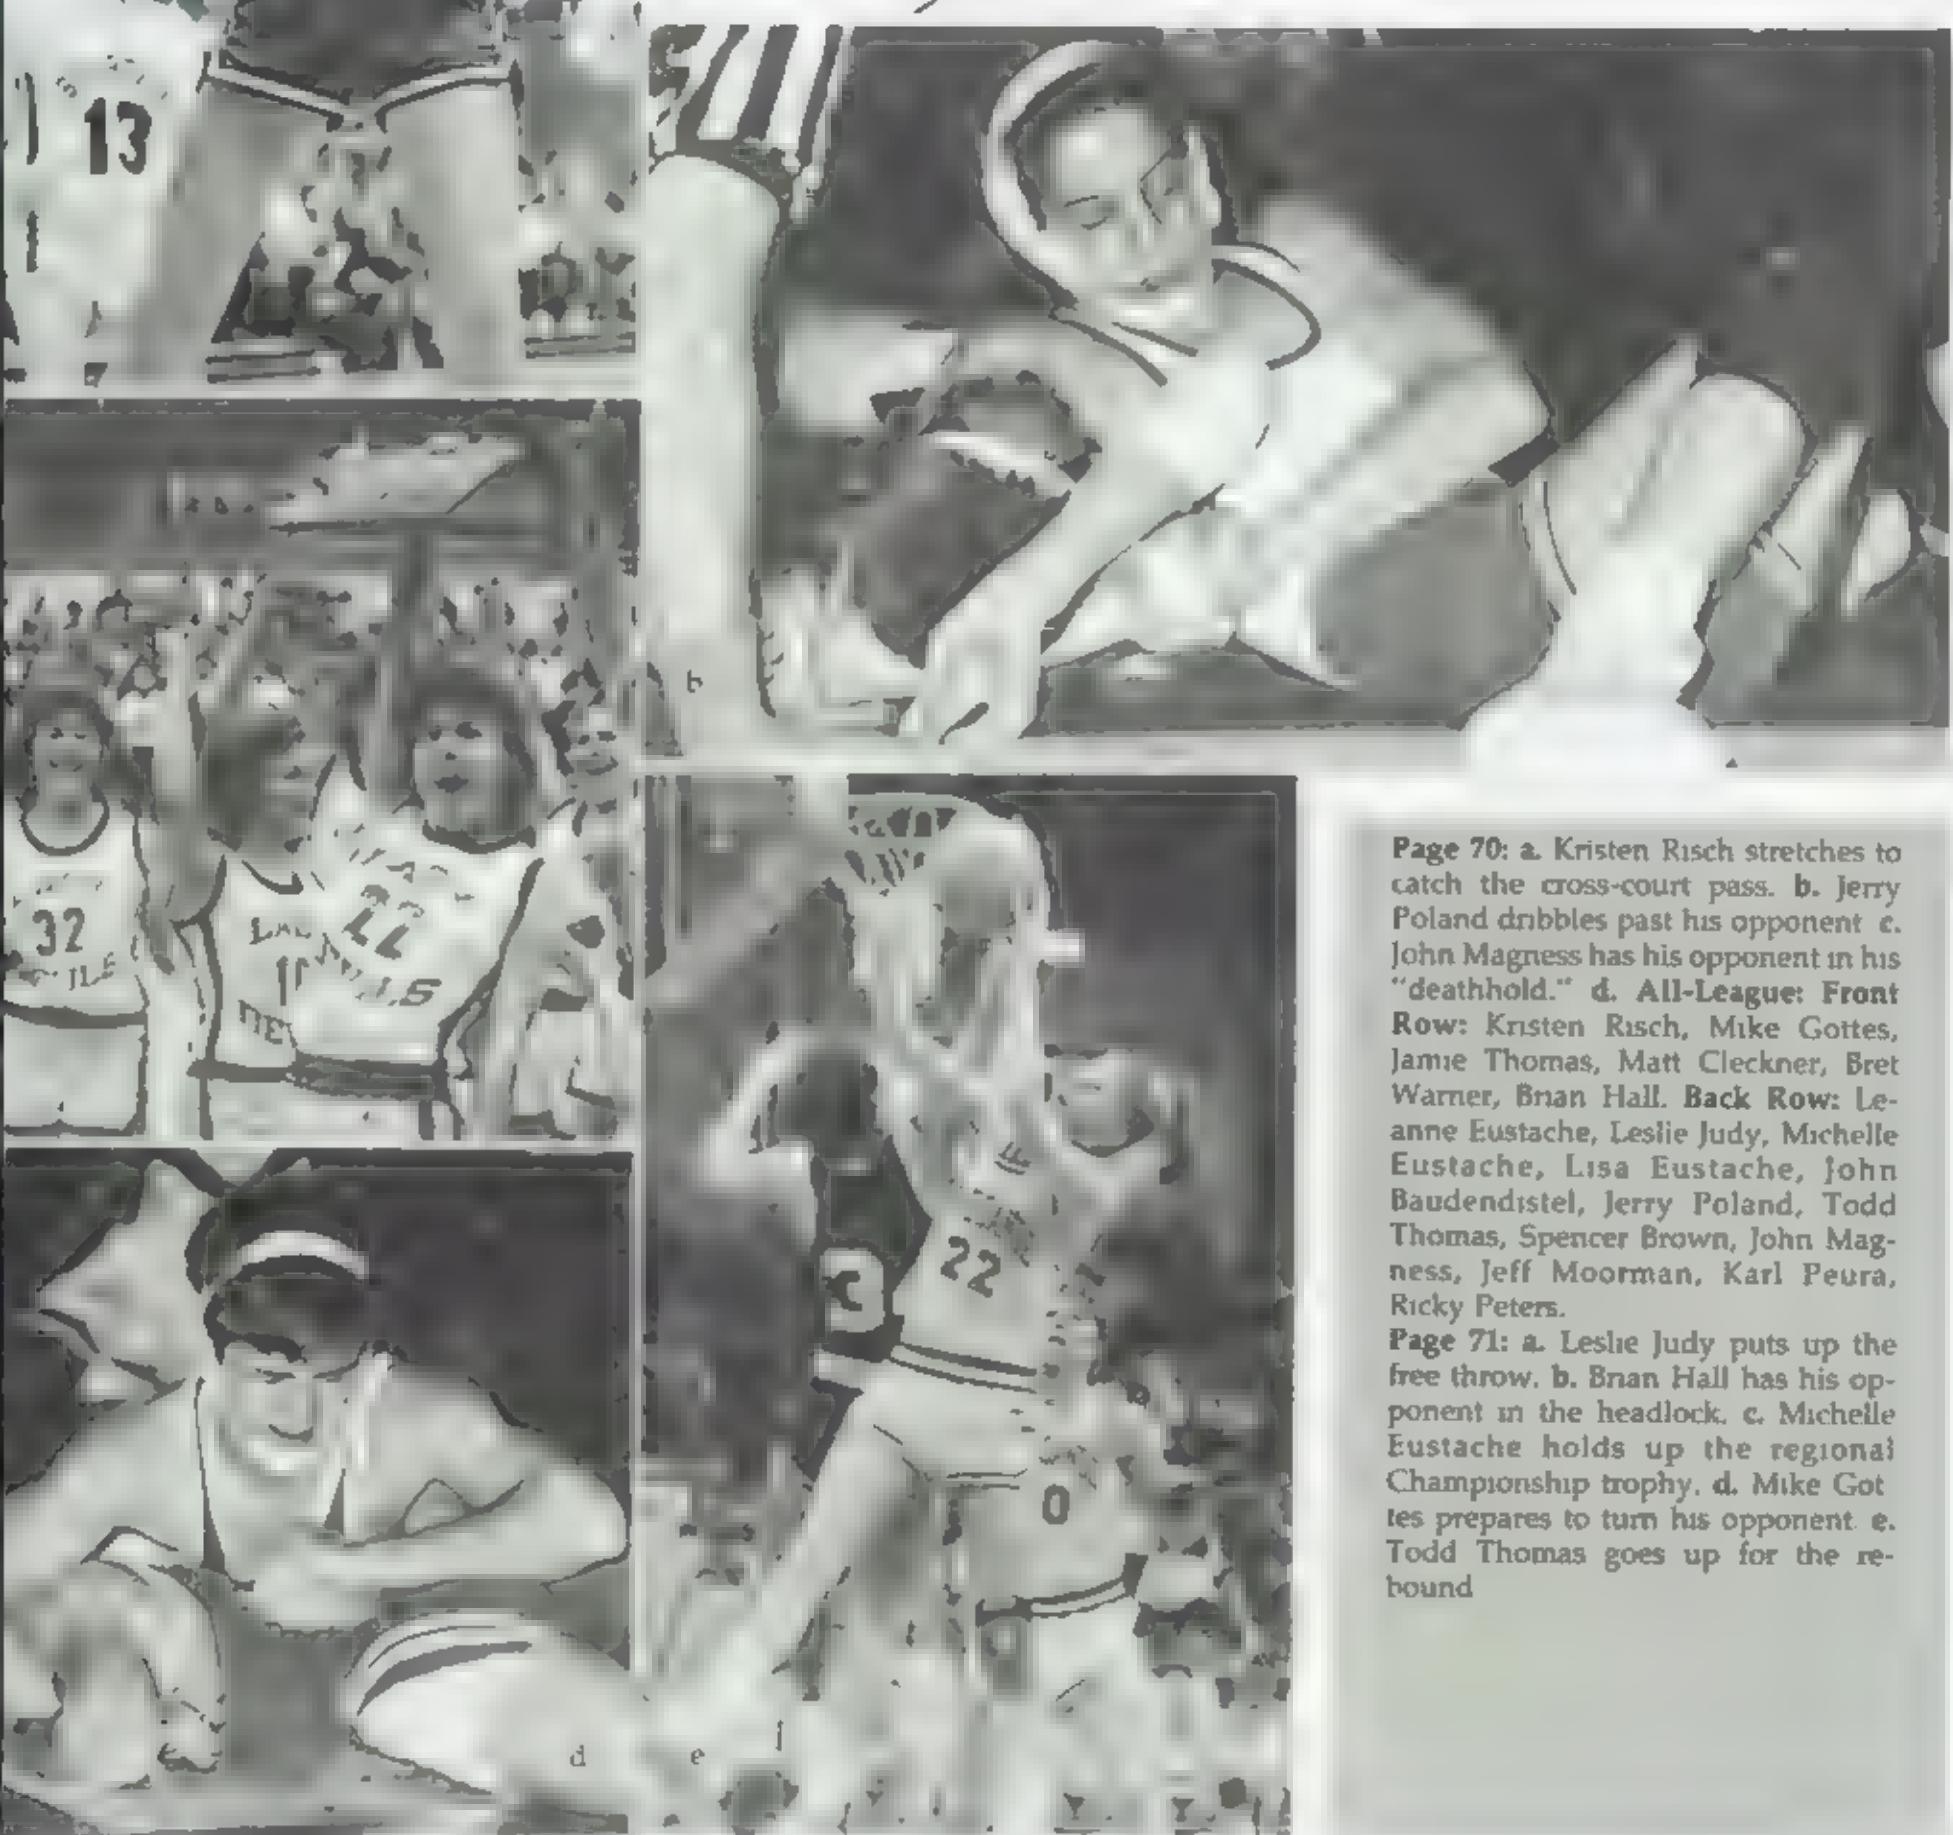

With championships in girls basketball and wrestling and a runner-up in boys basketball, the Devils still retain the lead in their quest for the All Sports Trophy.

Those Lady Red Devils, you can't hear enough about them. First, the ladies' volleyball team finished 2nd in the league during a rebuilding year. Next, the ladies' basketball team returned to state. Now, the Lady Red Devil track team wipes out competition left and right and finishes undefeated with an impressive 97-0 record.

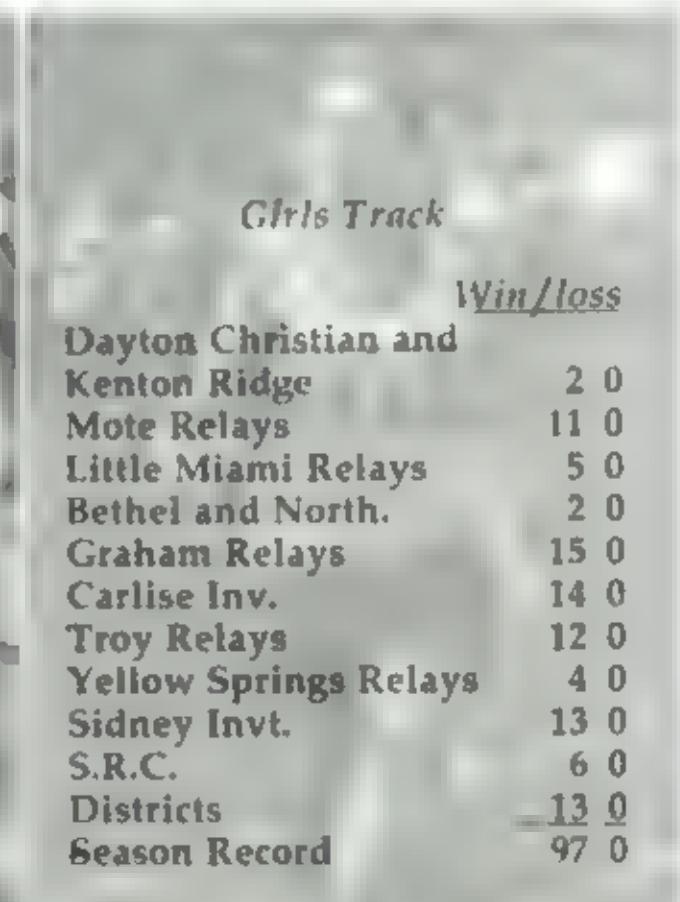

Throughout the season, the girls took championships in presti-

tigious tourneys such as the Mote Relays, Little Miami County Relays, Sidney Inv., S.R.C., and District Tourneys. Many girls advanced out of the region and participated in the state tourney, including many freshmen.

Many records were broken this year. Susan Webb broke the 1600 meter run record while Tracy Gagnet captured the 100 meter hurdle record. Two relay records

also fell. Michelle Eustache, Robyn Dean, Terri Hatcher, and Leanne Eustache knocked off the 1600 meter relay record as Sarah Heil, Lynn Anderson, Lisa Eustache, and Tracy Gagnet took the shuttle hurdle record.

With such an outstanding season behind them and so many outstanding underclassmen, the Lady Devils should establish a tradition of dominating teams.

The 1987 Boys Track team finished with a 43-37-2 record and finished third in the league. Throughout the year, the team beat many outstanding teams but lost some close ones in the last few races.

The strong sprinters led by Bri-

an Bissonette who finished first at the league burned up competition. The well balanced field events along with the distance runners also contributed to the team's success. One high point was Matt Monnin who broke the

300 meter high hurdle record.

The team's success was accounted to hard work and dedication by the team's members. With this type of dedication, the team should have a successful season for years to come.

The 1987 Lady Red Devils softball team ended the season with a reasonable 10-7 record. Although they did not fare well in non-league action (4-7), they went undefeated in the league (6-0) and captured the league championship.

Throughout the season, outstanding defensive plays and

close high scoring games provided excitement for the fans. Most of the team members batted over .300 and nearly all the team received some sort of All-league honor. Three team awards were presented this year. Sharon Davis received the best Defense Award. Kelly Knapke's .520 batting average earned her the Batting Av-

erage Award. Angie Martino's outstanding pitching earned her the Red Devil Award.

The season was filled with talent and skill and with numerous underclassmen and returning lettermen. Next year, the Lady Red Devils should have a shot at retaining their league title.

Both the Boys Reserve and Girls Reserve ball teams posted successful seasons.

The Boys Reserve team finished with an impressive 10-5 record. This fine record was attributed to great effort and team work by the young men. Andy Barhorst led the team with a .417 batting average fol-

lowed by Mike Bayman with a .406 average. Jon Boyce and Rob Wethee combined to pitch numerous innings of near perfect pitching to account for many of the wins.

The girls did not fair as well as the guys, but finished with a successful 8-8 record. Jennifer Dix led the team in pitching,

while an awesome line up of batters produced those eight victories.

The reserves finished with a total of 18 victories. Next year these underclassmen will be moving up to the varsity level. We'll have to wait to find out if their success this year will shine through to next year.

The 1987 Boys Baseball team took off to a great start but finished with a reasonable 10-10 record and captured 4th in the league.

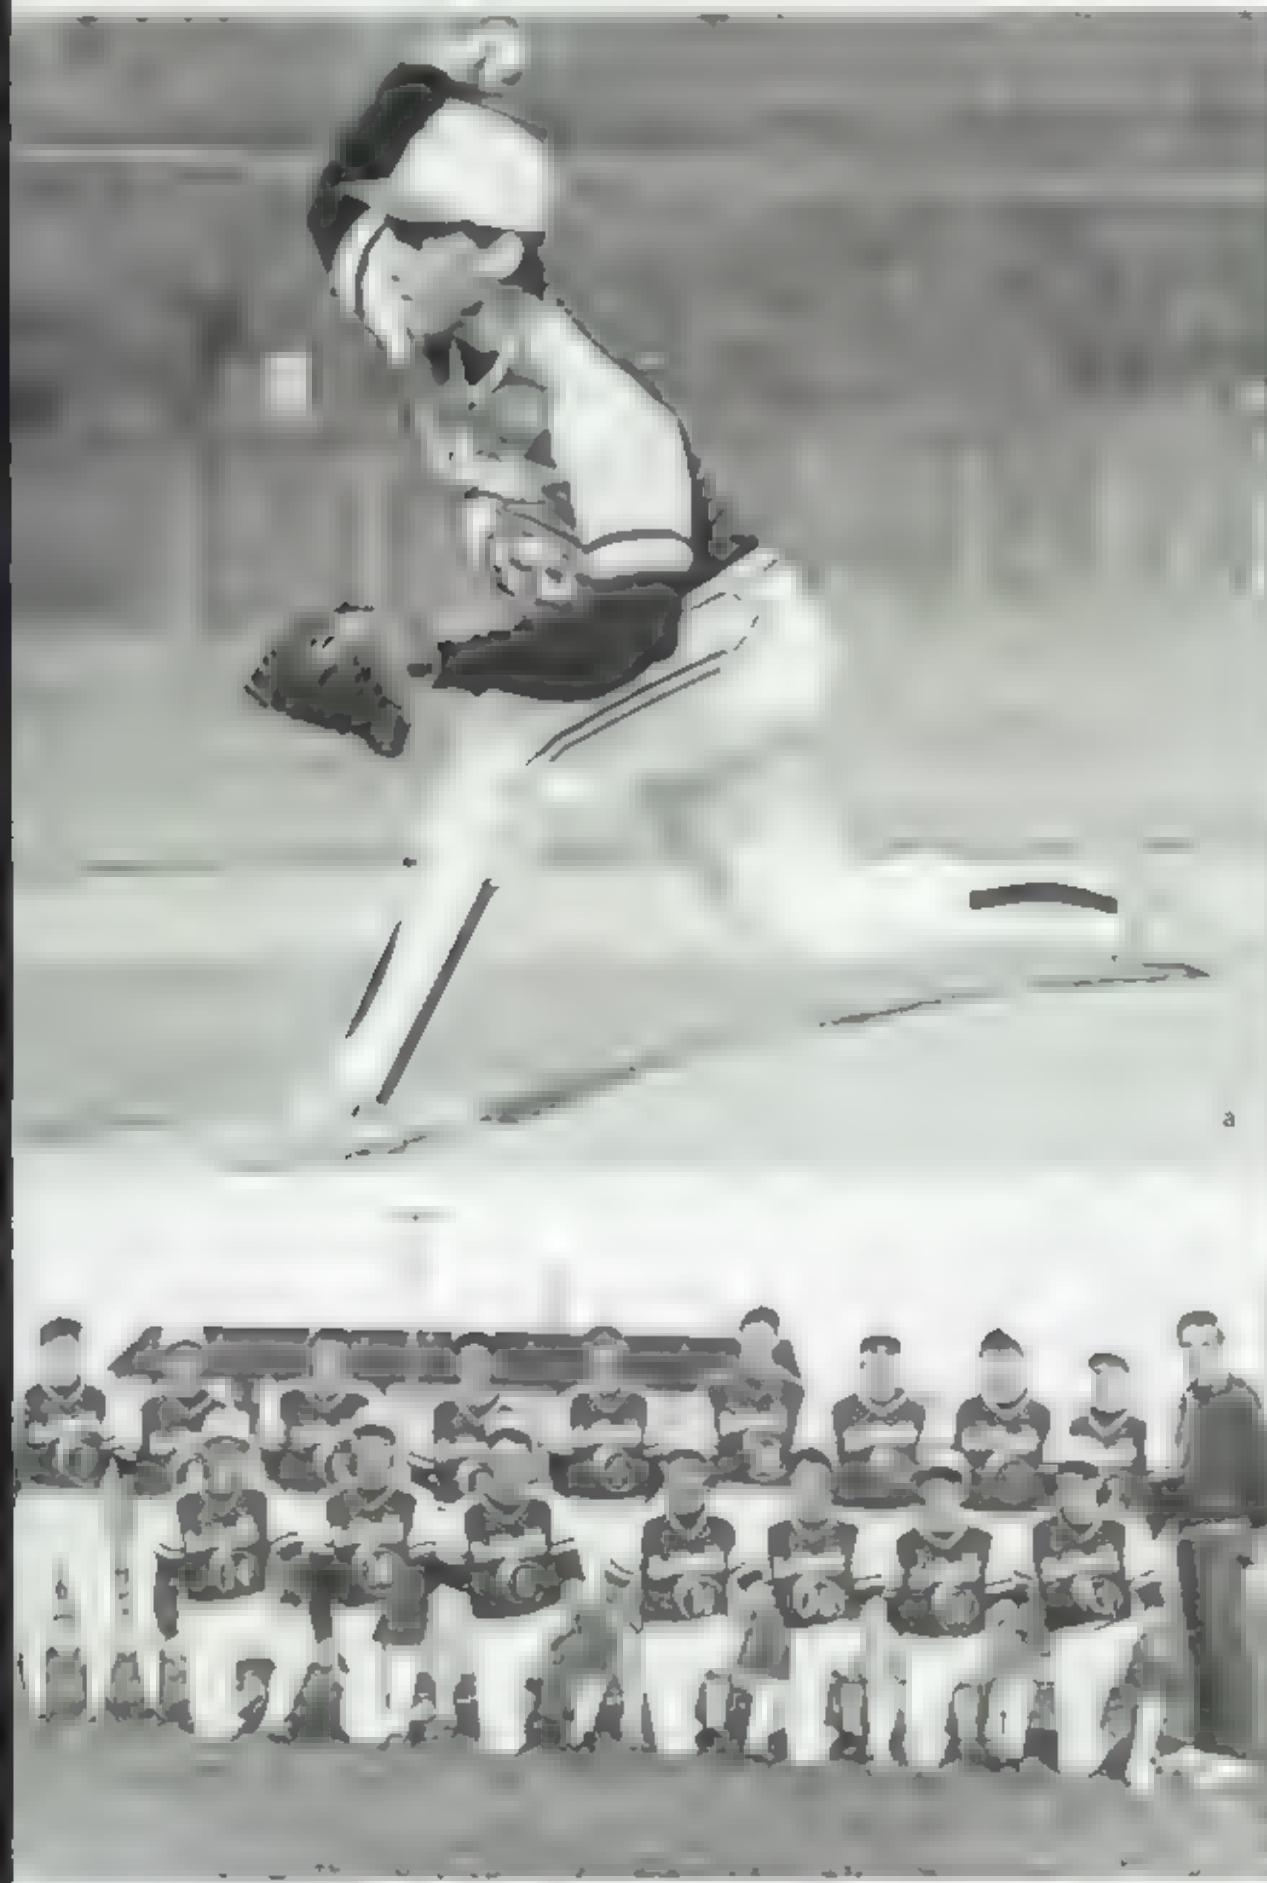

The season was highlighted by an excellent pitching staff. The staff consisting of Kevin Mader, Daryl Bowling, Todd Thomas, Lee Braun, and Kevin McClurg, combined for many outstanding outings. The brightest point of the season

came when Kevin McClurg pitched a no-hitter against the Dixie Greyhounds.

Backing up the outstanding pitching, the hitters combined to produce many high scoring games to spell defeat for their opponents. The excellent scoring ability shined through in the Milton game when the Devils destroyed the rival by a score of 14-2.

Throughout the season,

many outstanding hits, steals, fielding plays, and pitching performances earned many players post season honors. Although some Devils are graduating and ending their careers, a few are continuing their careers in college. Fortunately many strong underclassmen and returning lettermen remain behind to form a nucleus for a new and hopefully stronger team.

The 1987 Boys Tennis team fared well against stiff competition this season. They finished with a 10-6 record and captured 3rd in the league.

The squad consisted of Shaun Hedges in the first singles position followed by Chris Aselage and Sean Drees at the second and third posi-

tions respectively. Brian Taylor and Bobby Becker made up first doubles team while Chad Cook and Shawn McLaine composed the second doubles team.

Shaun Hedges led the team with the most wins. He also placed 4th at the Regional Tournament and qualified for

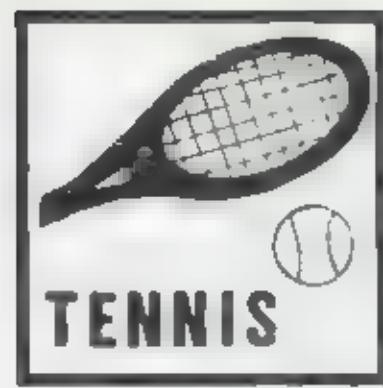

the State Tournament.

Although the netters fared well in the 1987 season, next year will be a test. With the loss of the outstanding leadership of senior Shaun Hedges, the team will be lacking in leadership department. We'll have to wait until next year to find out what happens.

The 1986-87 Red Devils finally fulfilled their quest for the All-Sports trophy. The Devils captured the trophy for the fifth year in a row and have held the trophy since the formation of the league in 1982.

The spring teams' excellent performances allowed the Devils

to wipe out arch rivals Milton-Union and Versailles $74\frac{1}{2}$ to $53\frac{1}{2}$ who tied for second. The Boys Basketball team finished 4th, while the Boys track team finished 3rd. The Devils captured championships in girls track and softball.

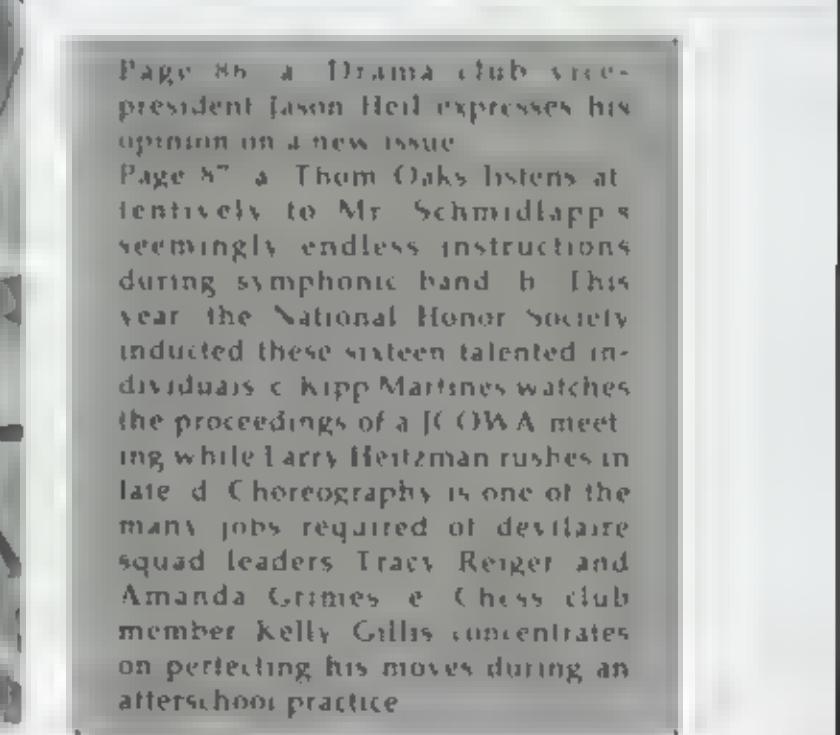

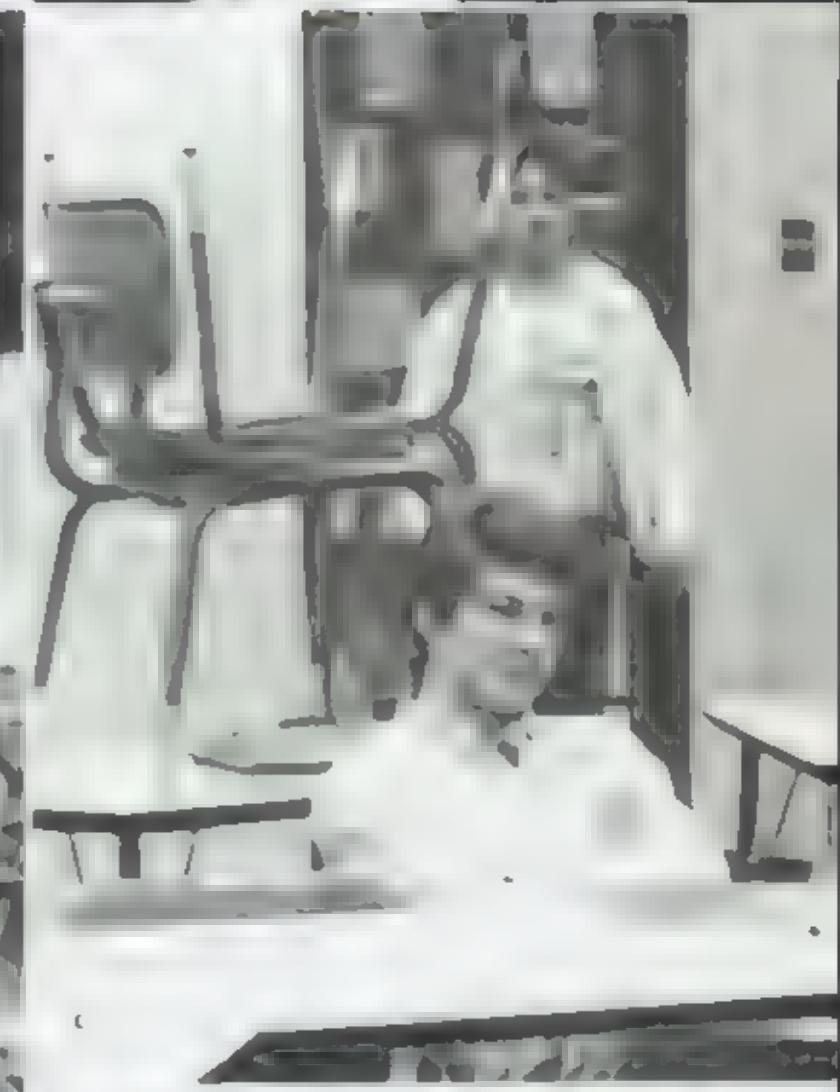

Throughout the year the Devils captured six championships and two runner up positions. With such great seasons and so many returning underclassmen, Tippecanoe should be able to capture the trophy next year for the sixth year in a row.

Marching Machine

State. The goal that every band strives for. This years' Red Devil Marching Machine fell short of that goal, but the pride never stopped.

The season started off with high hopes of being number one. Despite the many setbacks that plagued the season, the band members never lost hope. All hopes were dashed at the Westerville South Competition when the band fell short of the superior rating by two points.

The five competitions attended by the Marching Machine were Chaminaude-Julienne, Troy, Tipp City, Versailles, and Westerville South. A rating of two was awarded the band at each of these competitions. Several awards were received by the field commander, color guard, rifle squad, and drill team at each competition.

The competition season was not a disappointing one, rather a learning experience. The members of the Marching Machine hope to learn from their mistakes and be back on top next season.

The Pride Is Back

The 1986-87 Winter Devilaires, the Pep Band, and the Le Garde De Demon Rouge all posted excellent seasons

The winter corps of Devilaires was a surprise success considering they had left the competition circuit. With only 15 members, the Devilaires were put into a smaller and tougher class, yet they came out on top. With the help of several mothers and advisors, the drill team won Best Inspection at Beavercreek, Amelia, and Roger Bacon

Accompanying the Devilaires was the pep band. The numbers played by the band were: *Another Opening*, *Another Show*, *Something's Coming*, *Singing In The Rain*, *God, I Hope I Get It*, and *A Chorus Line*. Tim McAdams gave the show a unique twist by singing the lyrics to *Singing In The Rain*. The pep band placed very high in the music category at every competition.

The Le Garde de Demon Rouge continued their winning tradition by placing first at every competition but Northmont. The 15 member guard won the districts and traveled to New Philadelphia for the regionals. After battling two feet of snow, the THS color guard became the state champions of the Ohio Color Guard Circuit Novice Class.

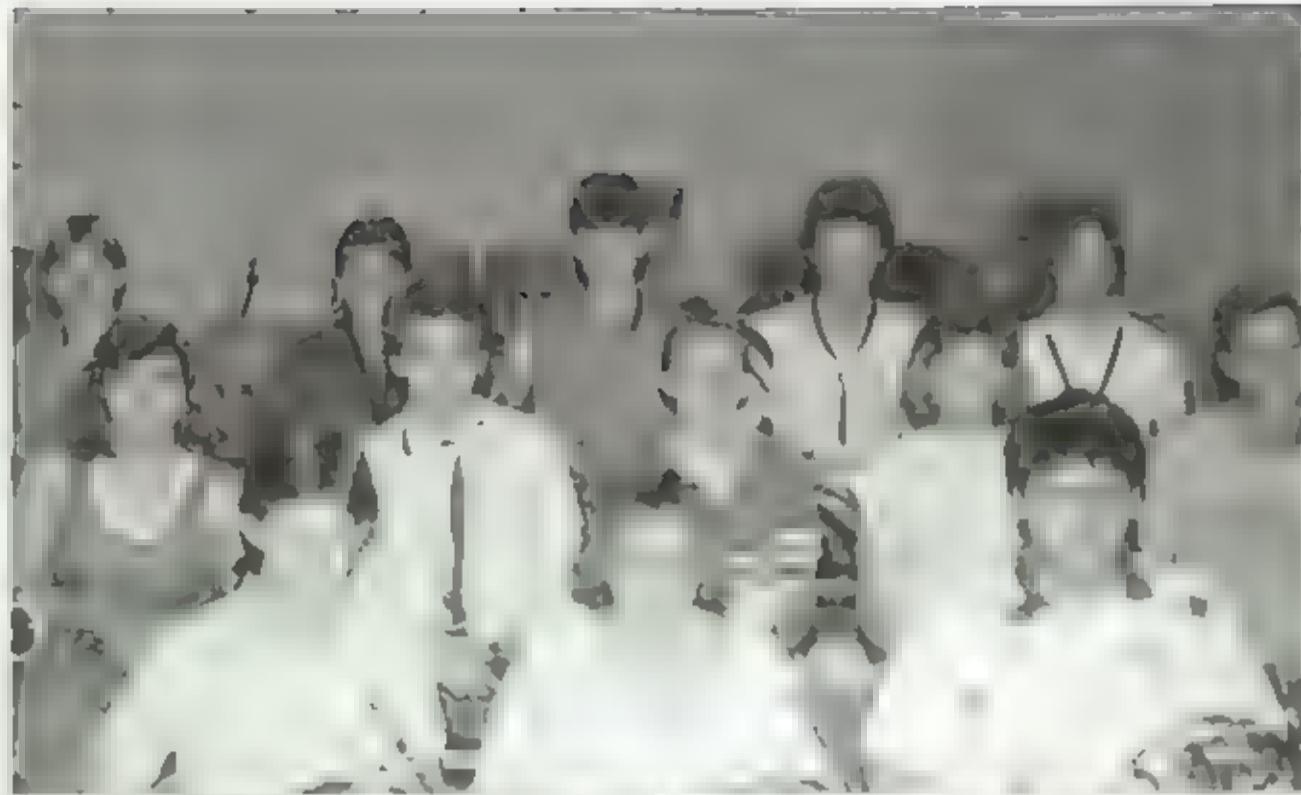

By working hard and keeping their pride up, all three groups attained their goals and brought pride to THS.

Symphonic Band Does It Again

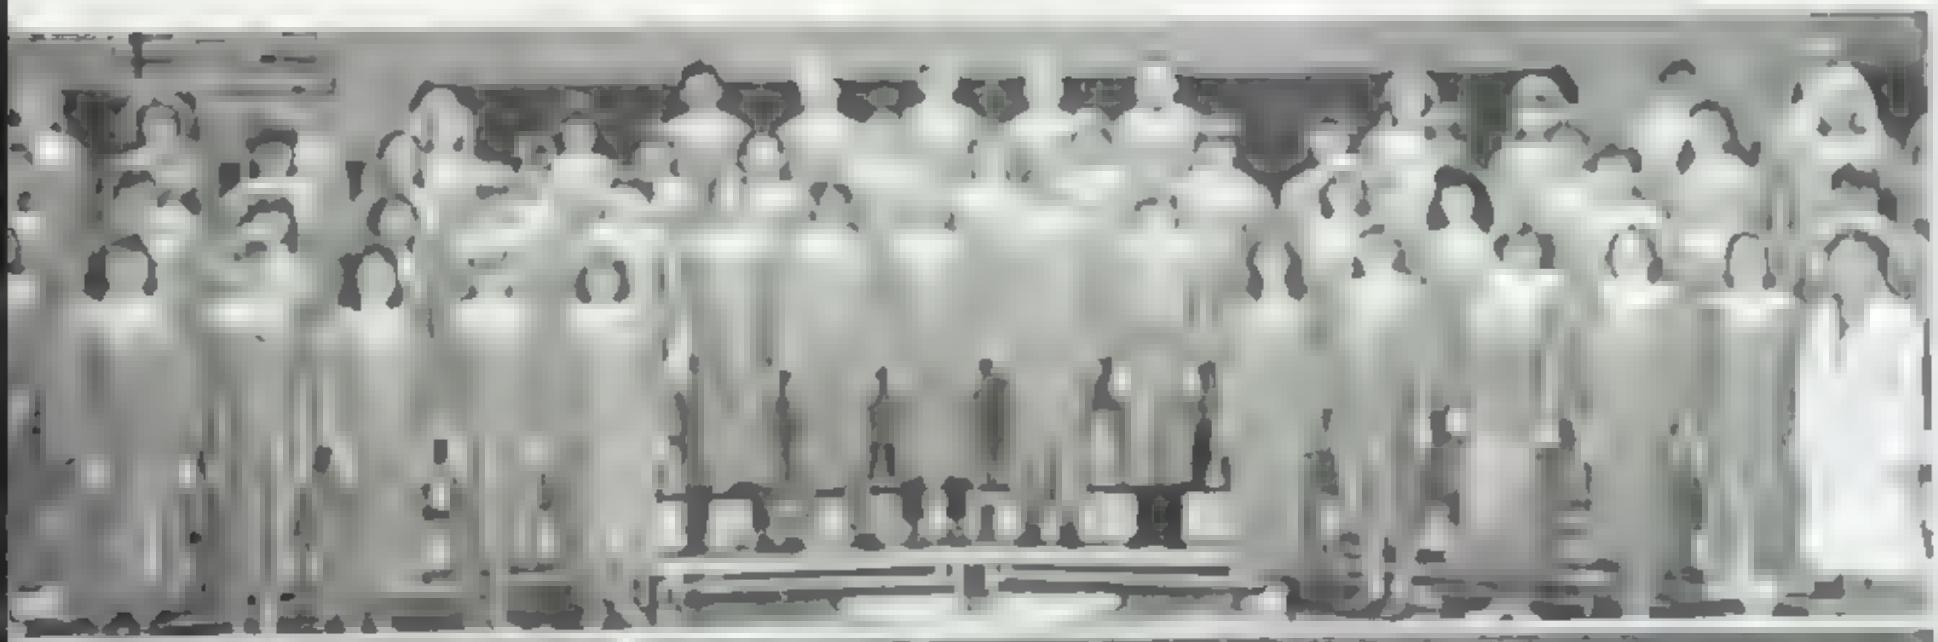

Director Alan Schmidlapp led the symphonic band through an outstanding year with receiving an excellent rating at district contest. The season again showed how outstanding our musicians are. Many received superior ratings at solo and ensemble contest with just as many in the excellent range. The Ice Cream Social continued to be one of their main performances along with the Christmas concert.

Clubs Show Talents

The Varsity-T club is an organization to which only varsity letter athletes can belong. The club has 40 current members, with new people being added each season. The Varsity-T club's goal for this year was to update the "Wall of Fame." This wall is a place of honor for the outstanding athletes in the school. The club added 33 new pictures to the wall which had not been updated since 1984.

The chess club is a group for students that are interested in perfecting their skills at the game of chess. This year's club had an excellent season of thirteen wins and eight losses.

The Tippecanoe jazz ensemble carries the fitting name of "The Sound Sensation." This group meets as a class every day during sixth period, and often time after school. The "Sound Sensation" performs at area club luncheons for a slight fee. It also competes in show choir contests.

Which Council?

J.C.O.W.A., the Junior Council on World Affairs, has been a club for many years. It has been an exceptionally popular club since its beginning.

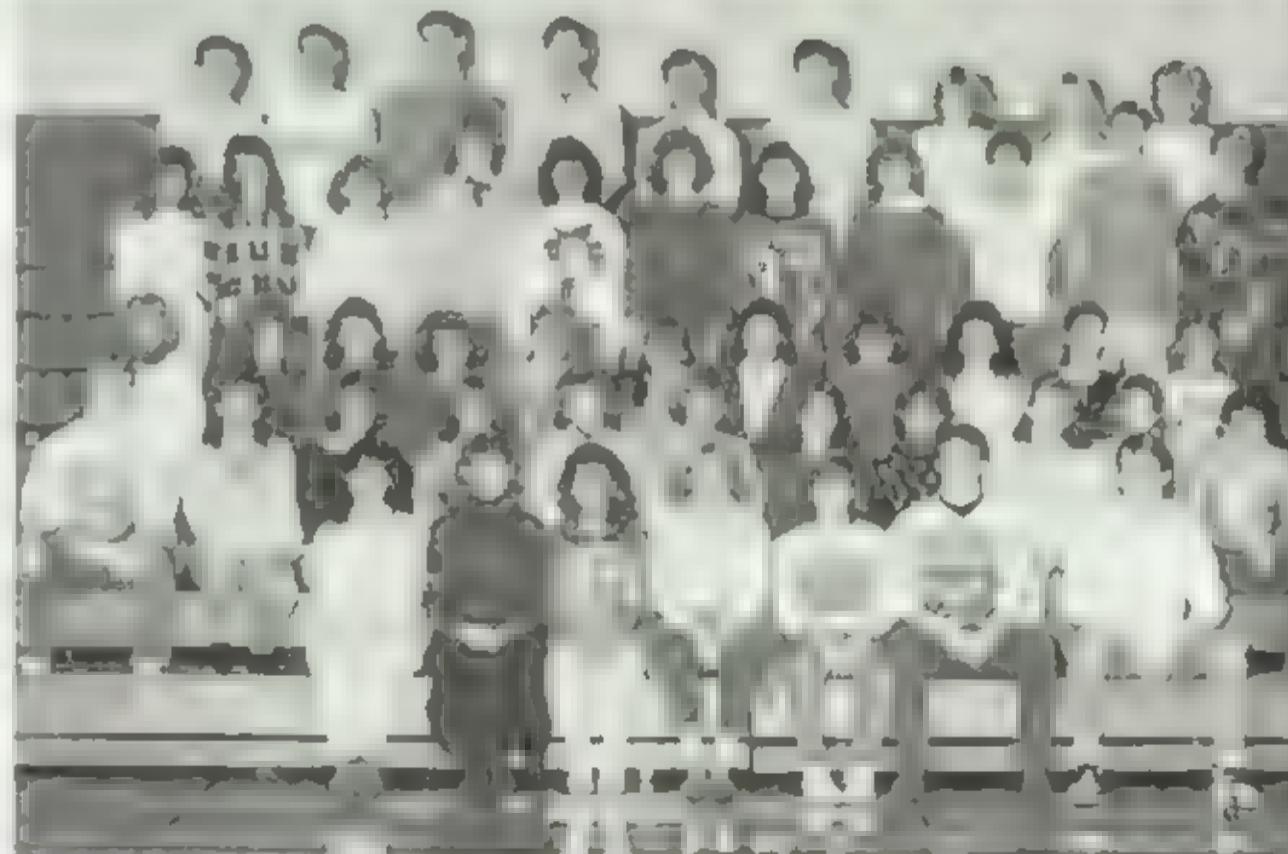

At the Dayton Mall, Tipp Students designed the Scottish Booth. Tipp J.C.O.W.A. students joined with students from other schools to debate topics such as "Arms Control" at the Model United Nations held at Sinclair College on March 6.

The biggest and most popular event was the Washington/New York trip which was held after spring break. Students going on the trip had to miss school because the trip did not coincide with our spring break.

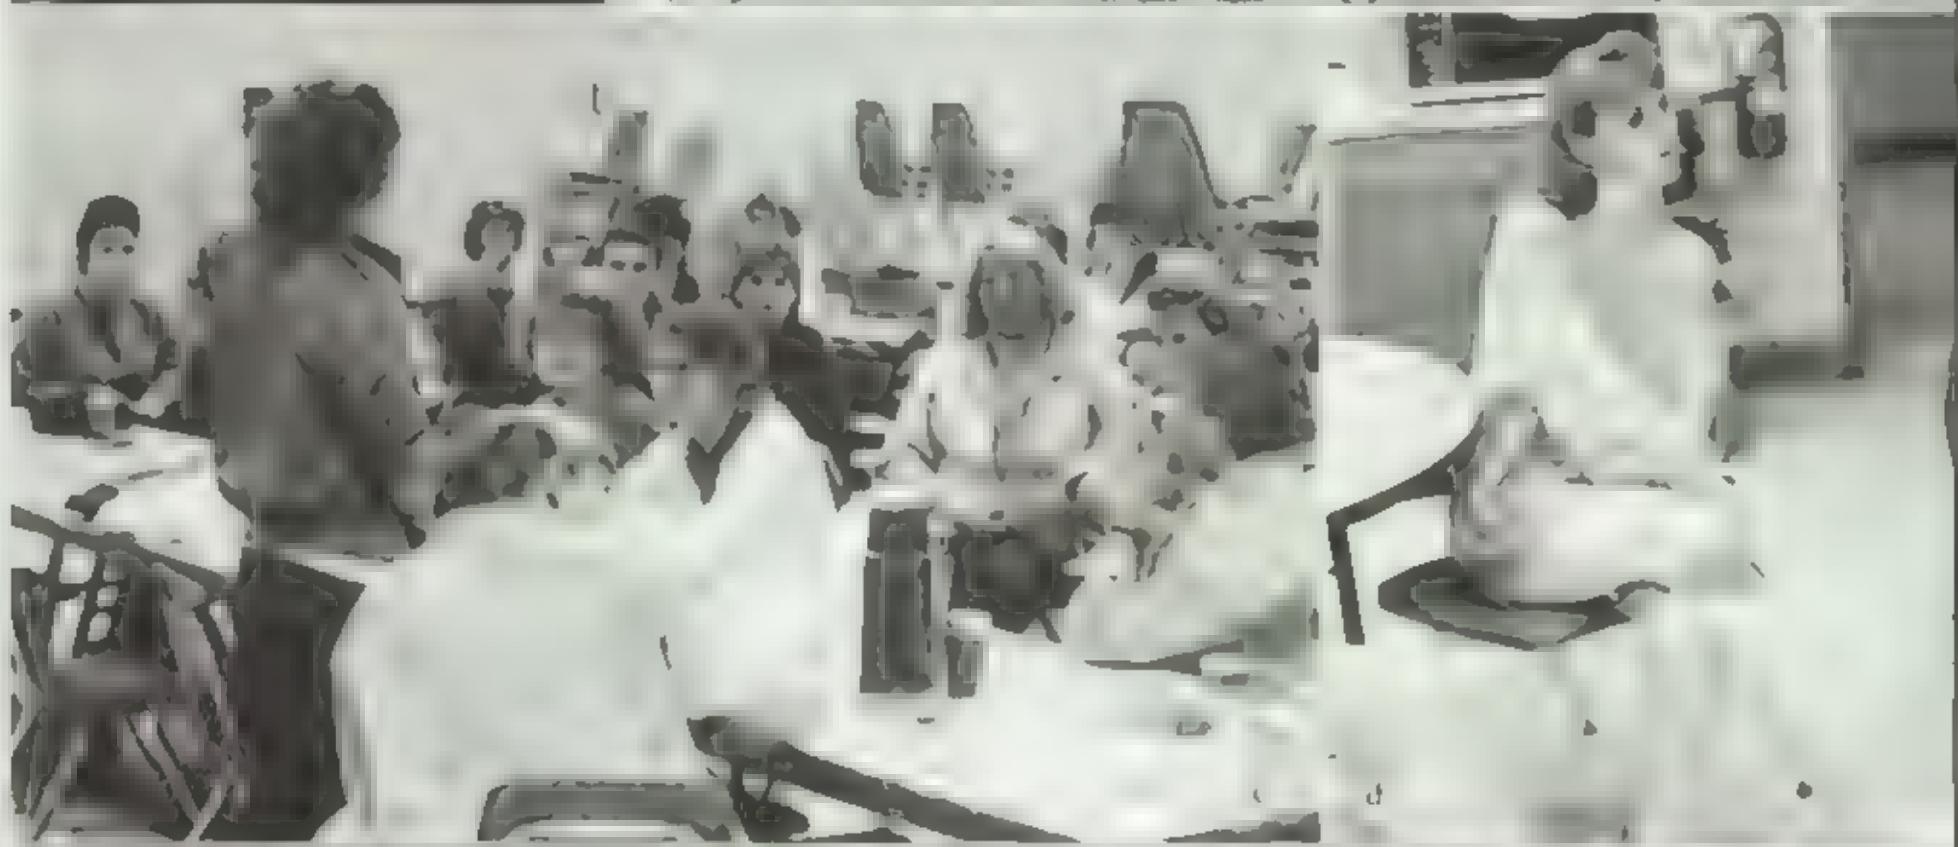

Student Council is the governing body that represents the student population. Each year the Student Council holds a faculty luncheon during National Education Week. The Council also sponsors the "Spring Fling" each May. The Student Council is made up of people from each class as well as representatives from all of the clubs in the high school.

Aides Help to Run THS

Student aides have been helping administrators and teachers to run THS for many years. There are office aides, guidance aides, media center aides, and a new group of helpers this year, computer aides.

The front office aides help the secretaries in many ways. Some of those ways are collecting absent slips, passing out absent lists and announcements, and sorting mail. Mrs. Alder also uses the office aides to "run" disciplinary notices to students.

The guidance office aides help out the school counselors by finding students' schedules and summoning them for conferences. These aides are at their busiest during career days and student class scheduling.

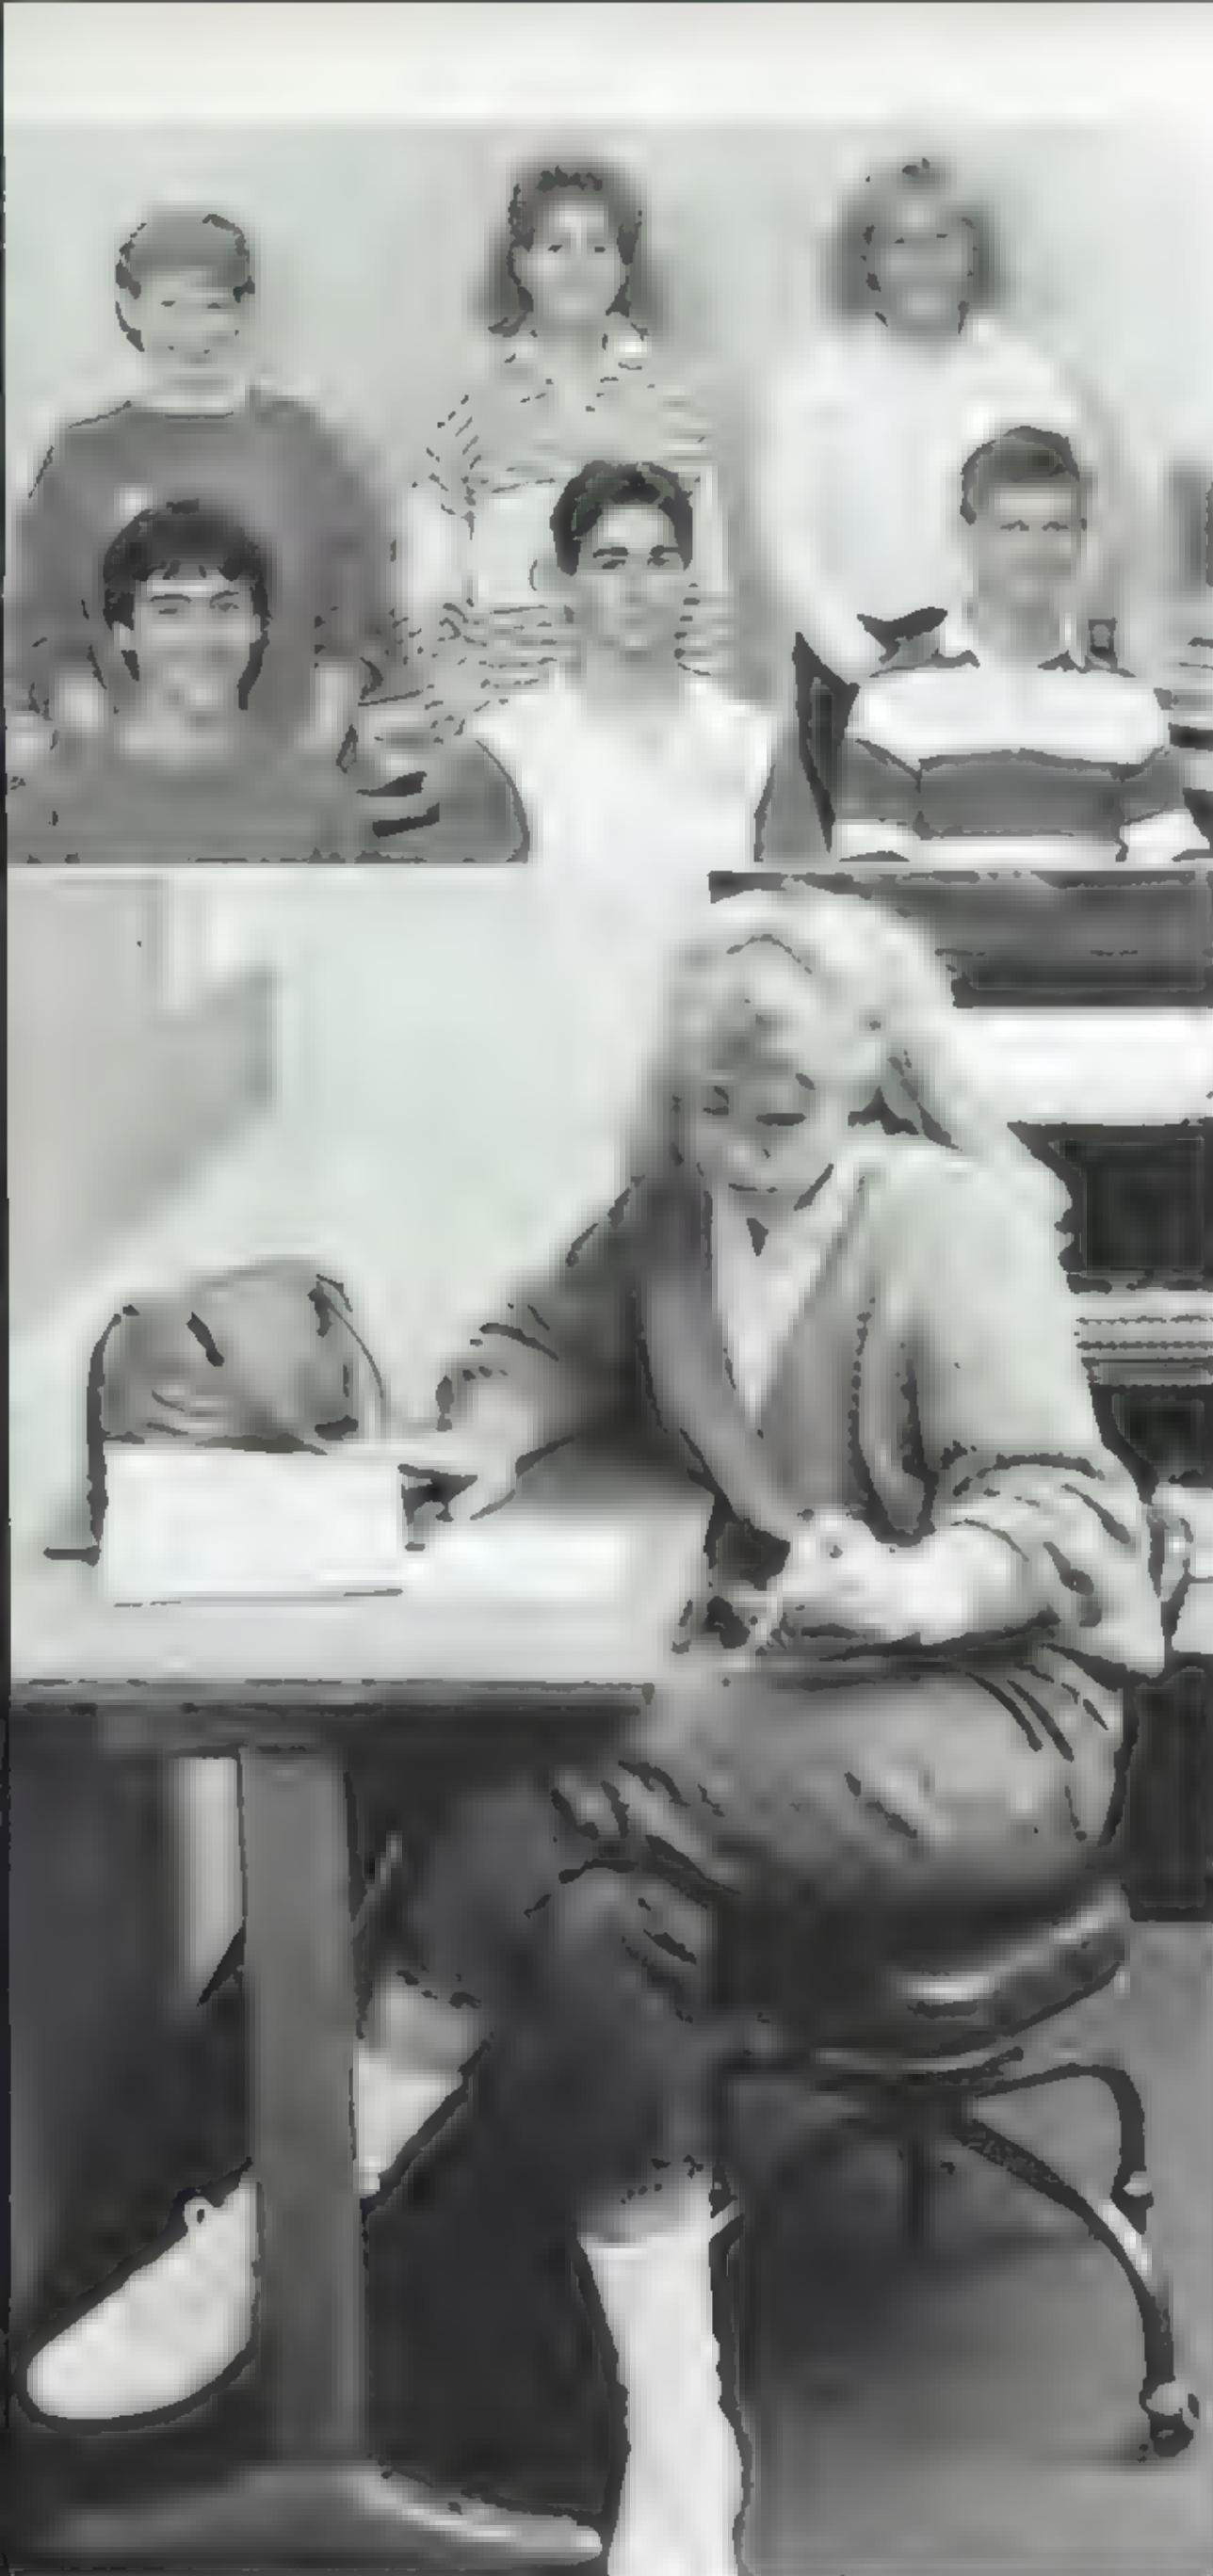

The media center aides help out Mrs. Pritchard and Mrs. Mader in the library. These helpers restock shelves with returned books, and deliver notices to students with overdue books. At the end of the year, they help to store the books for the summer.

The new group of faces is the computer aides. These whizzes help students with computer programming and operation. Many students that were unable to schedule a computer class took advantage of this new opportunity.

No matter what their job, all of the aides help to make THS run smoother. These helpers are greatly appreciated by all of the faculty members.

"What Is OWE?"

A new student at THS might be heard asking, "What exactly is OWE?" The answer; an alternate method of getting an education and an opportunity to work as well.

OWE stands for Occupational Work Experience. In the morning, the students in OWE attend classes at the high school, but ones of a different nature. They learn about budgeting, finances, and tax forms. They are also taught how to make resumes, how to fill out applications, and how to impress an employer during an interview.

In the afternoons, the students go to work in the real world. OWE students often work in restaurants to business offices. It is up to the students and their choice of career.

OWE students also work for charity. All year long the students collect canned goods for local needy baskets. Their efforts help to feed the poor and hungry families in Tipp City and the surrounding areas.

The requirements for being in OWE are to be 16 years old, employable, and willing to work at least 15 hours a week.

OWE helps to prepare students for the future. OWE students gain the benefits of getting an education as well as being a working member of society.

Page 106: a. Kim Evans goes through some paperwork at Burger King. Not all restaurant work is cooking food. b. OWE students prepare food item for a local needy basket. The students have participated in the needy basket campaign all year long. c. Tonya Edinger operates a meat slicer at Smitty's Pizza. Tonya also helps to make the pizza.

Sharlene Battaglia asks for some comments from her peers on her speech for the OWE banquet.

Canoe Is Successful

THS's yearbook, the *Canoe*, isn't just any ordinary yearbook. The *Canoe* is a yearbook that is known nationwide for its theme development, layout design, and copy writing. Taylor Publishing Company is currently using the 1986 *Canoe* as a sample for national yearbook workshops and conventions.

In the summer of 1986, the 1987 *Canoe* was designed at yearbook camp which was held at Kenyon College. With a magazine theme and a slogan of "Time for Success," the *Canoe* received first place in theme development and second place in layout design.

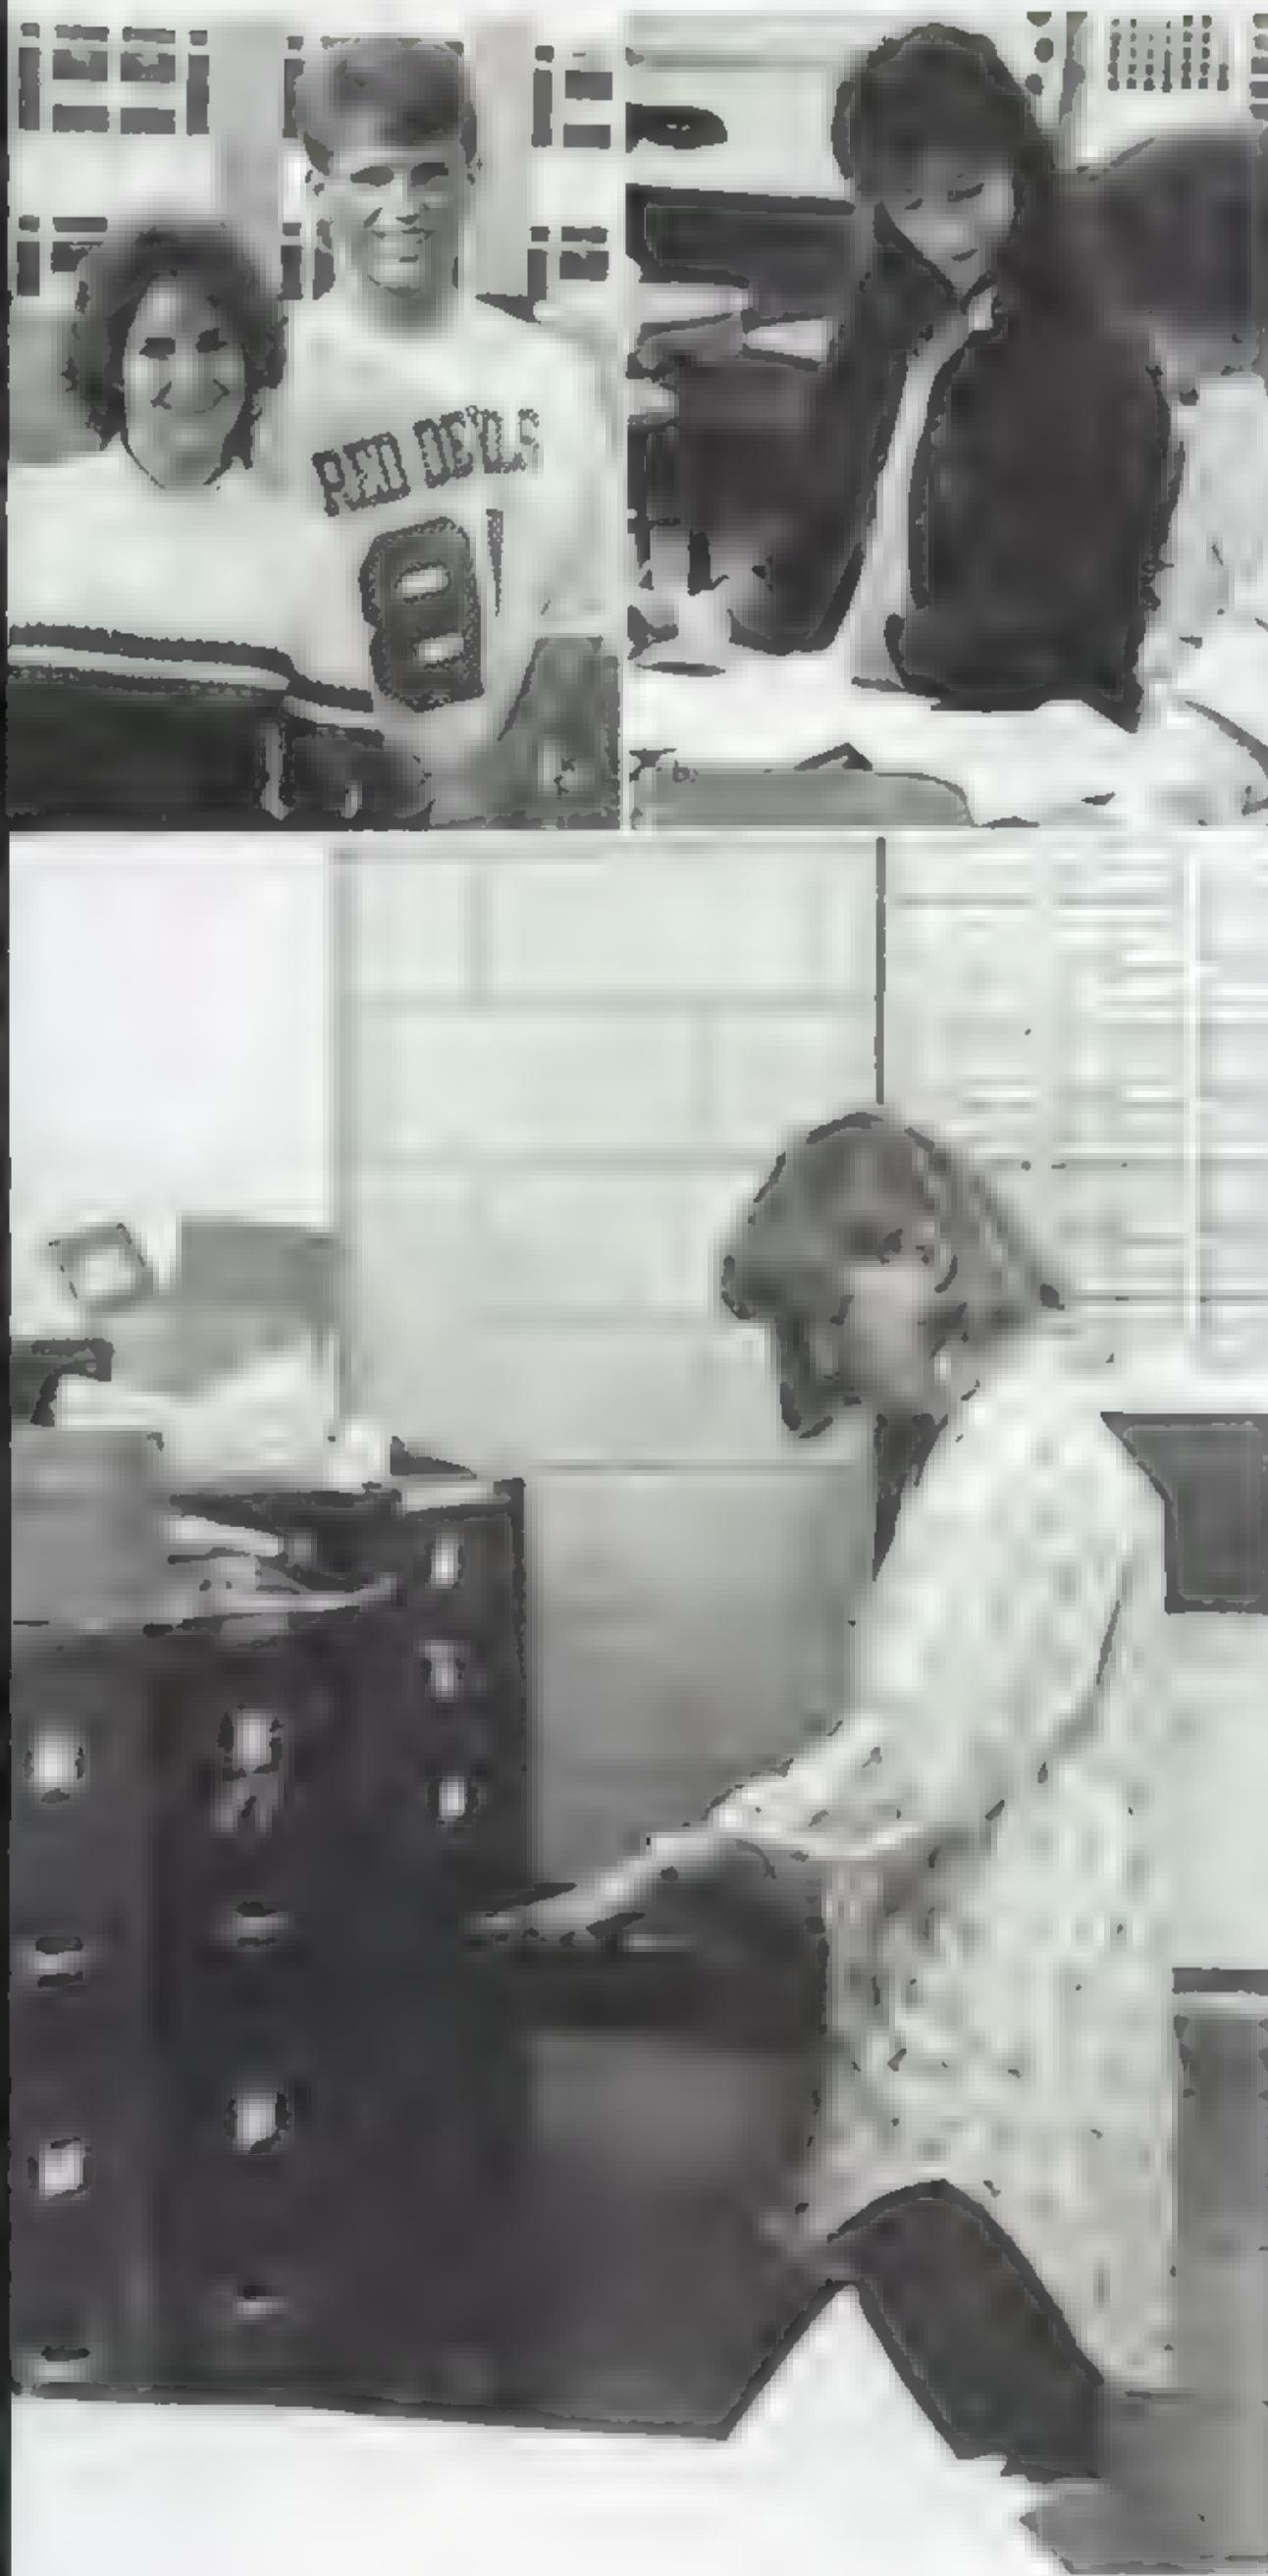

The theme of "Time for Success" is revealed in every aspect of the book. The color cover emphasizes the look of a national magazine. Each section of the book is set off by an appropriate magazine

There were several changes made for the 1987 *Canoe*. The largest change in the book was the addition of sixteen more pages. This addition caused a slight price jump in comparison to the \$900 that it cost the *Canoe* staff. The *Canoe* also tried a new method of producing pages through the use of a computer.

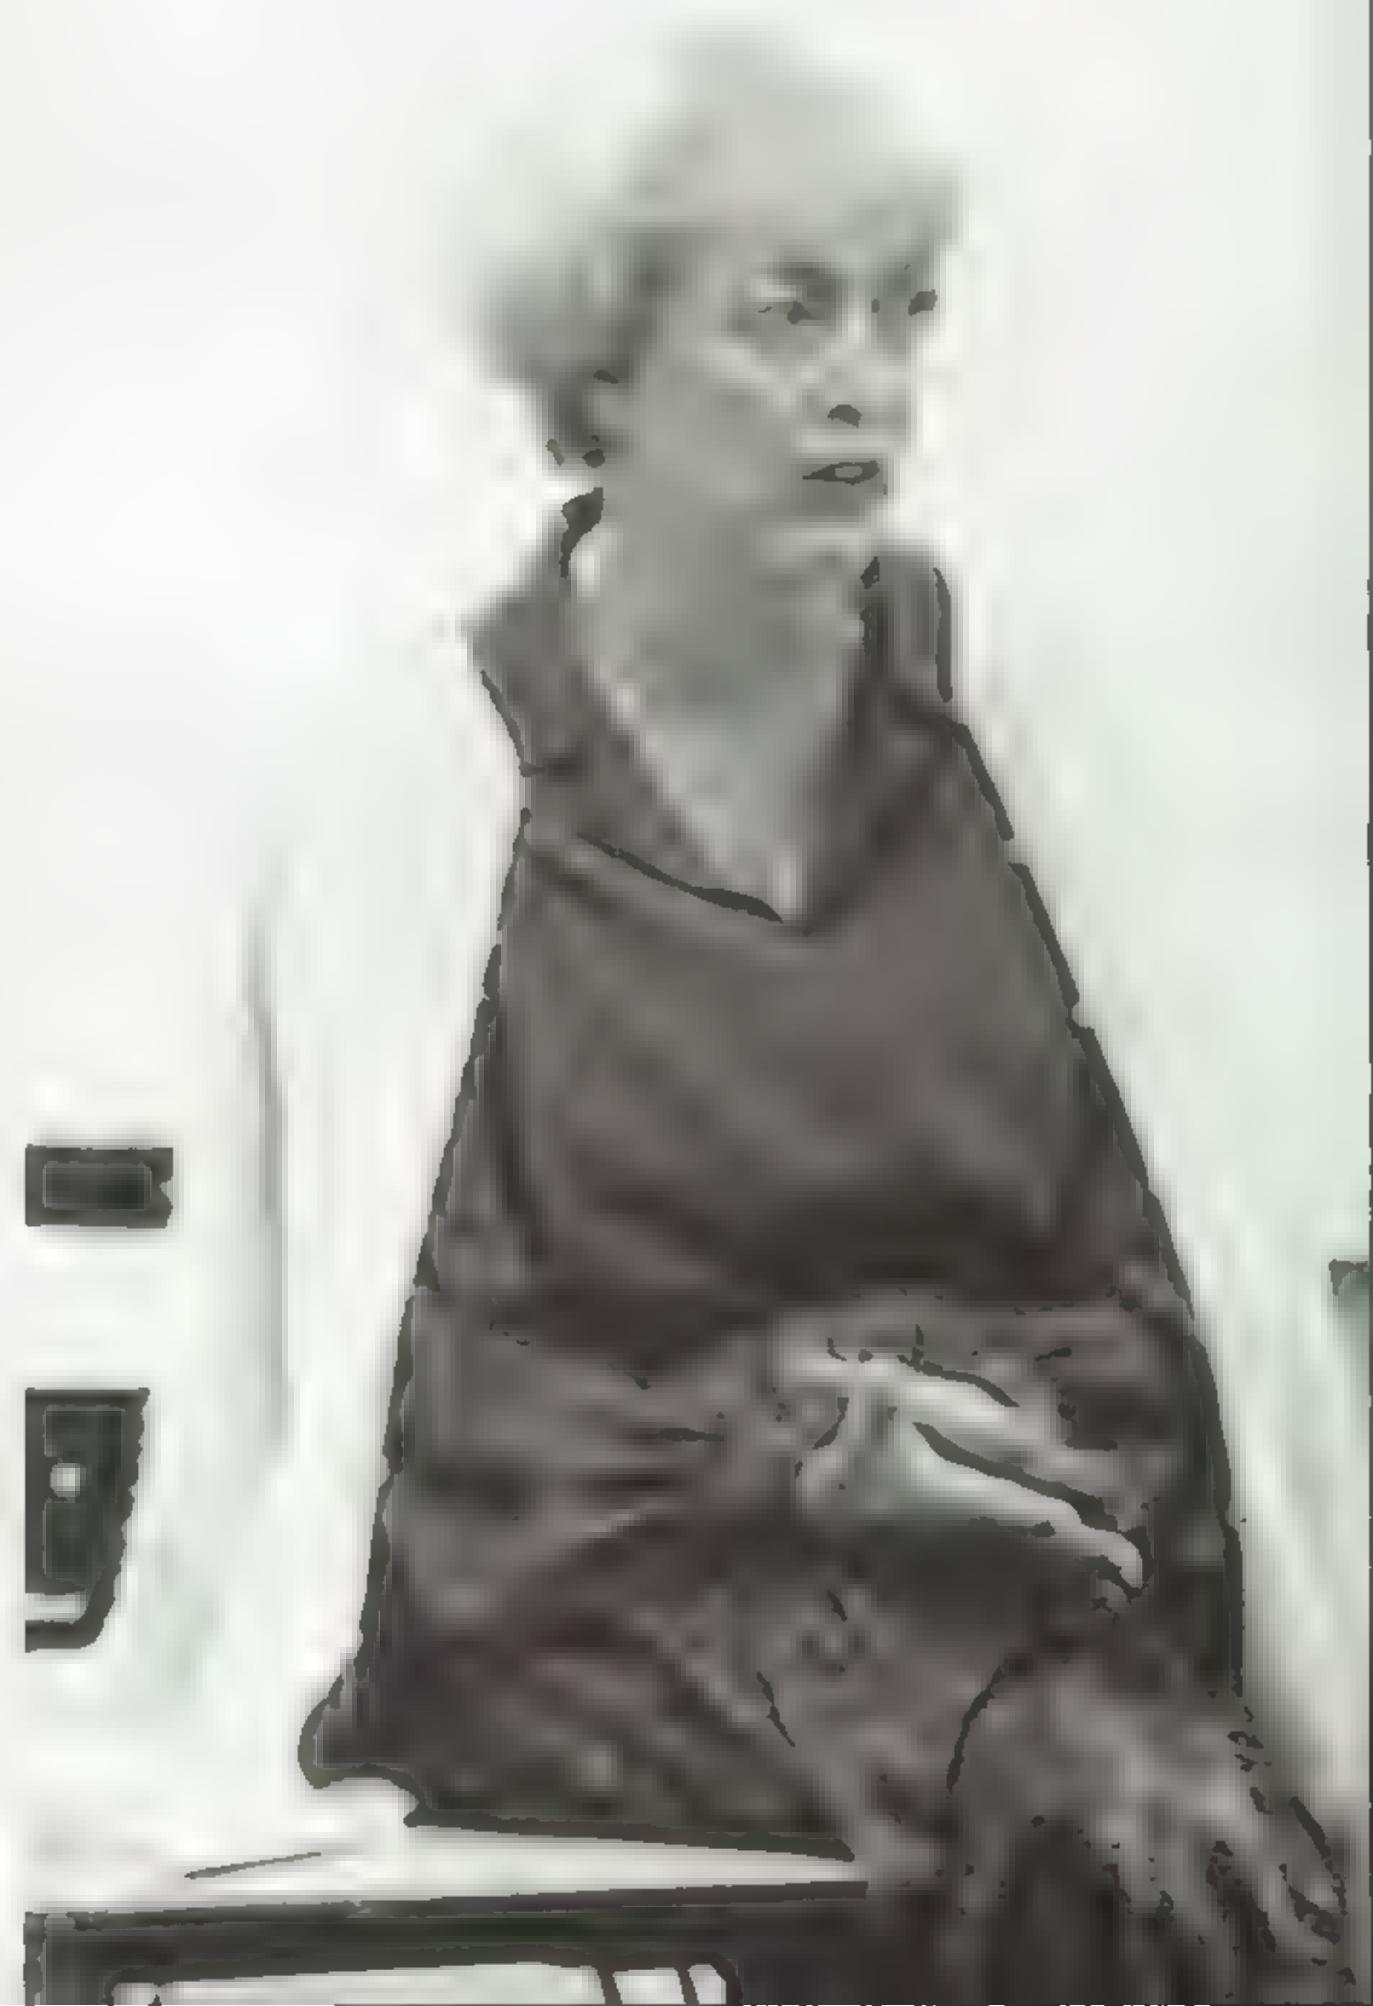

Producing a yearbook is a long and detailed process. From theme development to editing, the *Canoe* staff tries to make this book as pleasing as possible to the students. The *Canoe* staff hopes that the faculty and the students will enjoy this book and the memories that it contains for years to come.

Row 2: Mike Watkins (Business Manager), Amanda Gomes, Tracy Simon, Christy Walton, and Melissa Hickey. Back Row: Laura Gross, Kelly Acord (Production Manager), Jamie Whitaker, Diane Clark, Bill Drewry (Sports Editor), Jason Sams, Melissa Otto, Diane Browder and Michelle Hickey. c. Senior Jodi Price explains the rules of picture cropping to Jason Sams. Jodi also served as the yearbook typist. d. Amanda Gomes, a new staff member, listens attentively to Mrs. Wilson as she gives a crash course in yearbooking. The course taught members all that they needed to know about producing layouts. e. Senior sports editor Bill Drewry takes it upon himself to do his own typing. The sports section was a very large job for a new member, but Bill managed very well. f. Senior Diane Clark goes through the final checklist before turning in her sports pages. Diane was just one of the many staff members that helped with the sports section. g. Junior Michelle Hickey arranges her fresh man pictures so that they can be mailed. The most important part of the yearbook is meeting the shipping deadlines.

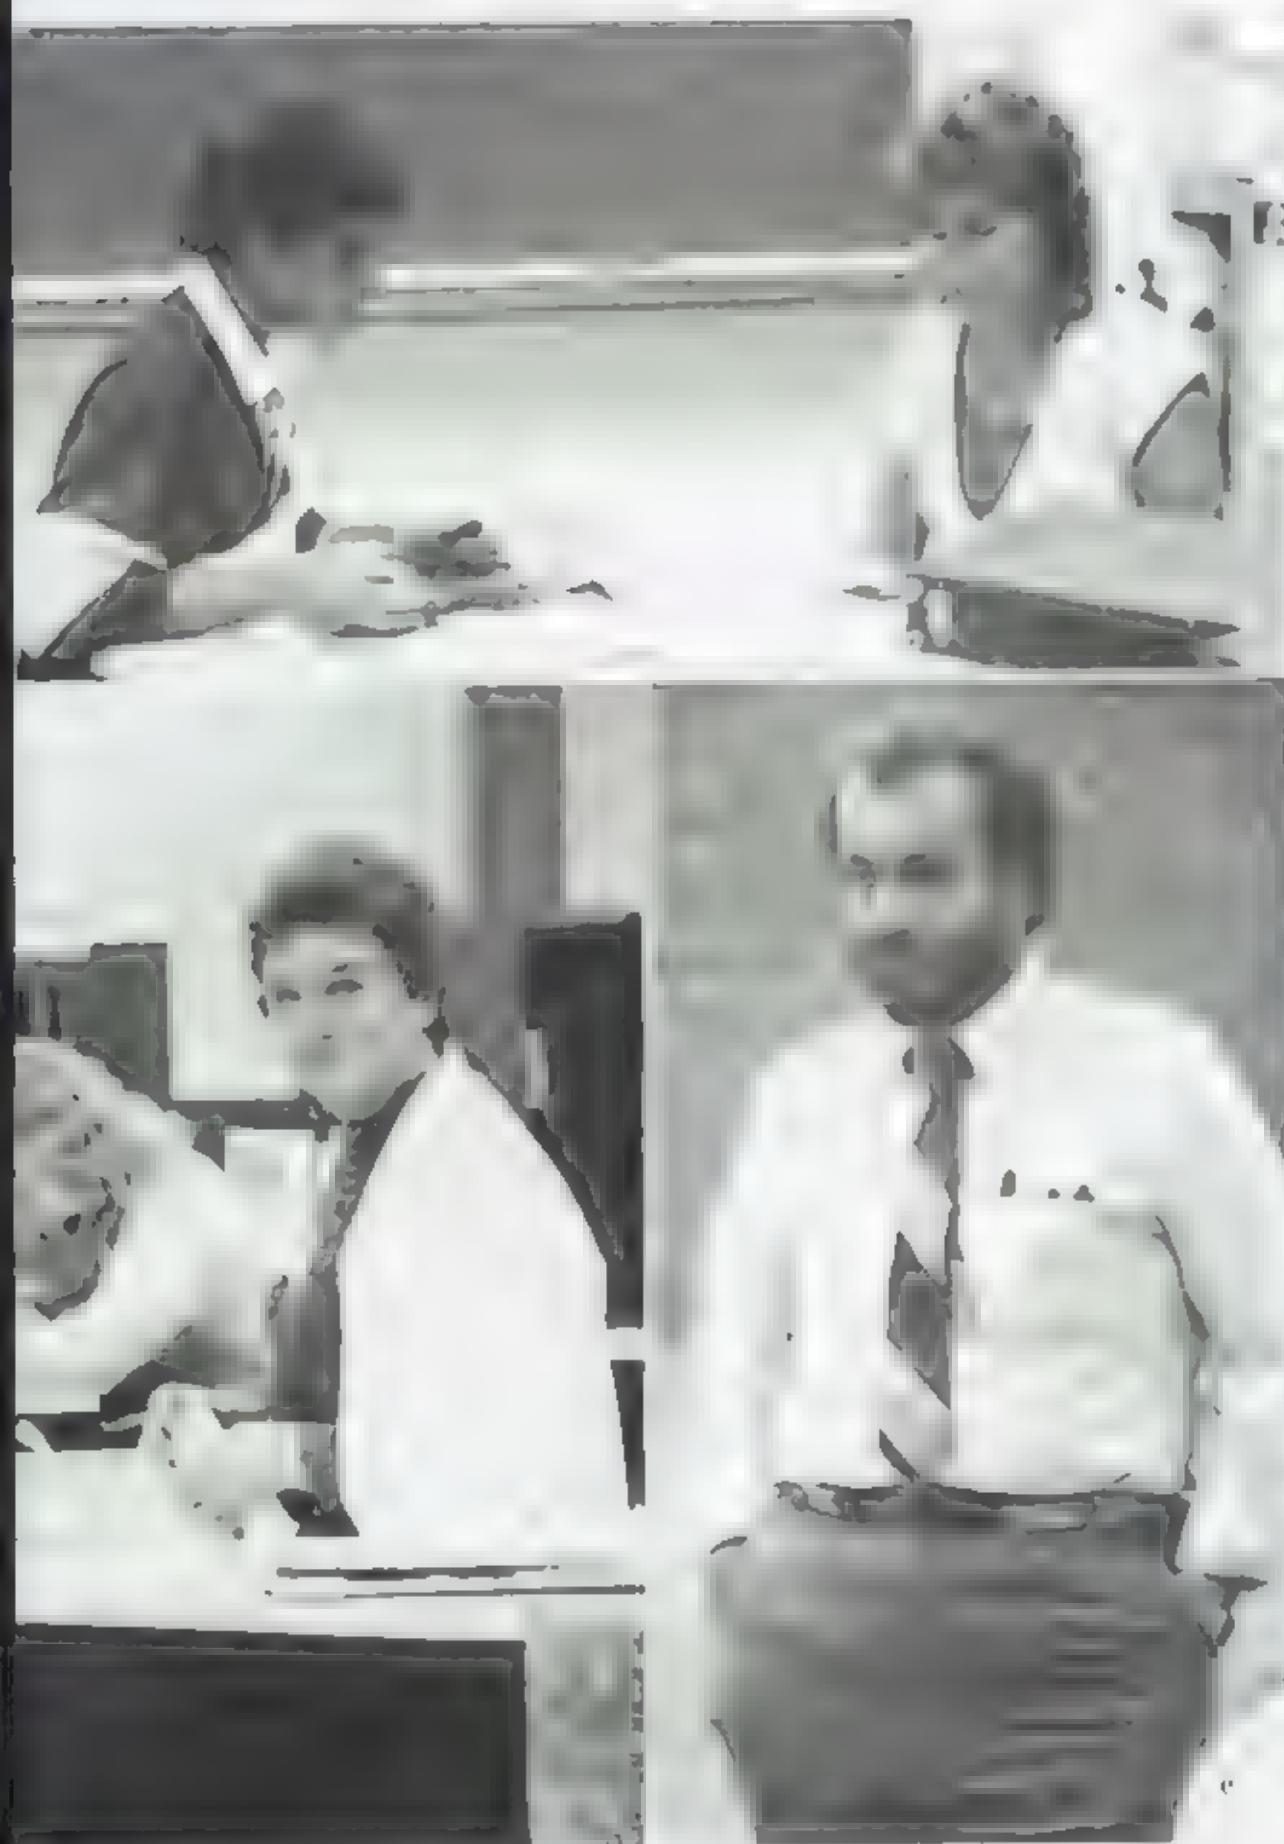

Page 109: a. Seniors Shawn Wilson and Bud Heckman were this year's Co-Editors-in-Chief. The editors' job is to correct any and hopefully all mistakes made by staff members. b. Class editor Diane Browder gives Melissa Hickey some new ideas for new organization pages. As a second year staff member, Diane was often asked for help by newcomers. c. Senior Laura Gross goes through the tedious job of finding pictures. Laura helped with the activities and organizations pages.

From Top to Bottom

Going from the very top to the very bottom isn't very easy, as the freshmen class may tell you. Sure, you were the creme of the crop, or the king of the hill, but now you're just a freshman. Many upperclassmen look down on freshmen, but any freshmen have learned to hold their chins up high.

At the beginning of the year, the *Canoe* staff handed out a questionnaire to all freshmen. The first ques-

tion asked was "Use one word to describe your first impression of high school?" After tallying the results, the word "different" beat out all the rest. When it came to scholastic courses, many freshmen felt the Biology and Health would be the toughest. They were right. As the year pressed on, these two classes still seemed to be the most mind boggling courses.

Although freshmen may be at

the bottom, they climb up the ladder higher and higher every year. Once you get to the top as a senior, you fall right back down to the bottom as college begins. Life is a constant process of ups and downs; being a freshman in high school is just the beginning.

New Faces at THS

Being new to a high school isn't the easiest thing in life. This year there were eleven freshmen new to Tipp City.

When someone is new anywhere, there are adjustments that must be made. People have to adjust to new surroundings. To be "a hit", they have to make new friends, and get involved in school by joining a club or by playing a sport. By showing people their best abilities a new student gets noticed.

The worst thing that a new student could do is to hide in a corner and not get involved. By hiding in a corner the student is only his or herself.

Being new can be an adventure. It gives students a chance to make new friends and to get involved in new activities. The best thing to do at a new school is to just be yourself and enjoy life.

What's So Special About "16"?

According to most teenagers, there is something magical about turning sixteen. What is that magic thing that happens at age sixteen? Sixteen year olds get their license! Sophomore students consider getting their license one of the highlights of the year. Some students need a license to commute back and forth from work. However, most students just want their license to be able to get up and go somewhere.

What happens after you do turn

sixteen and get a license? After awhile, many students think that it's no big deal and begin to take their license for granted.

Hopefully all students will consider getting their license something special, and will accept the responsibility that having a license entails. Even if you're not sixteen yet, be patient, it will come in time. When you do turn sixteen, enjoy it, because it'll be over before you know it.

JUNIORS

During certain times of the year along the junior and senior hall, one may hear snatches of conversation pertaining to the ACT here and there among gossiping groups of students. "Unfair", said Lynnea Jordan, since the test covered some classes which she had not taken. "A big waste of time", Shawn Wilson said, however, she admitted that it was helpful in showing what college tests might be like.

The ACT stands for the American College Testing. This is a test that all students who are planning to go to

college or technical schools must take. The scores on these tests are becoming more important every year. These tests are given five times a year usually on a Saturday at the local testing center in Troy. Saturday morning, traditionally a sleep-in time, found the students to be extremely tired, which in turn made things hard to concentrate, as students were required to be there no later than 8:00 a.m. After attendance was taken and seating assigned, students received their test booklet. Two and a half hours later everything came to a grinding

halt. Booklets were stacked and turned in. These past hours were spent with the students wading through a myriad of questions covering English, math, natural science, and social studies.

Overall, by suffering through the ACT for part of a day, it still seemed to pay off in the end for some of these people and most of all to the colleges, who only admit students by these scores.

JVS: An Alternative

Before school, certain students may be seen wearing jackets that say MCJVS Auto Body or MCJVS Cosmetology. Not understanding, many students shrug their shoulders and walk on by. What is MCJVS? The letters stand for Montgomery County Joint Vocational School. JVS, like OWE, is an alternative to the regular school day.

JVS is a place where juniors and seniors may choose to go after completing all of the requirements for the first two years of school. Students

that have decided on a career choice by the end of their sophomore year often decide to go to JVS instead of college.

Juniors attending JVS start learning the basic ground rules for the perspective careers. Often times, the students travel to area businesses to observe professionals in their fields. Once all the basics are perfected, the juniors advance to the higher level of work their senior year.

Juniors at JVS include: Lisa Adkins, Monica Allison, Pam Arm-

strong, Gail Baker, David Couch, Willi Couch, Doug Crowell, Jeff Elam, Mar Fitzharris, Ron Foreman, Kim Francis, Mary Ann Gaeke, Angela Gallagher, Jenny Garwood, Connie Huelsman, Paul Mangles, Tracey McKittrick, Michelle Mikel, Walt Moore, Michel Parks, Brad Quillen, Steve Radclif, Steve Reed, Jeanne Reger, Susan Rhoades, Charles Ringo, Bobby Shield, Thomas Schmit, David Siders, Donny Snyder, Jennifer Sowers, Lisa Tandy, Kelly Taylor, Leeann Wickersham, John Holmes

JVS: An Alternative

The MCJVS offers courses in everything from auto body to agriculture, and restaurant services to law enforcement. The training that students receive at MCJVS can prepare them for a lifelong career after high school.

Students at JVS spend the majority of their time in the classroom working on job related activities, however, JVS offers extracurricular clubs as well. Several students belong to clubs such as VICA, FFA, and OEA. VICA, Vocational Industrial Clubs of

America) is by far the largest club offered at JVS. It is especially for students that plan to have a career in the field of industry. The FFA, (Future Farmers of America) is designed for agricultural specialists. Students enrolled in the business courses at JVS often join OEA, (the Office Education Association)

Deciding between JVS and THS may be a difficult choice for some students. Either choice gets the student an education and career training. Only each individual student can

decide whether or not JVS is the type of education for them.

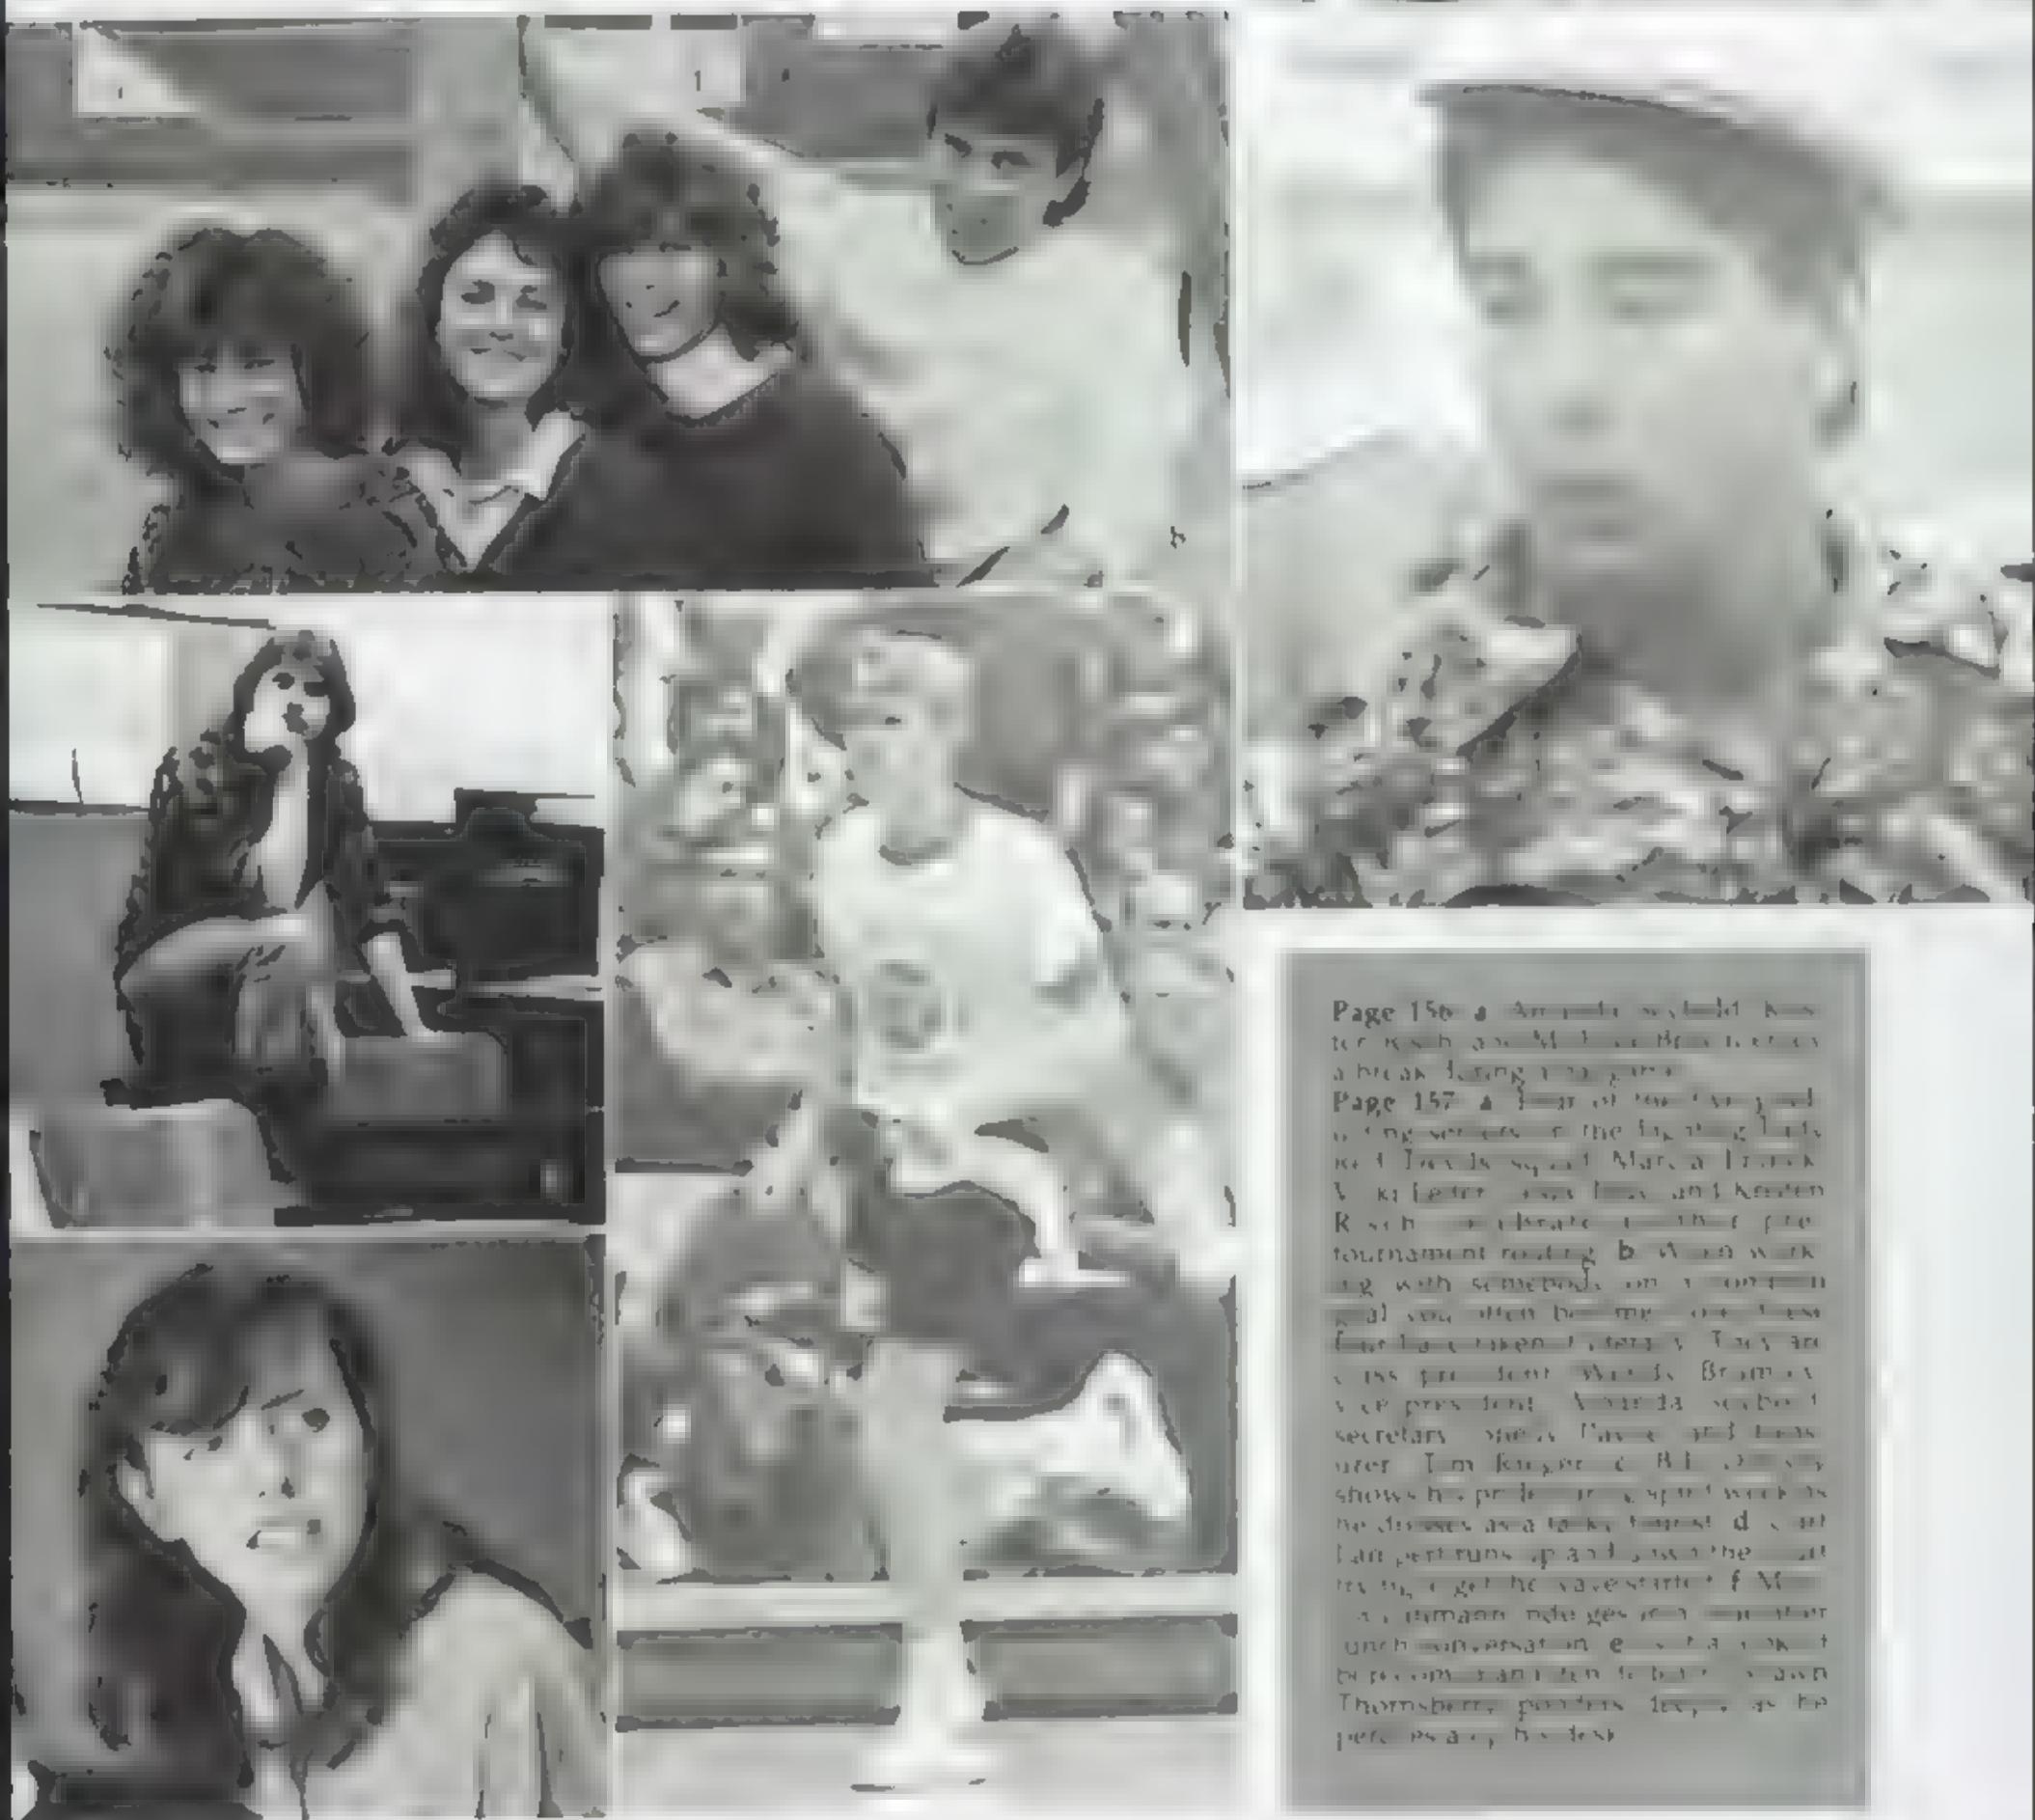

Seniors at JVS include: Mark Adkins, Kristen Bayliff, Brian Biser, Jennifer Brady, Dennis Bucher, Dan Daniels, Tammy Dunlavy, Rob England, Dianna Fike, Dawn Forman, Michael Haworth, Tony Homer, James Jackson, Michael Little, Kevin McAdams, Rick McGee, Andy McGraw, Keith Miller, Bill Moore, Brian Moore, Tina Polley, John Sanders, Brian Snell, James Stinson, Tracy Trochelman, Chris Tucker, Michael Underwood, and John Wullenweber.

Individuals With Class

The year was 1983 and most of us were fourteen years old. We finally made it to the "big" high school. The only drawback was that we had to become friends with the kids from our archrival middle school. It was tough at first, but after a few weeks we were one in the same, and all rowdy!

Mrs. Alder told us to straighten up our act that we were rude and pushy in the halls and as always was the case, she got her way.

Leadership came from elected officers-president, Bud Heckman; vice-president, Kristen Risch; secretary, Julie Brown; treasurer, Wendy Brumley. They made us sell pizzas and subs and told us we had to start saving money for a prom that was three and a half years away.

Most certainly, we are all familiar with arteriosclerosis, we saw the slide of it thirty six times in health class! Or was it thirty seven? The vast majority of us did some handy surgical work on a fetal pig and collected flowers and leaves. "Romeo and Juliet" and Pip's "Great Expectations" filled our literary appetite, while "Stalag 17" served as assembly entertainment.

Homecoming, for those who attended, was "An Evening In Ancient Greece," while Prom maintained an Oriental atmosphere.

The only bad thing about our first year was the loss of classmate John David Schaefer in the early fall.

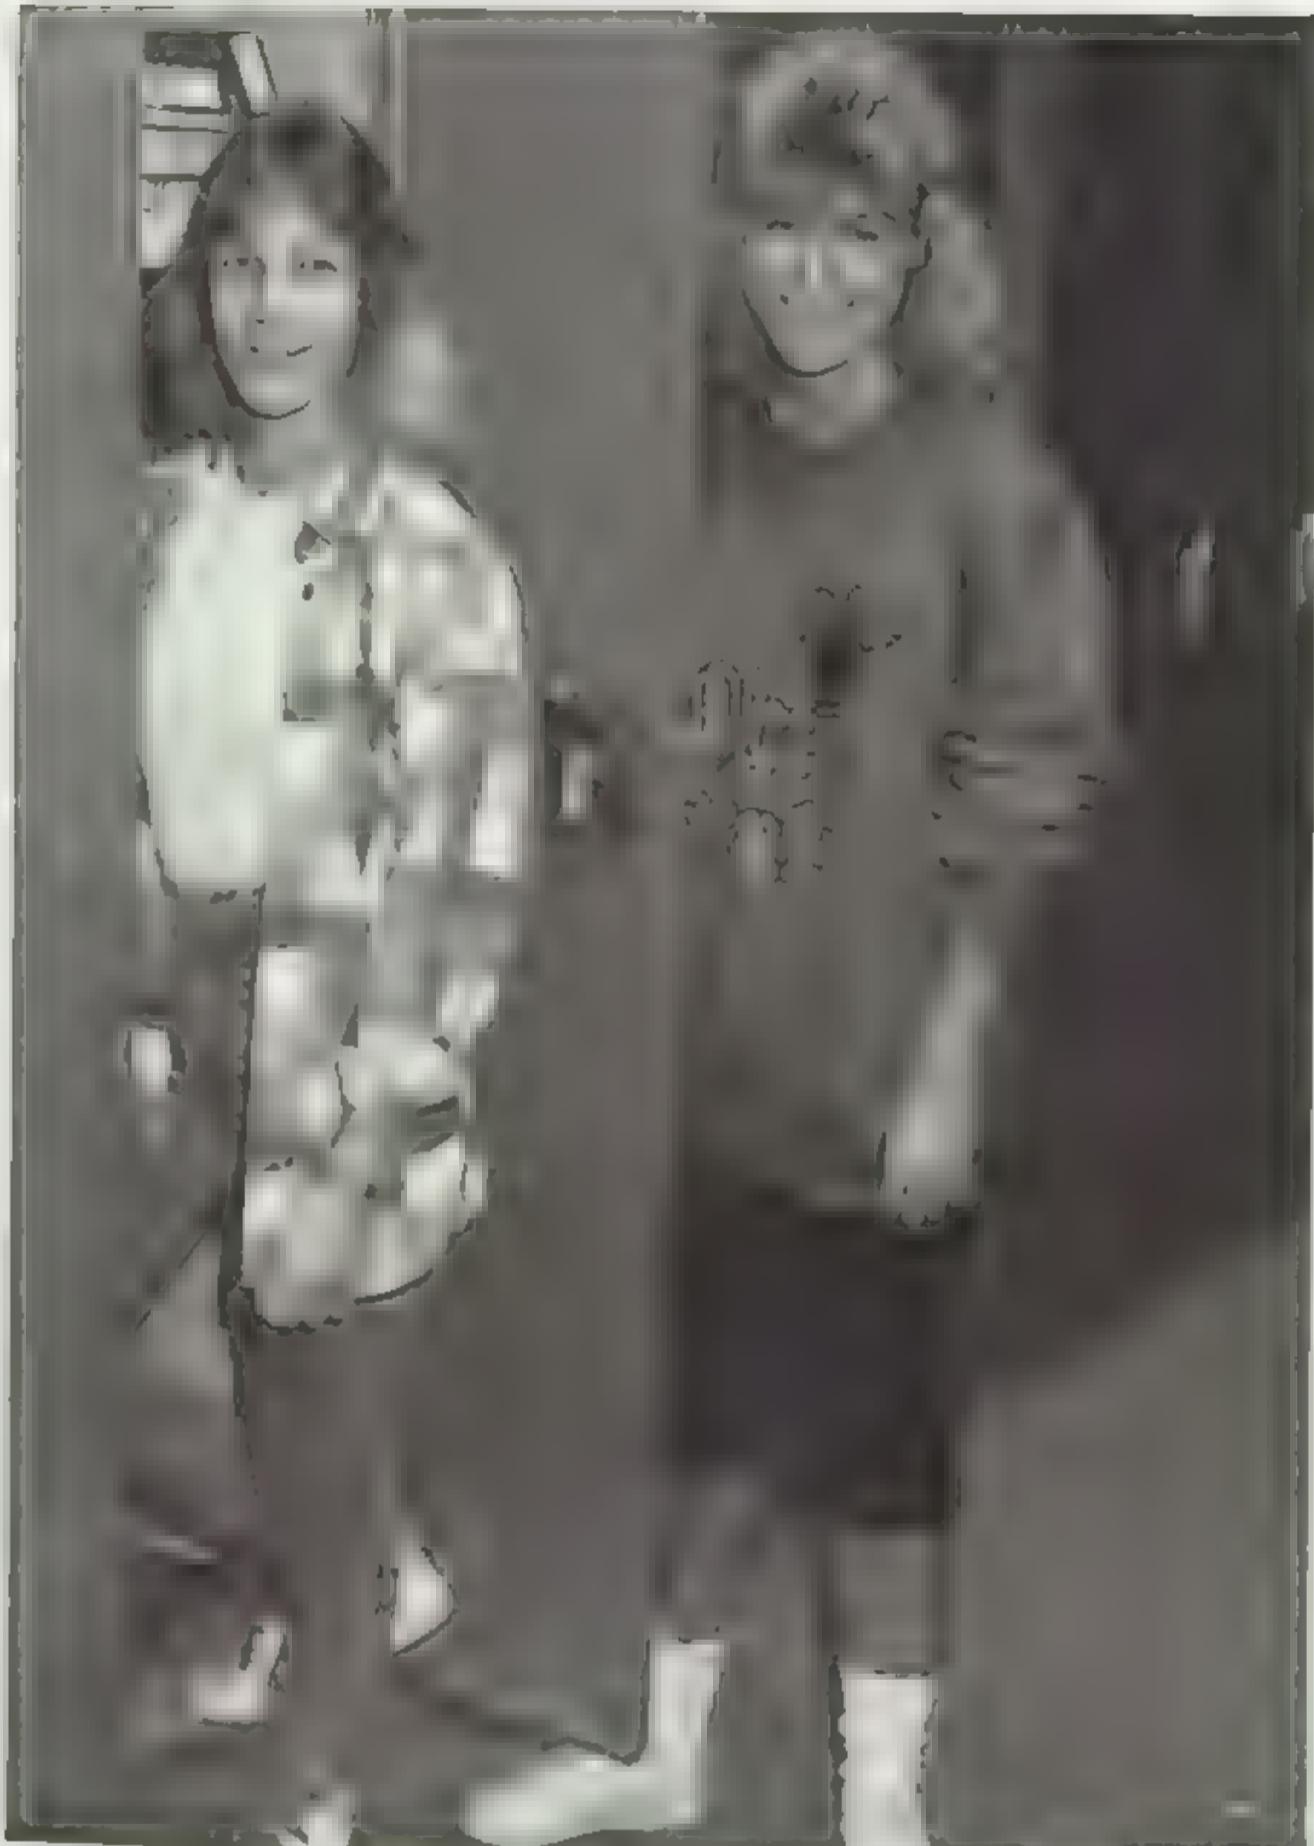

The officers for the sophomore year: president, Sharon Davis; vice-president, Julie Brown; secretary, Beth Sellers; treasurer, Wendy Brumley; had a little too much to deal with. For their classmates were now allowed to start driving, to purchase class rings, and to partake in the famed ASVAB "farm incident." We sold T-shirts to muster funds.

We stuck to the basics in English, only catching a whiff of Thoreau, Poe, and some Julius Caesar. We survived "West Side Story" with the rest of the school.

Homecoming brought us a win in football and the theme "Enchanted Forest." Prom added "A Touch of Class" to our lives.

Page 158: a. Robin Houndsell and Jenny Erickson hangout by their lockers. The lockers were a favorite hangout for the seniors. b. Shawn Wilson and Bud Heckman work together to get their job completed. Working together, Shawn and Bud showed what could be done when people unite to achieve a specific goal.

Rodney Sheppard sits up on Jaydee Blair's shoulders during the game. The seniors sometimes got extremely rowdy at times during the season. c. Tracy Simon looks up from her work. Richard along with some other guys were yell leaders at the tournament games. f. Andi Turner and Joe Graf think about all the fun they will have graduation night. g. Jeff Elliot messes around for the camera. Throughout the year, Jeff was fun for everyone. h. Michelle Eustache hurries to volleyball practice. Michelle, along with other senior athletes, enjoyed the extra hour of free time.

Individuals with Class

Rowdiness in the school channeled into enthusiasm for life, as we became juniors. The signs of maturity became apparent under the design of president, Julie Brown, vice-president, Kristen Risch; secretary, Beth Ellers; and treasurer, Wendy Brumley. They had the enormous task of putting together Prom '86 and raising funds through the sale of M&M's.

We saw "Romancing The Stone" and paraded in Akron's James A. Rhodes Arena as the girl's had made it to state! Fourth place in Spring Fling didn't hurt our pride any, as we turned around the next year and destroyed the other three classes.

It was over, three down and one to go, and what fun that last one was. We became known as a class of individuals but individuals with class. We had tremendous energy and potential. We just showed it only when we wanted to do so. Ralph Suter summed it up best, when he said, "you're a class with a lot of enthusiasm, it's just not school, it's for life."

Class officers, president, Wendy Brumley; vice-president, Amanda Seybold; secretary, Kelly Payne; and treasurer, Tim Reiger led through ordering announcements, caps and gowns, and voting for class superlatives, flower, song, etc. They helped us pull a fantastic production at skits and protected several senior breakfasts. Even with all of these benefits, we still got out of school early.

King Mike Baudendistel and Queen Beth Ellers touched our hearts at "White Nights," the homecoming, while King Jerry Land and Queen Sherri Lee reigned at "Prom '87." "We've Only Just Begun."

Most everyone took time from worrying about college, service, and careers to hit the "last C" and enjoy senior parties. We got the opportunity to watch the girl's return to St. John's, this time at St. John's and with less work.

Back To The Future" and "Voices" served as our film entertainment. We suffered through English literature and those "g" term papers. Memories of "Beowulf" and "Macbeth" will forever be with us, as well as some of our readings in "Time." We won Spring Fling and Powderpuff and got the All-Sports Trophy. We had not let anyone down, and left with our heads high. We were and are the famed Class of '87.

Seniors, Lost?!?

Seniors, lost?!? Now that's incredible! It's natural for a freshman or a new student to get lost in THS, but a 4 year senior ... never!

Needless to say, that is what happened at the beginning of the 1986-87 school year. The reason behind the confused seniors was the redesigning of what was once the open area. No longer could two and three classes be heard at once. Some rooms were enlarged while others were created. Hallways appeared where rooms used

to be, the media center doubled in size, and all of the classrooms had wooden doors.

It took some time to get used to the new "300" area. No longer could seniors wave at friends passing by in the halls, or listen to another class if theirs got boring. As the year progressed, seniors and other students got used to the changes and grew to like them. Seniors stopped getting lost in the new area and started to get lost in their studies.

Hold on to the Moment

Single file and yet together,
We have shared our greatest days.
And we have common memories
In different ways.

Though we don't know where we're going,
We will cherish where we've been.
I want to cry.
I want to shout . . .
Want to let this feeling out.

Hold on to the moment.
Let the feelings show.
Hold on to the moment.
Never let it go.

I can picture us together
With my arms around my friends.
Just let me hold on to this moment,
Before it ends.
There was laughter. There were tears,
Through the dozen golden years.

PDA Taboo at THS

PDA. What exactly is it and why is it taboo at THS? The initials PDA stand for public display of affection, something that is definitely outlawed at THS.

Administrators at THS start the first day of school warning couples about PDA. The student handbook defines the limits of PDA, however, certain advisors have been known to bend these statutes. Hand-holding, at a distance mind you, is the only acceptable form of PDA at THS, according to the handbook. Away from the handbook, teachers will allow students to walk arm-in-arm, and even will let them sneak a kiss or two.

As every student of THS knows, more than hand-holding is practiced daily in the halls. Some of the older teachers call it spooning or necking, while the students call it making out. Some favorite places for couples are the bandroom and practice rooms, inside lockers, the art room, and the back lobby.

The penalties for being affectionate in the hallways and classrooms are very strict. Depending on the degree of PDA, the degree of punishment follows suit. It varies from being pulled aside by a teacher to being called to the office and explaining to your parents why you are there.

No matter what punishment is inflicted, there will always be young love and couples that are willing to tempt fate and show their affections.

Page 178: a. Caught hammung it up in the halls, avid Summers and Heidi Houston decide to pose for a picture. Playful displays such as these are considered PDA. b. PDA has no class barriers, as these freshmen are caught in an affectionate position. c. Even the vice principal's son, Chad Hill can be seen performing public displays of affection with Amy Stump. d. Saying goodbye for the class period is a time when PDA is abound. e. Hand holding, at a distance, is the only form of PDA that Mrs. Alder will allow. f. Leslie LaBreck gives boyfriend Daryl Bowling a congratulatory hug for winning his wrestling match. g. Couples are often seen together during the lunch hour. Bill Metzger and Leslie Jackson would rather enjoy each others company than enjoy their lunch.

Page 179: a. Long term couples such as Rodney and Amanda Crimes become a common sight in the halls. Rodney and Amanda were most often viewed in senior hall or around the art room. b. Homecoming dance is a great chance for couples to get away with PDA. Karl Peura and his date share a few intimate moments together.

Seniors Act Out

John Magness and Leslie LaBreck married? Sorry, it's the land of make-believe! The theme for Senior Skits was based on the married couple looking back at their high school memories on videotape

Who could have thought that we could have pulled it off with such a humorous show of skits and talent? We did, of course, and even without practicing the whole thing through! How could anyone forget the performance with Dean Cochran and his "old friends" from THS and the production of Bruce Springsteen's "Fire." So much talent and so much fun was enjoyed by all ... "Blue Moon"; "The Dating Game"; AS-VAB relived; "Twist and Shout" Hedges and Blair's outfits; Lea Ann Dankworth's dancing, Shelly Payne and Tim Reiger's severe "jamming"; and much more. It all ended in tears after the flashback slideshow, the look back at four years of fun by Wendy Brumley and Julie Brown, and a Barbra Streisand melody sung by Leslie LaBreck and Tim McAdams. Besides graduation, it would be the last thing we would do together as a class, and it was done well!

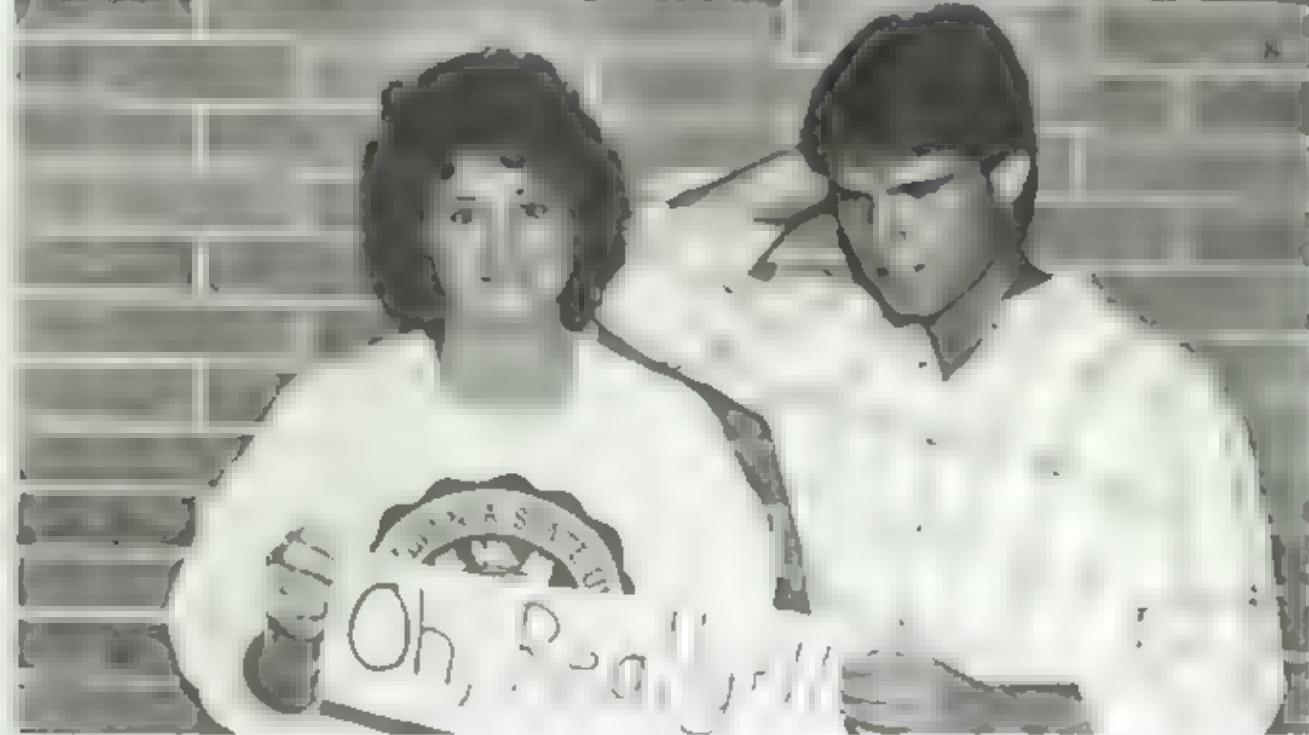

Page 180: a. Ooga Booga and Itchie Scratchie fresh from their return from Africa, fight over their banana. Better known as Jeff Elliot and Keith Earles, the pair made an appearance on Dean Cochran's visit to "This is your life." b. Lea Ann Dankworth struts her stuff in one of her song and dance acts. Lea Ann used her experience from choir and ensemble to create an expressive number. c. Shelly Payne wangs away at the Calladine-LaBreck version of "Twinkle-Twinkle." The key to all of the music in skits was Shelly, however, she had help from Tim Rieger and Matt Allen in the percussion section.

Page 181: a. "And Betty when you call me, you can call me Al," exclaims Rieger and his sonnete Tim. Brian, and David Price stole the audience with their madcap performance of the hit single from Paul Simon's *Graceland*. b. Mike and Kevin revisit their class at the 10-year reunion. Kevin and Mike make the perfect pair, as Kevin was Mike's favorite receiver in football. c. "Crazy party animals now turned

"Holy Rollers," Tracy Simon and Curt Lampert, return to convert their ex-classmates. d. Sherri Smith and Melba McCarter lip sync a 1950's song, "Blue Moon." With the motion dancing of Lynnea Jordon and Lea Ann Dankworth, the foursome was a big crowd pleaser. e. Bill Drewry, George, and Rodney Shephard and Cara Swisher, Mr. and Mrs. Cavett, play out a little pun on the *Newhart* show. Everyone, including the *Thelma* sisters, the Daryl brothers, and Stephanie and Michael wound up in bed singing "Chestnuts on an Open Fire." f. It's all the girls from *Hee Haw* gossipin' about the boys in their senior class and their wild ways with younger women. g. Is it the Bopsie twins? No, it's Cathy Calladine and Leslie LaBreck waking up the audience with their version of "Twinkle Twinkle."

Superb Seniors

Seniors had to make so many responsible choices those last few months of school. All the excitement and the confusion and now we were asked to look back at the past four years and pick out who had the best personality, cutest smile, most wits, etc. It wasn't easy, in fact, the voting was close with some ties even occurring. There were twenty-six categories ranging from Best Hall Roamers to Most Likely to Succeed. They were announced at one of the senior breakfasts.

They are as follows: Most Likely to be resident — Sharon Davis, Bud Heckman; Most Likely to Succeed — Sharon Davis, Bud Heckman; Cutest smile — Michelle Brown, Jason Wernick, Most Bashful — Michelle Johnson, Mike Monnin; Cutest Couple — Leslie LaBreck and Daryl Bowling; Biggest Flirt — Kim Copfer Jaydee Blair; Most Outspoken — Tiffany Edington, Richard Lea; Nicest Hair — Karen Maginnis, Mike Baundendistal; Best All-Around — Julie Brown, John Magness; Class Clown — Tracy Simon, John Baundendistal; Best Looking — Karen Maginnis, Mike Baundendistal; Most Athletic — Kristen Risch, Kevin Mader; Most Talented — Leslie LaBreck, Tim Reiger; Most Involved in School — Sharon Davis, Bud Heckman, Best Dressed — Lynne Baileys, Shaun Hodges; Most Polite — Amy Pahr, Jeff Moorman; Neatest Eyes — Cathi Liette, Chris Weir; Most Sophisticated — Lani Johnavitz, John Magness, Jim McAdams; Most Studious — Sharon Davis, Walt Neubauer; Most Conservative — Marla Fischer, Mark Koons, Most likely to be Remembered — Tiffany Edington, Jaydee Blair, Most Accident Prone — Carol Wilson, David Price; Best Personality — Tracy Simon, Ben Pearson, Best Hall Roamers — Cathy Calladine, Jaydee Blair; Most Changed — Julie Saal, Kurt Lampert; Most Naive — Amanda Seybold, Shaun Hodges.

Page 182: a. Julie Brown just does it all well. Julie was Best All Around along with John Magness who was the best player for the picture. b. Sharon Davis and Mike Baundendistal in the library? Not quite, that some is Walt Neubauer and they are the Most Studious in the class of '87. c. Jaydee Blair and Kim Copfer get caught foolin' around outside. Biggest Flirt was their aim to fame in Senior Superlatives. d. The kings of the court, just like King Midas, everything they touched turned to gold. Kristen "Sweet Pea" Risch and Kevin Mader "towered" over their opponents as they were picked Most Athletic. e. Oh Gosh, he's such a jink! She is such a babe! Those two goodlooking seniors, Karen Maginnis and Mike Baundendistal were chosen for Best Looking and Nicest Hair. f. Daryl Bowling swings his sweetheart Leslie LaBreck. They were selected for Cutest Couple of course. g. Now you're just kiddin' me! Amanda Seybold and Shaun Hodges show their the "Gullible" choice for Most

Page 183: a. Get Rowdy! Tracy Simon goes for a ride with her class clown buddy John Baundendistal. b. Model for a Colgate commercial? No. Jason Wernick and Michelle Brown are possibilities though, as they were selected for Cutest Smile.

An End and A Beginning

Beginning to an end, an end to a beginning ... none of us really knew what we were doing! The confusion, the butterflies, the relatives, the pictures, and the hats that kept falling off of our heads, it had finally come, graduation.

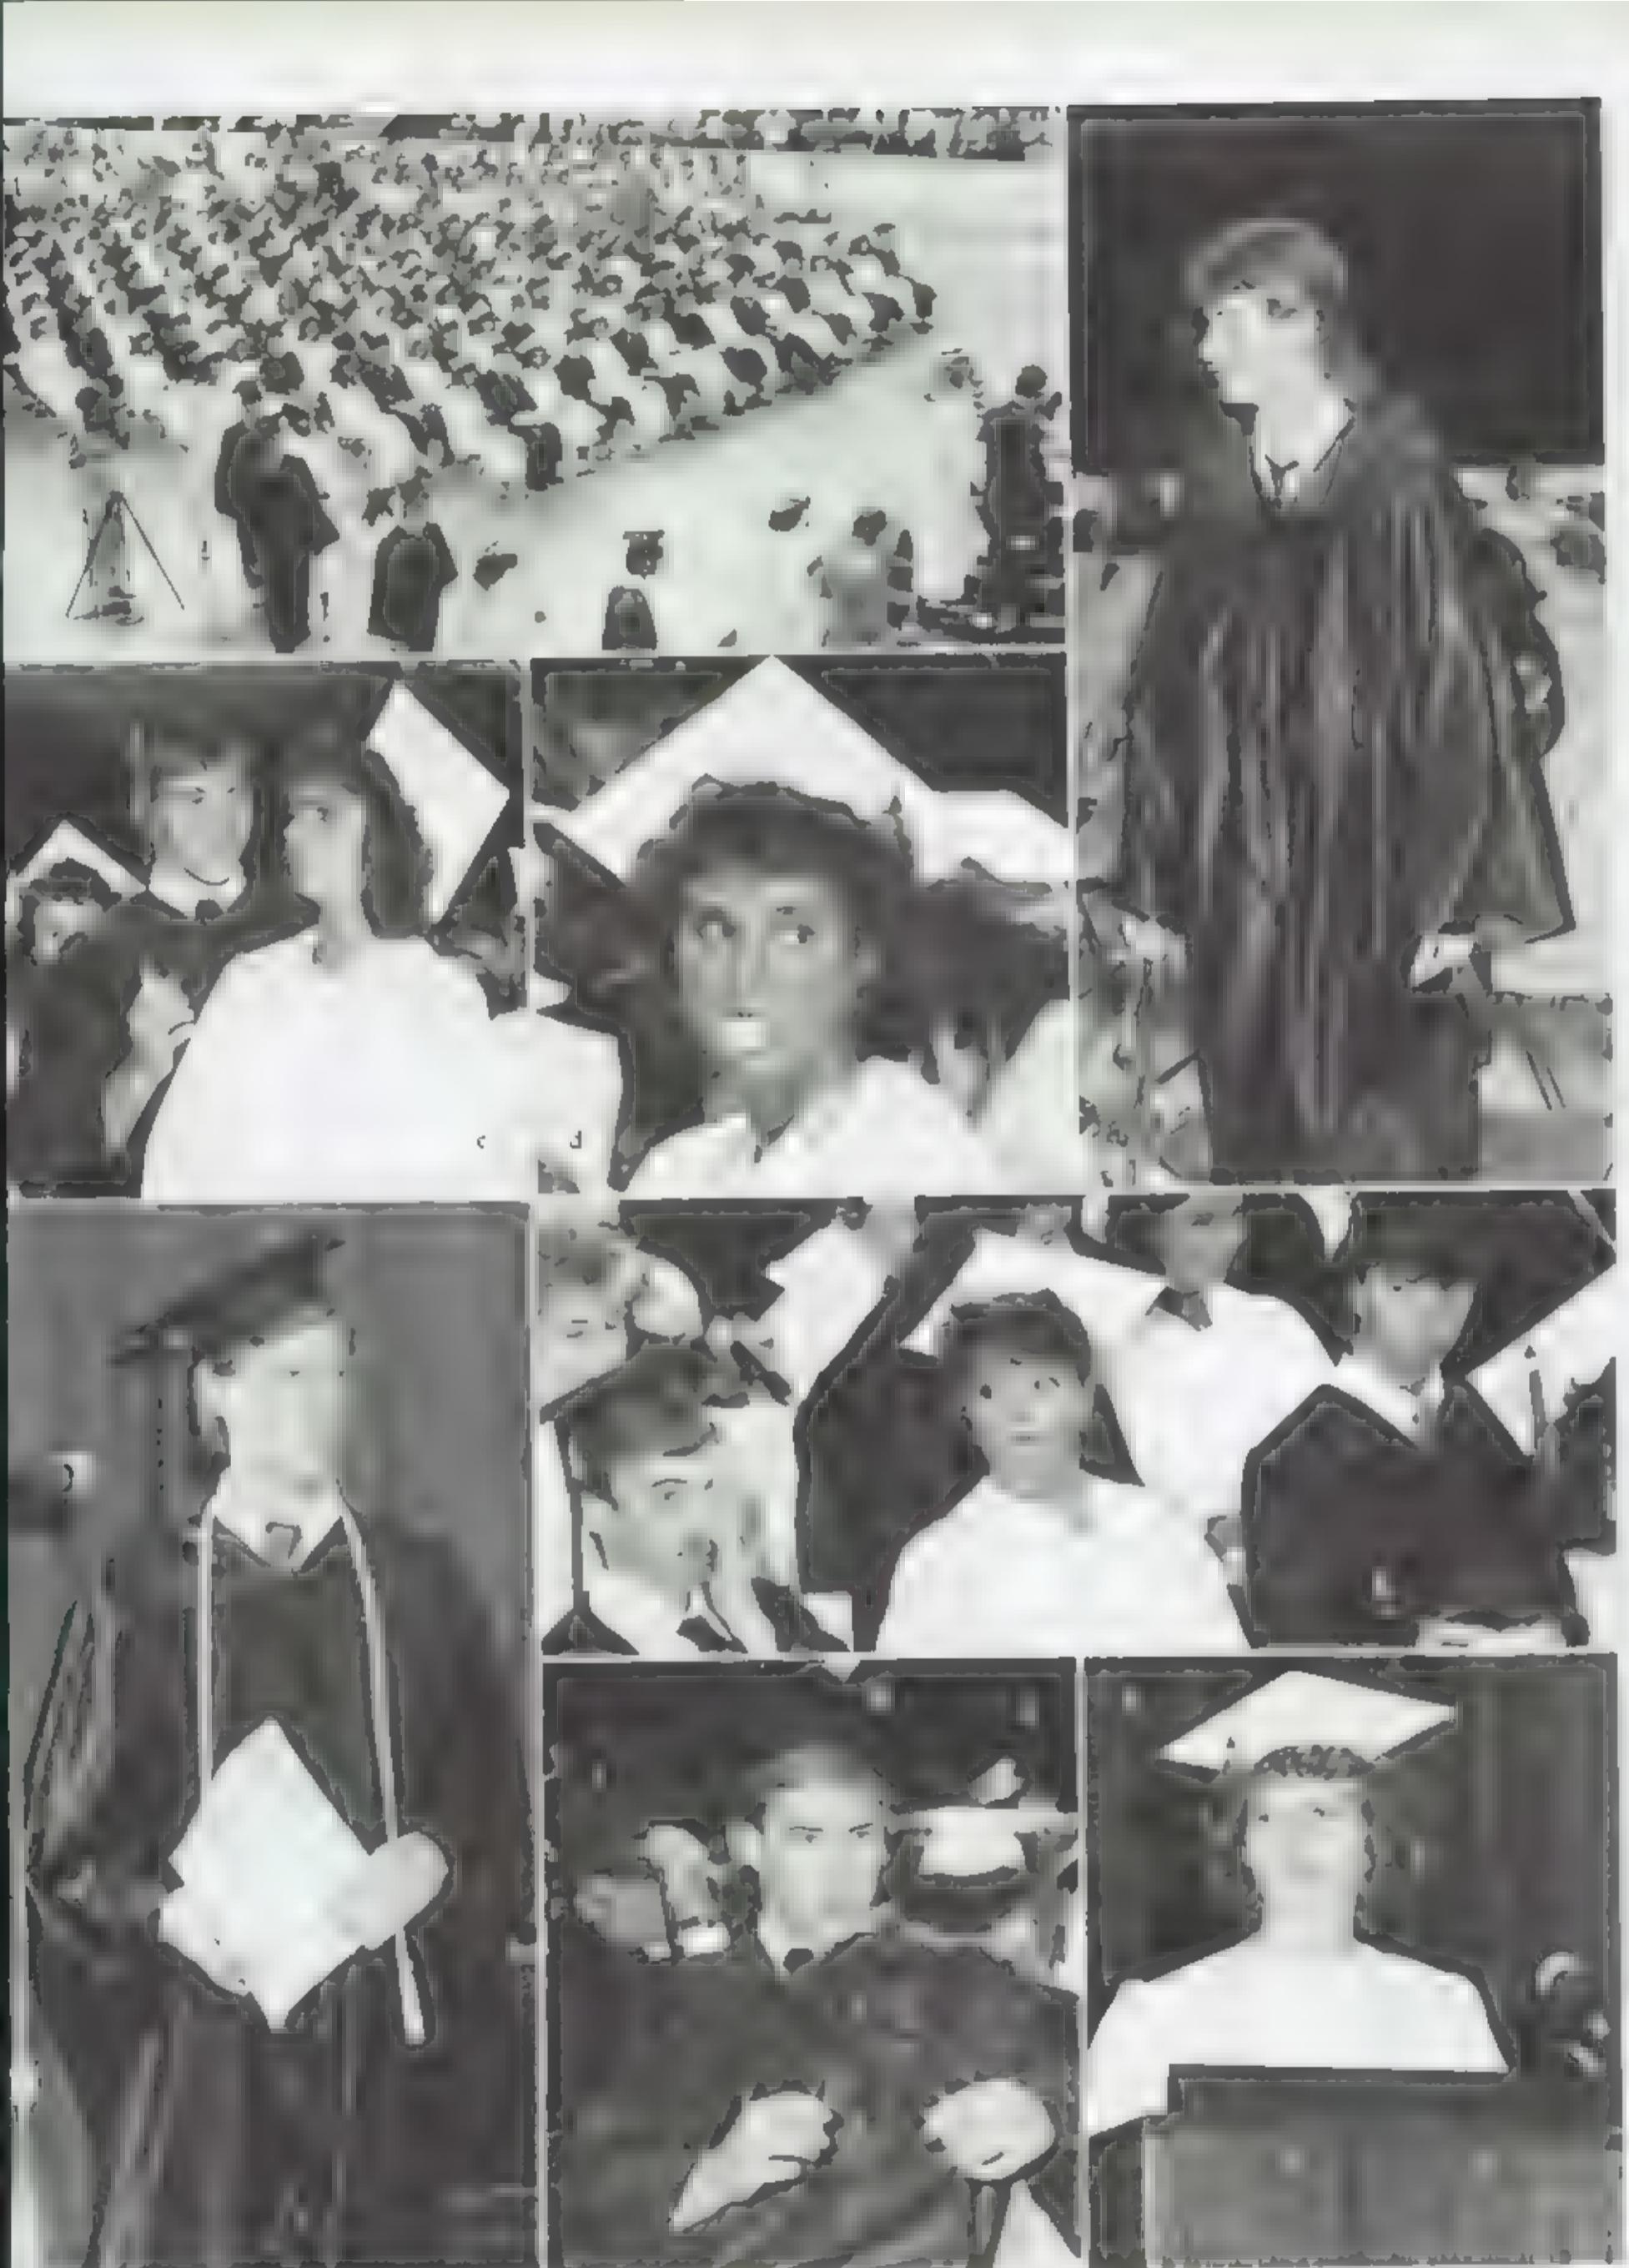

Mr. Deeter and Mr. Hill did their best to reassure us that everything would be okay with the criss-crossing, pomp and circumstances, and the other details. As is always the case, it didn't seem possible that we were graduating.

It was the traditional set up, the young men in black and ladies in white with their dark red roses in hand. Salutatorian Bill Drewry's speech was short and refreshing, and Valedictorian Sharon Davis took us on a memory trip. The two were introduced by class vice-president Amanda Seybold and class president Wendy Brumley respectively. Tim McAdams entertained us, with the musical piece "I Will Never Pass This Way Again." Mr. Deeter and Mr. Pond presented the many awards, including eighteen G. F. and Mamie Kessler Scholarships. Mr. Deeter then presented the class, and Board President Patricia Wampler presented us with our diplomas. We flipped our tassels, tossed our hats and left Hobart Arena with all our hopes and dreams.

THS Evaluated

Every seven years, THS undergoes a two year evaluation. This evaluation is under the supervision of the North Central Association. The purpose of NCA is to adjust the educational program to the students needs

The first phase of NCA is a year-long self-study in all area of curriculum, building, finances, staff, and other areas. There were 24 committees in these areas that made recommendations for improvement

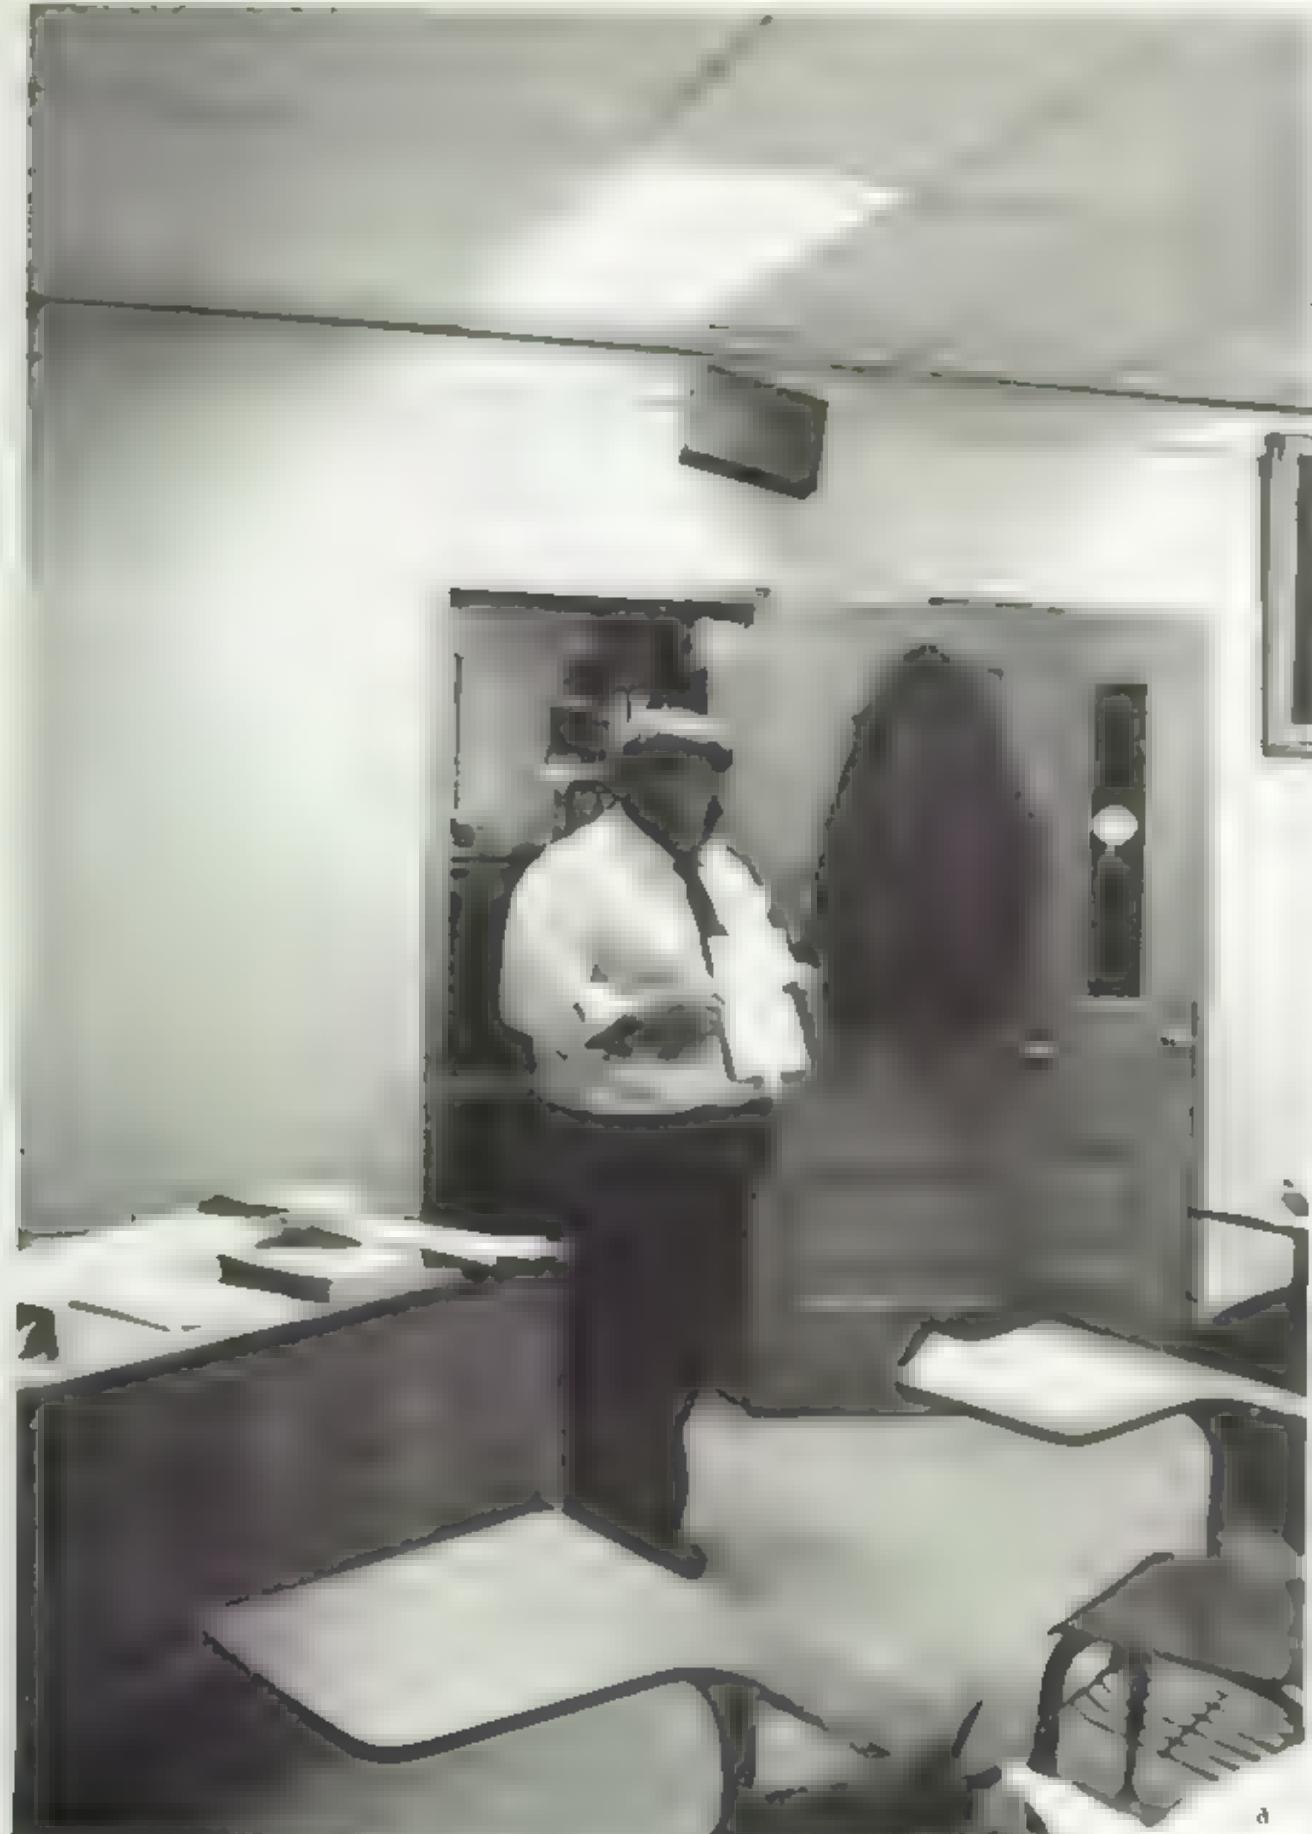

After all the evaluation was complete, the Steering Committee and the Student Senate sponsored an Appreciation Dinner. On the night of the dinner, May 14, over 150 people were in attendance.

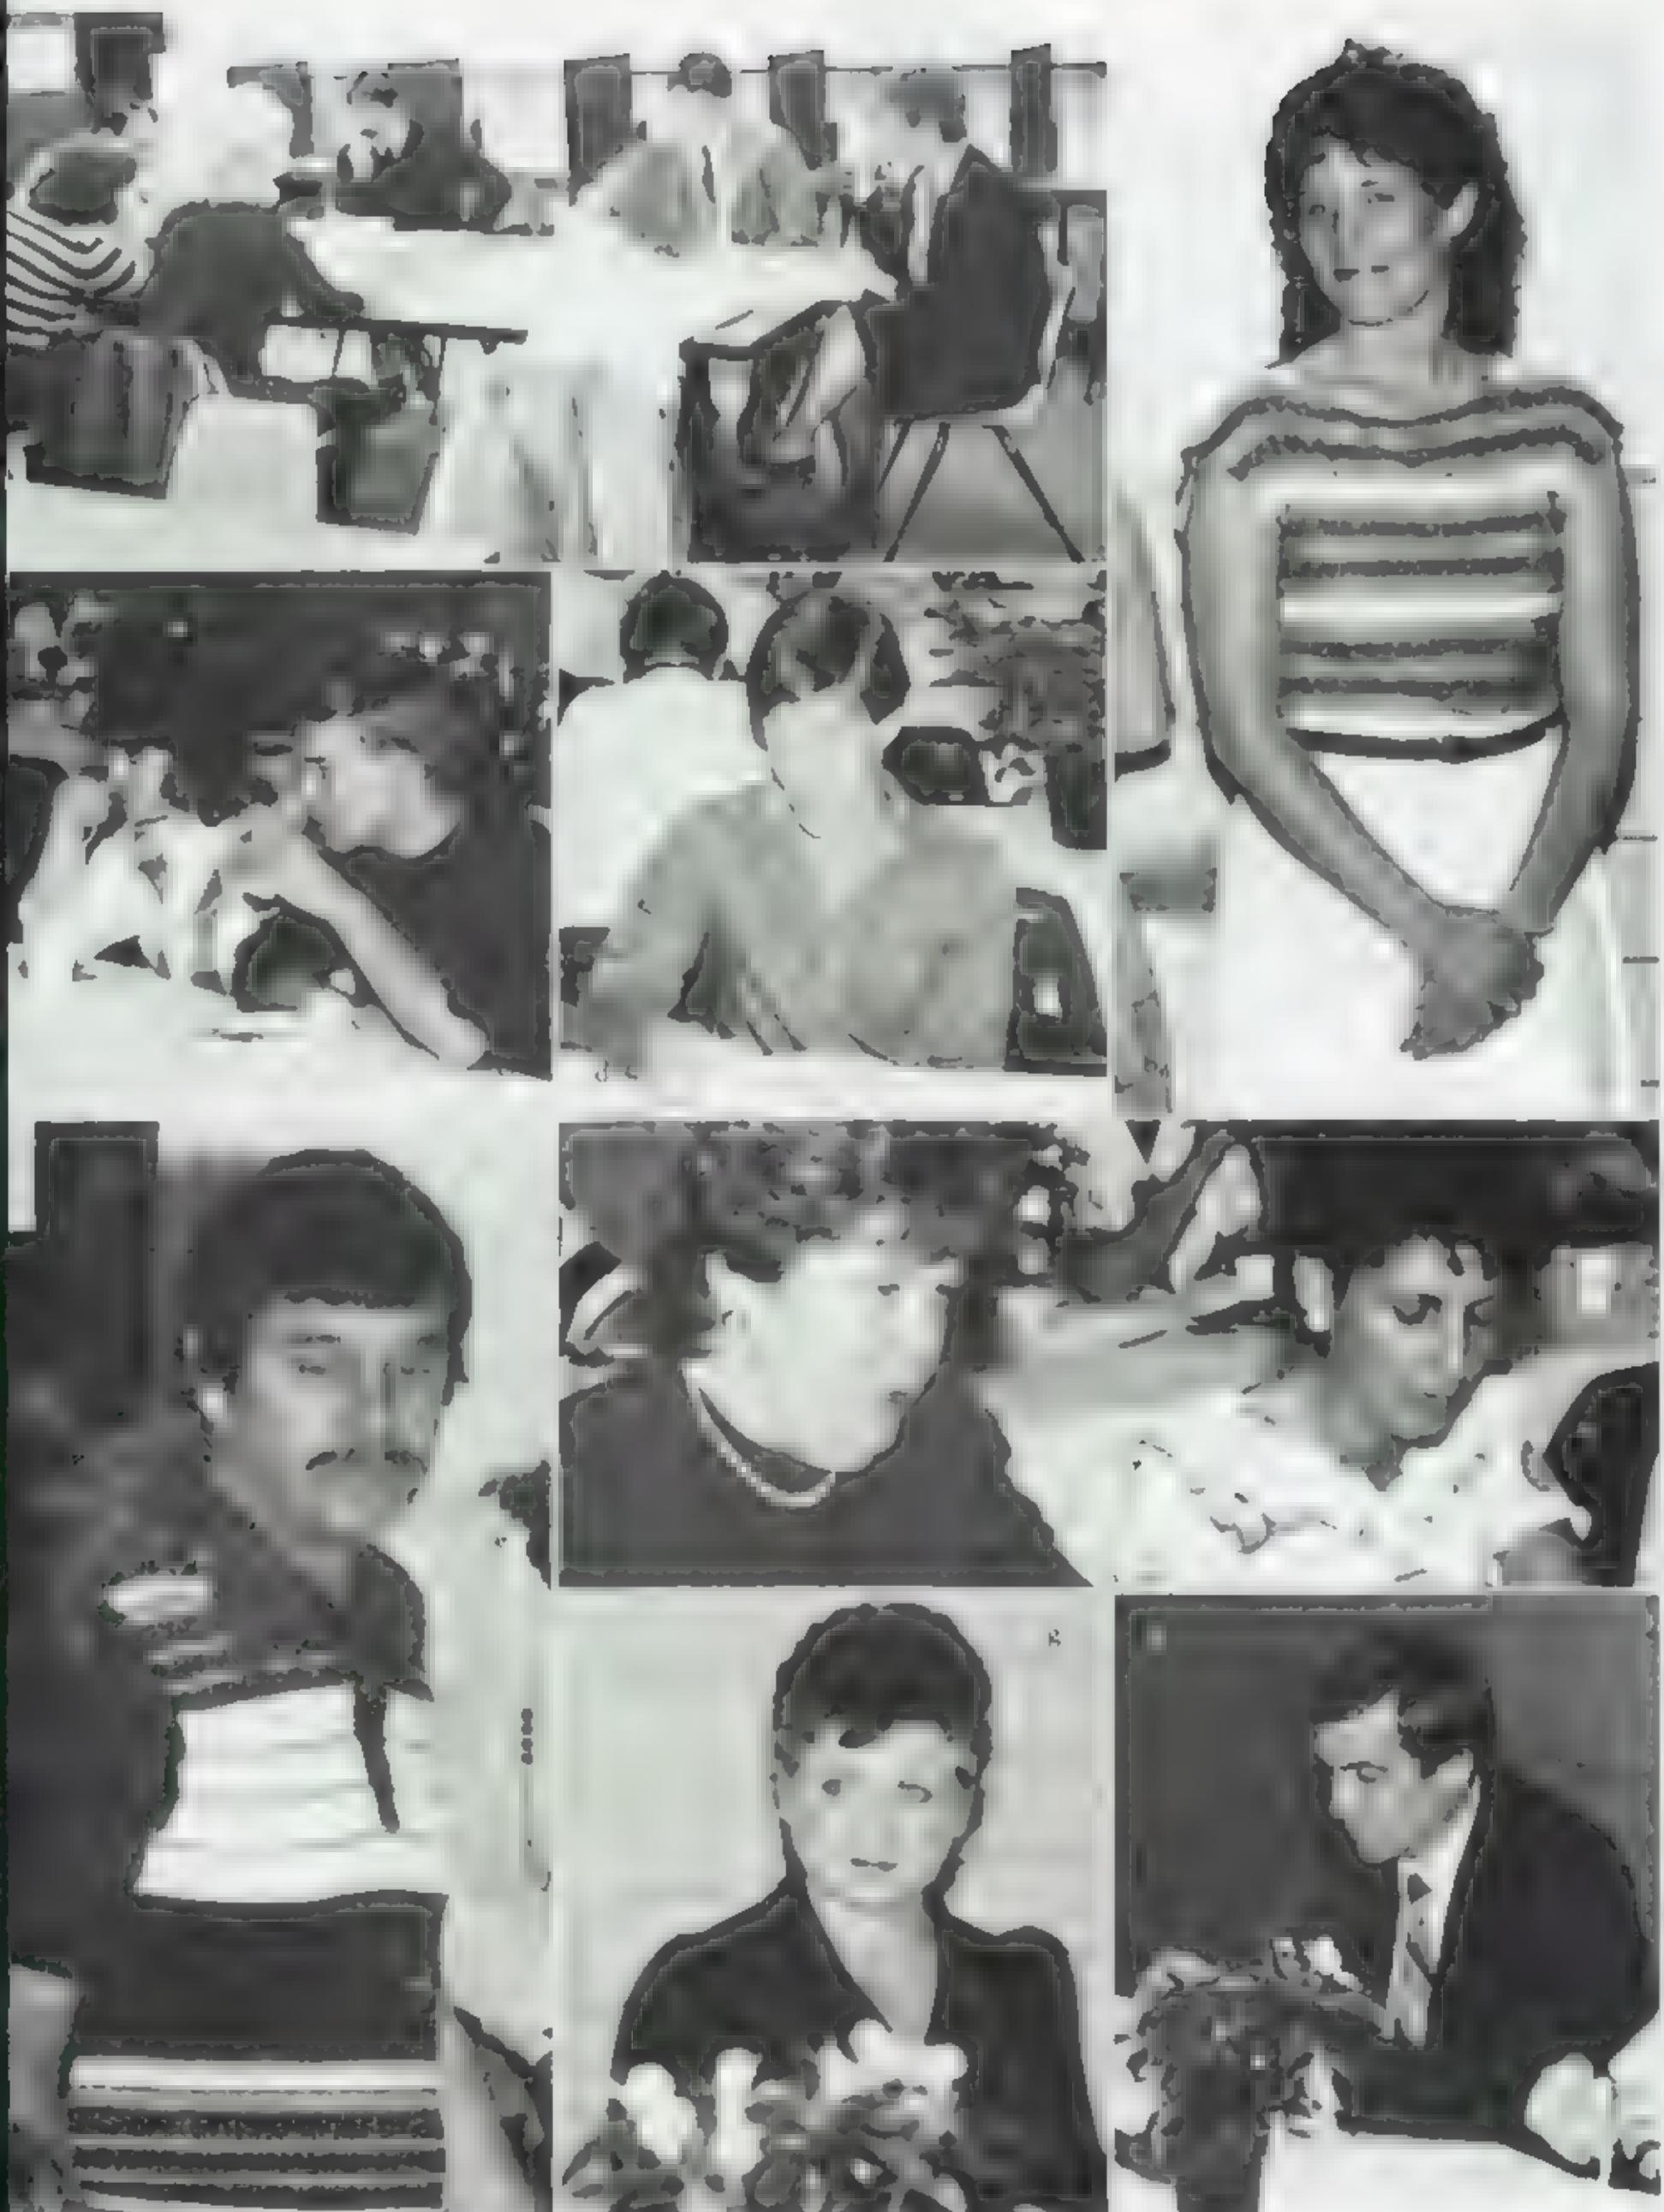

However, the NCA is not finished in it's evaluation. The second phase is an outside evaluation. On November 17, 18, and 19 the high school will be evaluated by teachers and administrators of other NCA schools

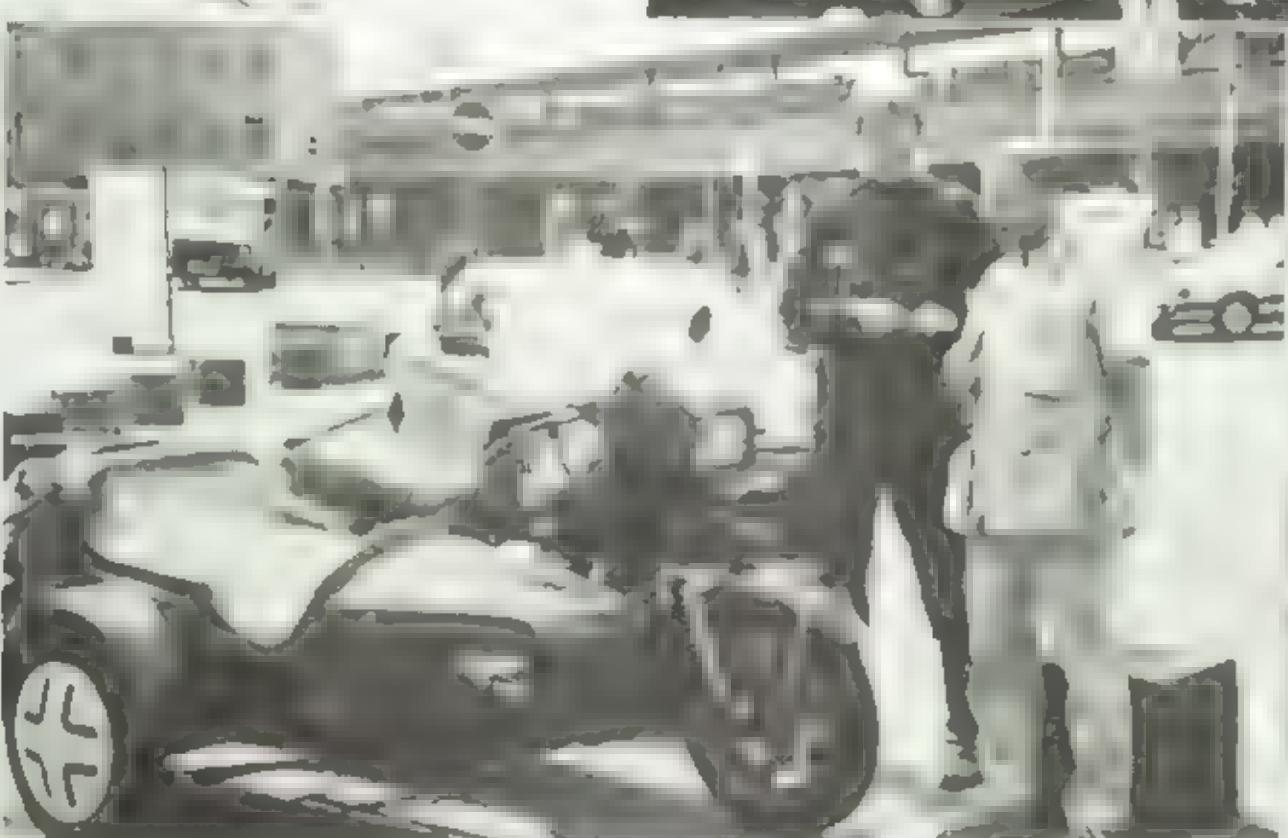

All of the hours of work that have been invested into NCA show students that the teachers at THS care. Not only do they care, they are willing to do something about it

Walt Neubauer takes some time at the dinner to reflect over the work accomplished in the past few months. e. One recommendation made by the Drivers Education Committee Chairman, Stan Weber, was that students be able to drive during the school day. f. English committee members Mrs. Jan Bishop and Mrs. Rose Lipka relax over a good meal and good conversation. g. The lady responsible for the NCA running smoothly was Mrs. Evelyn Alder. h. Relief that the first step is over, but concern for the second step is seen on Mr. Norvan Deeter's face the night of the appreciation dinner

Group Goes to Bavaria

This summer students were given a unique opportunity, the chance to take a sixteen-day trip into the Heart of Bavaria! Organized by Mr. Collins, the trip cost students only \$1,400 for tours and accommodations in five countries.

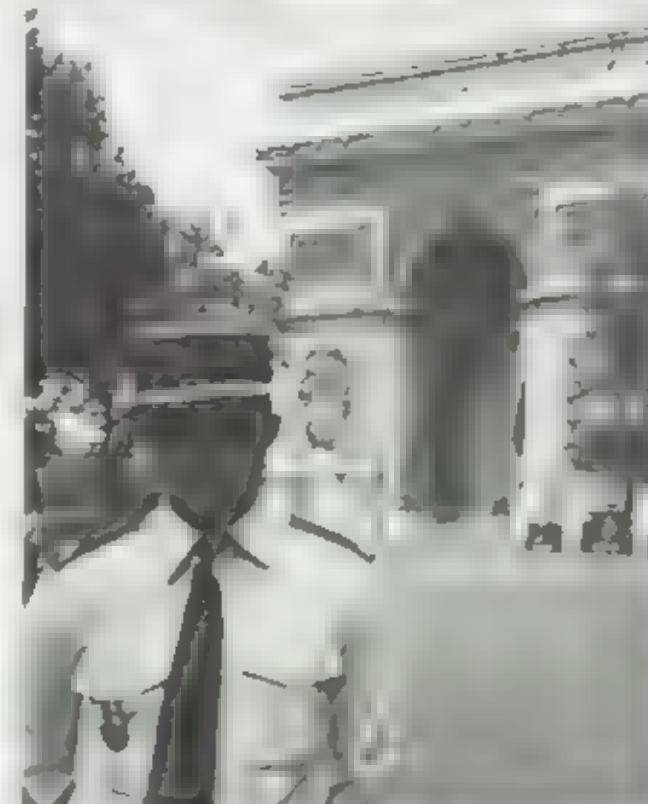

Scheduled between July 1-July 16, the trip was full of activities. Sightseeing included the city of Brussels, Nymphenburg Palace, Glockenspiel, the Louvre Museum, Salzburg, and the Palace of Versailles. Cruises along the Rhine River and the Blue Danube gave travelers a view of the countryside and an insight into the country's history.

One of the biggest treats of the trip was being in Paris, France on Bastille Day. Bastille Day in France is likened to July 4 in the United States. The day is filled with parades and celebration.

The trip to the Bavarian countries was a learning experience for all involved. The next trip is planned for England and Scotland, and it promises to be a great time for all.

Brian Barhorst, Tony Latessa, Dave Sly, Paul Mangles, and Chris Berk all cram into a telephone booth in Vienna, Austria. They wanted to try and get a "group discount" from the phone company. e. The entire group managed to get together for a photo at Heidelberg Castle. f. Everywhere he goes, Mr. Collins manages to find a motorcycle. Mr. Collins and his young German motorcyclist met up in Colon, Germany. g. Board member, Mr. Knobeloch and his wife enjoy the luxuries provided at an outdoor cafe in France.

One sight was this magnificent old castle on the edge of a cliff.

Milestones: Our Friend

It is a terrible thing when any person dies, but when that person is still young and vibrant, and especially when you know them, it hurts badly. The only relieving thing about the death of our classmate John David Schaefer, born July 27th 1969, was that we knew he was and is in God's care. John died while in intensive care after being hit by a car on his bicycle at the crossing of Peters Rd and State Route 571. His sister Kimberly picked out the following poem and it was read at his funeral:

Do not stand at my grave and weep:
I am not there. I do not sleep
I am a thousand winds that blow
I am the diamond glints on snow
I am the sunlight on ripened grain
I am the gentle autumn rain
When you awaken in the morning's hush,
I am the swift uplifting rush
of quiet birds in circled flight,
I am the soft stars that shine at night.
Do not stand at my grave and cry,
I am not there. I did not die

In the News

What do Iran, Bon Jovi, Nicaragua, the Mafia, televangelism, "Platoon," and the New York Mets have in common? They all made the news in the 86-87 school year.

In medicine, AIDS dominated the news, as it was no longer a disease of homosexuals, but everyone from all walks of life. Cures and most treatments were not far off down the road, though we had already heard of the work done in France and AZT at home. Ronald and Nancy told everybody to "Just Say No" to drugs that is, as drugs became an increasingly distressful problem for Americans. Athletes dying from it and corporations testing for it became trite.

In Politics, the Democrats tried to regroup to surpass the Reagan era. Glimmers of hope began to appear in world peace as Reagan and Gorbachev saw light at the end of a long tunnel. Sergeants Longtree and Bracy were two of the many caught in the evergrowing web of spy scandals. Governor Celeste and presidential candidate were both caught. They were involved in sexual affairs, as was televangelist Jim Bakker. Televangelism went down "Unholy Row" after the news broke out, and Tammy Faye, Jerry Falwell, and Jessica Hahn became household names. The big news came from the Iran-Contra fiasco. The facts are still not clear, but essentially, the National Security Council went past Congress and sold arms to Iran and then funded the Nicaraguan rebels with the profits. Adm. John Poindexter, William Casey, James McFarland, and President Reagan passed the re-

sponsibility for the dealings to Lt. Col. Oliver North. "Ollie" ironically became a national hero and "Ollie" for president shirts and bumper stickers soon appeared. In South Africa racial problems increased and decreased but were ever present.

In Law, a New York subway rider and soon to be American hero, Bernard Goetz, shot and killed a mugger and was judged not guilty. The Mafia was attacked by the U.S. Department of Justice. A large group of crime bosses, including John Gotti, and Carmin Persico, met against U.S. attorneys Aniello Dellacroce and Rudolph Giuliani. Terrorism came closer to home and all too common.

In Entertainment, the hit movies were "Platoon," "The Untouchables," and "Dragnet." The last two being remakes and the first a serious look at what Vietnam was really like. We turned on the radio or MTV to listen to Steve Winwood, Peter Gabriel, Whitney Houston, Bon Jovi, Whitesnake, Janet Jackson, and U2. Stephen King, Corazon Aquino, David Bernes, "Platoon," Reagan, and Oliver North. Boxer shorts started replacing shorts as casual wear, and it became popular to have the "Goodwill" look, that is to wear old clothes in a creative, fashionable manner.

In other news, Interstate 75 construction was completed and I-675, twenty-some years in the making, was finally in use. The U.S.S. Stark, an American Frigate, went down under the strain of a wayward missile. Mathias Rust, a West German

aviator, landed his Cessna Skyhawk in Moscow's Red Square. The New York Mets took the underdog approach to acquiring the baseball crown, while their counterparts, the New York Giants, won the Super Bowl. Corporate takeovers became the name of the game in business

It was quite a year. It had its ups and downs, but it was quite special to us, the class of '87.

Time for Success

Success. The word that sums up the 1986-87 school year most accurately is success.

The students at THS proved that the time for success had come. Everyone in every aspect succeeded at one time or another during the school year.

Administrators made THS a better place with the new 300-area. Teachers and students alike worked with the North Central As-

sociation to improve the curriculum.

Success was achieved in academics through the excellent performances of the Math League teams and the teams sent to the Ohio Scholastic Tests of Achievement exams.

ASTRA Music Machine and Octagon succeeded as new organizations by boasting large membership lists. Thespians, Quill and

Scout and the Drama Club skyrocketed under the eye of Mrs. Rose Lipka. The service clubs beautified the school grounds and Interact was formed in the Student Senate.

The sports teams dominated the league and succeeded in keeping the All-Sports trophy at home. Boys' soccer and golf captured league championships. The girls basketball team made the state tournament for the second year in a row, while the boys made it to regionals. The grapplers won the league and sent four to state. The spring brought the girls a league championship in girls softball and girls track with the track team posting an undefeated season.

All of the people at THS made the year a great one. With the achievements made during the year everyone will agree that the 1986-87 school year was the time for success.

Page 224: a. Two chess members go at it intellectually. The chess team offered an alternative to physical sport. b. David Trucks and Ricky Mains pass by the park on their way to perform at a Friday night game. c. Wendy Brumley, Bill Drewry, and Julie Brown listen intently to Principal Doeter on their proudest day, graduation. The highly active threesome provided an abundance of leadership and can expect a bright future ahead of them. d. Sophomores Eric Robinson and Jason Miller amuse the Powderpuff spectators with their half time fun. The Sophomore and Freshman boys poked a little fun at the Devilaires. e. Who would have thought taking stats could be so much fun? Sarah Heil and Terri Hatcher obviously know the proper approach. f. Andy Barthorst has some second thoughts about putting back on his awkward equipment. With Andy behind the plate the reserve baseball squad posted a 10-5 record.
